

## **THE COMING ECONOMIC EARTHQUAKE**

**BY DR. WESLEY A. SWIFT 12-2-61**

**Tonight we are discussing something which is of vital importance to every student of World Affairs. And it surely must be of great and vital interest to every American. Because we are vitally concerned at what is taking place in our nation and what it is that causes a lot of the problems thru which we pass. We know that the powers of evil today which seem to be determined to destroy all that is good thru out the world continually operate on the side of the 'left' and in the field of world Communism. At the same time, those who aid and abet it and seek to finance it are the enemies of Christian civilization. World Communism does not seem to be as far removed from their desire to control capitalism and gain control of the symbols of wealth as a Communist would naturally be according to his profession. The left-wing seems to be most interested in capturing the gold and the silver, and the wealth of the world as they use these symbols of wealth and power. They are not seeking to repudiate it as much as they are seeking to manipulate the wealth of the world, and to gain control over it.**

**There are many things thru out the scriptures, and Jesus said that it is given to you to know the mysteries of the Kingdom of God, to THEM it is NOT given. And when we speak thus, we are speaking of the children of the Kingdom, the people of your race, the Household that HE called. The Lost Sheep of the House of Israel which He referred to, were none other than the sheep of HIS pasture. He was not talking about the Jews, as He said on Solomon's porch---'YE ARE NOT MY SHEEP.' The great purpose of Christ was to bring knowledge and truth back to those who He called His own---by name---and to lead them out and reestablish the great purpose HE had in building HIS Kingdom on righteousness and truth, without fear, without a guilt complex, and without being pushed back. But being led forward by a spirit of victory. So in the consummate works of atonement, one of the things He tried to accomplish and did accomplish by HIS purpose was the lifting of the guilt complex and the transgressions off the back of HIS people. More than that, the coming of the Messiah had a very definite impact upon HIS Household. He commissioned the spiritual center of His Kingdom as His Church. And this new institution was to be the Oracle of God in the midst of the people. And He sent His Apostles very directly, especially to the nations of Western Europe, in order that the people of His Household might be re-gathered and challenged into carrying forward the objective of building a Kingdom which they had been sent into the world millenniums before to accomplish. Thus this being the major purpose of God, we were taught to pray, 'Thy Kingdom come, thy will be done, in earth as it is in heaven.' We expressly remember that the Apostle Paul who was an Apostle unto the Church, and to the nations of God's Kingdom, said, 'The spirit expressly forbade me to go into Asia.' But if he had gone into Asia, he would not have found the people of the Household, nor would the mission on which HE had been sent, this Apostle have been**

accomplished. I think that it is important for us to know that among this Book and in the semantics, is the mystery of this organization of our enemy.

In various subjects, we have discussed at different times the enemies of God's Kingdom. They are also basically the enemies of our race and you cannot separate tonight, your racial self-respect, your racial destiny and the nations of God's Kingdom, which came out of that Adamic race, down thru Seth, and thru the house of Abraham, Isaac, and Jacob, and to this time. I think it becomes an important thing, even tho this is not basically the subject tonight, but it must be added. For is a man is a student of scripture, if a person seeks to discover the facts of the people of the Bible, or the racial history of those whom it discusses in its relationship, you will discover that NO Jews in the world today, are in any way the descendants of Abraham, Isaac, and Jacob. When we talk about the Israel of the Old Testament, we are talking about people who were not Jews. And it is only because of the hand of some Jews in translation, that the word Jew appears in the Old Testament at all. And that is only on a few occasions. Of course we realize that in the book of Esther, that the word Jew is used several times, but the Jews wrote this book of Esther. And the name of God does not appear once in that book of Esther. And it was only by insertion that they thought to gain a foothold among the scriptures, in order that they might justify the 'Feast of Purim' and their murderous design not only for revenge, but the destruction of all of the obstacles in their way and the masterful carrying out of their evil design.

It is quite understandable in their masterful design for the setting of the date in April for the execution of Eichmann. And that is a great thing since they set the great play of making a world debacle over the Eichmann case. And they set the sentencing around Christmas, in order to see how much of the headlines they could capture. While this may seem a part removed from this subject, I want you to know that these Jews are no chosen people of God for the destiny of His Kingdom. For they do not belong to it. They have been behind every basic economical, political or religious conspiracy against your race and against the Kingdom of God thru out all the millenniums that you have lived here. I feel no sympathy for the judgements which come upon them for the crimes that they have committed against the people of the world. They are in no position capable of judging any man, nor could they gather a Jewish court with Jewish judges at any time to judge without prejudice at any time any of their evil conspiracies or their deeds.

I might also add to these remarks that we do not believe that it is Mr. Eichmann. We do not think that it would be him, for men like him and he, himself did not talk Hebrew. Nor was this exactly his stature or his proper height. Unless a lobotomy has been committed upon this man and he is operating under a different concept with a hypnosis position, this could not possibly be the man. We do not doubt for one moment that the Jews have kidnaped Mr. Eichmann and put him to death,

because they had also kidnaped other men before and murdered them thinking they had captured other officers of the German nation. And they did this in other nations for whom the Jews have no respect. I want this to go down---irrespective of the subject tonight---but organized Jewry does not respect any people or nation. The Jews are a bunch of outlaws who have no respect either for teachers, or of proper law. If they had, they would have extradited Mr. Eichmann out of Argentina, if they had any jurisdiction. Israeli's know that they had no jurisdiction in the Eichmann matter, for they were not a nation during the periods of World War II. They did not come into being until their abortive and massacre invasion of Palestine. After their tremendous impact unto the Christians in Palestine, and over the Arabs in Palestine, the 'White papers' over which they killed Count Bernadotte trying to accomplish their being suppressed, but they did to accomplish their objective. In fact, the violent rape and murder which accompanied their entrance into Palestine was unprecedented in all the history of the world. All of the crimes they had accused people of committing against them, they were openly committing. But this is their nature. It is quite evident that all of the evil which moves out of these children starts within their own nature and starts within their imaginations and then is executed by them. But they challenge that everybody else has committed it.

I want you to know that there was another German officer that they are hunting. Borman is his name. And he lived somewhere in South America. He had escaped that encircling loop which had transpired in Europe. And when he came into a doctors office, who had been touch with his people, then they decided this man was the one they wanted to get rid of. So the Jewish doctor, thinking he had Mr. Borman, called the ADL and asked what to do with him. They said kill him and slip him into a plastic bag, and we will sent our officers and bury him. So the doctor used the poison needle and they came and disposed of this man. Then later decided they had the wrong man. And so they did it again. So in this instance, they have twice killed some innocent man. But they did this in another country. And they carried it out with their own OGPU and their own agents. And the San Francisco Chronicle carried a story on the front page about how the Zionists and Jewry have killed a man, but then discovered that he was the wrong man. But there was no comment on it, no criticism, just a common place news item. Just another man assassinated by Jewish doctors just because the Jewish High Command throughout the world said this man should be killed, or anyone else who gets in their way. And they demonstrate their ruthlessness to kill. I think it is time for every Christian American to know that if you ever go to any Jewish doctor, you are a very foolish person. And if you are a patriot, you may get the needle too. That is one thing to be avoided and the best way is not to go to a Jewish doctor.

In fact, I think it is time for Christian Americans and Christians everywhere to realize that this is a battle for Christian survival. That all of the hoards of world Communism and all the conspiracy against our society is directed by this evil who are Satan's own offspring. And which the scripture so carefully warned us against. You should never, under any circumstances vote for any Jew for any office in these

**United States. You should not purchase any product that you have to have from any individual who is a Jew in these United States. You should make a closed circle, and vote Christian, buy Christian, and see that no one is employed by you who is not a Christian. If they do not like that policy, let them go to Israeli to employ themselves.**

**We have reached a point where these things become more and more sinister. I want to say that the evidence which was brought into the Eichmann trial was as everyone knows was fraudulent and not correct. The claim of six million Jews was totally impossible since more than the number evacuated Europe and came to the Western World during that period of time. Many of them came as refugees. And in different ways, managed by the Roosevelt family. And a great number of them are here beyond all numbers of visas and other methods. The fact remains that there were only 600,000 Jews who were in Germany at the beginning or before the start of World War II. And surely there was no more after it started. And by no stretch of the imagination then that they could have been murdered or put to death in the gas chambers. The facts brought out by General Patton and others of the military who occupied Germany, proved this. And most of those in camps or prisons belonged there because they were Soviet agents or criminals, or those who had committed treason against the State. I think it is time that we in these United States put in prison every member of our society who has committed treason against these United States, our world and our Christian civilization, by doing spy work for the Soviet Union. For giving away atomic secrets and nuclear secrets, or those who seek to betray us by all of the strange strategy, so that they could surrender this great nation into the hands of the Reds without resistance. I think if today, we locked up all the Red Agents who were threatening the security of our nation, we would leave the President almost without a cabinet.**

**In fact, none who knew Colonel Eichmann believe that this man they kidnaped, is Col. Eichmann. It has been long known that if this had been Col. Eichmann, he would not have been groveling like a whipped pup. He would have turned and said Hiel Hitler and have let ride at that. There is no doubt that Eichmann believed that Hitler was breaking the power of the Jews over Germany. It was a part of the preservation of their nation. So how did they go about doing this? They moved the power of finance out of the German State. This was viewed as a great crime against Jewry. This is how Jews were put to death, by taking away their power by which they lived as parasites on the economy of the nation. And I am going to tell you that one of the things you are going to hear from your part of the world how they were burned in your ovens. Because when you take back these United States and establish a United States Bank in these United States, that they do not control, then you will find that there will be a great exodus out of this nation. And America will lose the curse of the anti-Christ and you can breath fresh air of a new day.**

**Every once in a while I find some timid soul that says, 'Dr. Swift, the church is not supposed to discuss these things.' My friends, I want you to know that this Book which is filled with prophecy and the position of Jesus the Christ, is the Oracle of**

**the church. I want you to know that this position that you hold is the right one. And you have a right to maintain it. And if there is any one thing that Christ maintained from the beginning thru the book of Revelation, it is that at no time was this keeping Jewry out of control of the Kingdom, and pointing His finger at it, and waking up the people concerning this, ever eased. We have mentioned this before and we mention this again the when Jesus was going thru this experience of Jewry trying to liquidate Him and crucify Him, and when the disciples would have drawn their swords---for if need be---He could bring in a legion of Angels. There were other things added to the discussion of course, concerning as to all the facts that happened between Christ and His disciples. Even as HE stood before the steps of the temple on Palm Sunday, when the people wanted to crown HIM King, but Jesus refused the crown and took the Chalice, the symbol of the sacrifice. And HE said, 'THE DAY WILL COME WHEN MY SERVANTS WILL FIGHT AND THE KINGDOM WILL NOT BE given to the Jews.'**

**When Jesus talked to Pontius Pilate, the governor of Jerusalem, there was no hostility between Christ and Pilate. For Pilate was a man of your race, a Basque born in Spain, the husband of Caesar's daughter, and had been educated in the universities of Britain. Strangely enough, he belonged to the Masons which was one of the great mystery schools of your race. He knew the pass words and he knew the symbols. And as he discussed some of the most important things with Jesus during His trial, then Jesus told him, 'You do not have any power over ME except I give it unto you.' But he did not know what to do with Christ when His enemies wanted to see Him crucified. And he did not want a miscarriage of justice. And he did not want to involve Rome in this Jewish designed revenge. The Jesus said, 'You just do as it is written.' Jesus said, 'It is written that I am going to be crucified, but I want you to know that the day is going to come when My servants are going to fight and My Kingdom is not going to be given to the Jews.'**

**Now, we have arrived at a climactic period in Bible prophecy. The Jews in their conspiracy have been moving against the Kingdom of God and against Christian civilization since the very days of the beginning of the Church. They have been previously engaged in the manipulation of nations, peoples, and powers. And have been against your race all through history. In ancient Babylon, they dominated and controlled Babylon while two tribes of your race, the German people and the Normans---Judah and Benjamin, were in bondage. The fact is that their manipulation of the economy stretched out all over the world. And every pagan religion on the face of the earth, whether from ancient India or the upper Steppes of Asia, or whether it be in the witch doctors tents or the jungle huts of Africa, the Luciferian household, or the descendants of Lucifer which Christ so quickly identified with the Jews of Jerusalem and the Cainanite line as well---all have been managed and directed and started by these evil forces. There are more Asiatic Jews in the pagan temples of Asia than there are of the constituents of the temples of the**

**Asiatics without Jewish blood. This blood has not come out of the house of Judah from which this Asiatic field creates their symbol.**

**The ancient Empires of China have in their discussions of the great wealth that existed in their land, coincided with the temples of various religions, even of the earliest religions of the Ashon Dragon temples. The priests of the temples claimed that the Dragon power gave them a right to coin and handle the money of the realm and the Empires of ancient China were to recognize the Dragon Throne and would receive a rightful share of all the Dragon money. So the Jews made a deal with the ancient Emperor that he would get a cut of everything they had, but they had a right to all of the manipulated control of all the economy, inside of ancient China and they only permitted monetary Empires of ruling Mandarins and various of the ruling warlords of ancient China throughout all of its history to hold this plan as long as they were under the dominion of their thumb.**

**We can then understand what Baron Rothchild said, 'Give me the power to coin the money of any land and we do not care who makes its laws.' This is also true of the background of ancient India and its Kali temples of which virtually all of the priesthood is composed of ancient Jews of the type and group which had settled in India in the past. Oh, all the pagan religions of the world are woven in to a symbol which is quite interesting. It is the Fig Leaf. Every pagan temple in the world has fig leaves woven into the frieze around the top of the temples. The pagan temples with their grotesque pictures, and their strange and evil caricatures that we find in India, together with the temples in Tibet and the companies of Red Buddhism,---all of them, have that temple frieze of the fig leaf. And you can go out here on Beverly and to any of the Synagogues of the city, and you see that fig leaf woven into any ornamentation on anything that they hold. This is one of the reasons why the scriptures still teach identification and why Christ referred to them as the fig tree. And He cursed that fig tree and said it would never bear any eatable fruit. They knew that He was talking about. And when the temple priests at that time heard the Christ, sought how they might kill HIM when they saw the cursed fig tree dry up and knew it was a symbol of their own power. And the scripture says that they plotted how they might put HIM to death, because they knew that this miracle and this parable was spoken against them.**

**I want you then to notice that Christ identified them with all of the evil, socially and politically that existed among the race of which you are a part. The book of Revelation contains and is the revelation as God gave it to John to give to the Church. People claim that it is the right of the Church to declare what is in the book of Revelation. And under the same pattern of inspiration, to discuss its impact upon men and nations and society. And the semantics of the mystery from the days of Babylon to your time, are the evil powers which is the enemy of your civilization---called Babylon.**

**Now, we well know that ancient city of Babylon was swept out of power when the ancient Medo-Persians invaded it. And even later after the rise of Alexander the**

Great, then Medo-Persia had dwindled in the picture and again Babylon was invaded, and what was left of it taken by Alexander the Great. And the powers of Jewry tried to do business with Alexander the Great. And in those days they left the citadels which they still had there and they went to the Isle of Pergamos. And according to the book of Revelation, the Isle of Pergamos was where organized Jewry had its headquarters at the time of the ministry of Christ, even tho they ruled with influence in the Temple of Jerusalem. And they also had economic power over the Roman Empire whom they controlled with their manipulation of its gold. You can get the history of the Roman Empire by Gibbons. And you will discover how the manipulation of this gold and the putting forward of the same policies of Socialism which Karl Marx later put in a book, was applied ages before upon the Roman Empire. These are the works of these people who today have brought the whole Communist Revolution into existence and are seeking to cripple or destroy Western Civilization by manipulation of the power of their purse and by the use of this political weapon of World Communism. In fact, we can establish this very clearly for you, because when Jesus established the connection of these people, whom HE called the Yehudin (Jews) of Jerusalem, who HE said had no part nor lot in His ministry, were not a part of HIS Kingdom, and were not a part of the House of Israel, and exposed them in the book of John. There is not one who can read the book of John and read it fairly, verse by verse, and not see clearly that these people were not the Israel of the Bible. And this Israeli down in Palestine has nothing to do with the background of Abraham and his covenant. This is strictly a world con-game which they are seeking to put over on Christians everywhere, to get people to support the very program of the downfall of their society.

I want to say in the midst of this that MYSTERY BABYLON is the city of the mystery of evil. It is the city which Christ identifies with these evil one. And when HE in Matthew, tells us that organized Jewry is guilty of all the blood of the righteous ones slain upon the earth---Jesus points this out. He said, 'You say you would not have killed the prophets, but when you said that you would not do what your fathers did, then you have just proved that you are the children of the prophets killers, and you are going to measure right up to the stature of your father, and be just like they were.

Now, Jesus was not talking out of ignorance. For this was the very embodied God. And HE recognized these people and the kingdom which they came from. And HE spoke with a knowledge it would be well to give heed to. And we must keep this constantly in the background of our thinking if we are to carry out the objectives of His Kingdom. And I am sure that I may tell you that you are going to carry them out. For we are not on the last days of these United States, as the destroyers seem to think. We are on the edge of the days when these United States are going to get a great new spiritual life and God will light the altars of freedom with flame and with fire which will never go out. When that light is lighting this land, then that enemy which is doing this will leave America. And it will be a great day for our society. So Jesus points this out and HE refers to this evil power as Mystery Babylon.

**There are three things about Mystery Babylon. And we find that Mystery Babylon's great weapon is Economics. So this economic Babylon is one of the phases of Mystery Babylon. And this is control over economics and money. No wonder the scripture says that the love of money was the root of all evil. Therefore when money is made a commodity rather than a medium to move goods, it then becomes the very secret of how the enemy produces this evil. And by the manipulation of our economy and the unjust debts of weights and measures, and the creating of a policy which the scripture refers to as usury, then unprecedented taxation leveled upon the use of money by their strategy coupled together by what they call interest.**

**Someone said, 'Don't you think we should have interest?' Well, it depends upon how you can approve it. This also depends on if the interest is actually on what has been created by the money being put to work or whether it happens to have been distorted out of some ones misfortune and applied with tremendous amount of increase being made upon the very use of the money itself, for no other reason than for money's sake. There is no doubt that the amount of evil in the world tonight, is this artificial scarcity of money by the enemies of your Kingdom who throw the world into misery and depression at their will. There is no possibility of a depression in these nations like the United States, with its tremendous mineral wealth and its great capacities, its great technological abilities, and its tremendous labor market. With this initiative, with this intelligence, with this vision, with all of the technology of our laboratories, with all the materials of our earth, and with the demand of our citizenry, a nation like this can never have a depression unless it is falsely created by the money masters of Mystery Babylon.**

**Now, we may have been taken by surprise by the last depression. But I am going to tell you that you are never going to be taken by surprise by another. The next depression (and they do intend to bring it upon these United States) is not going to be accepted by the American people, because they are going to know who did it from the least to the greatest. And the best place for an enemy of the United States when the people wake up is outside this nation. Jesus called it Mystery Babylon. It has three phases---economics, political, and religious. Babylon's political phase was to harness masses of people throughout the world thru its military power while it puts over its type of political concept that takes away control of anything a man has earned as property from it. Then puts it in the hands of a super bureaucracy which controls and harnesses all goods and reduces all men to a position of slavery. They have attempted to accomplish this under a dozen different names. The use of the word Communism and the creation of the Soviet Union is just another apex of this goal and the Bible has discussed it.**

**The third and one of the most deadly phases of Babylon is Religious Babylon. This is built upon the establishment of all false concepts of religion and the utter**

repudiation of the true monotheism of the one and only true and living YAHWEH, revealed as YAHSHUA or JESUS THE CHRIST. Their warfare against this concept of God and their design to mongrelize all religions and to reduce all people into a mongrelized society, one in which the social impact of their religious evil will be brought out. Mystery Babylon the Great has sowed almost all of the error into the Christian religion that has been sowed. And this was by their penetration and their moving in on the blind side. And this we can say effected the church of Rome unto the abbeys of England. Thus the enemy moves in and suddenly wants to become one with others and bestows his wealth upon these institutions and then becomes a communicant and a convert. And before long, is moving into a job as Bishop or an abiding presence in the church which he secured by the power of his purse. And in many instances the church has been naive enough to believe that this is a spiritual desire, and they let the Serpents---those whom Christ identified as the Serpent race---come in to condemn its doctrine and change the truths of its Faith and to bring in whole fallacies inside the structure of the church. Their design being to destroy that church thru an economic design as well as a political design, by seeking to negate the power of the church and use it to accomplish their evil objective.

I have whole shelves of books in my library which are written by Jewish publication societies, by institutions and organizations all over of their own. They were not written for our consumption. They were written for their consumption. They tell us about the heroes of their race and they tell us how they almost virtually ruined the power of the Christian Faith by mixing the concept of mixing the concepts and their idea of the words put into it. They boast of their invasion into your society. I do not believe that now or ever---a Jew should be admitted into any Christian church at any time.

Someone said, 'But, Dr. Swift, that it not Christian.' But I think it is. For the Apostle Paul said that they are against God and contrary to all men. And if you take someone who is against God and contrary to all men into the church, you are silly. Jesus said that I have chosen you twelve, but one of you is a devil. And HE was talking about Judas of Iscariot who was one of the disciples. And Jesus only let him be there to finish the work which was for him to do which was his betrayal. And Jesus identified him as a devil and never classified him as a disciple. And after Jesus identified him as a devil, then he could not walk in Judea---had to walk in Galilee for they sought to kill HIM. Having managed to identify the OGPU of that time He had to walk in Galilee, because they sought to kill HIM. That is the open record from the book of John, the opening of the 7th chapter and the last verse of the 6th chapter. The fact is that theses are truths which are very vital to your society. That is one of the reasons why when we turn over here to the book of Revelation, to this mysterious operation of the World Order of Babylon as in opposition to God's Kingdom and nations that God has unveiled in the 18th chapter of the book of Revelation that this Mystery Babylon has control over every labor union we have in these United States. He said that the control was over all Union organizations and over all crafts and over all workers was in the hands of Mystery

**Babylon who behind the scenes, had used the lust for power and the forces they had gained which they wished to control for their domination of men. And God said that they had gained tremendous power all over the world in these climactic days. But one of these days they will not have anymore power. And a man will not have to pay tribute to some Labor pirate for the right to work.**

**You may say, 'I believe in the gains of organized labor.' Well, I believe in the gains of righteousness and justice and due recompense for a man's work. But I want you to know that organized labor has been led into deeper and deeper designs by those who are behind this so that it will not only give them gain, but that was the objective of those who organized them. And the objective was to gain complete control over American economy and we have passed the gain side and are going on the loss side now. And we are going very fast. Actually, you do not count a labor gain just as an increase in pay. For Mystery Babylon has controlled the great taxation systems of the world. They have been behind almost all of the tax programs here and in other nations. And that is one of the things you want deliverance from----excessive taxation. But today these rascals have produced the design and fixed the process of taxation. And we have reached the point today so that every time labor raises the wages, the taxes take more and labor actually loses money. For the tax bite is too high and the cost of goods goes up. Thus as wages go up, taxes go up, the costs of goods goes up and the result is a loss.**

**There are some strange things here as God talks about Mystery Babylon as to how they have tried to tie and sell the souls of men. They have been behind all the brothels, all the vicious dope rings, and all of the crime rings of the nation. And I want you to know tonight, that organized Jewry controls the dope racket. They control organized crime. We have had the Mickey Cohens and Arnold Rothsteins and the Jewish Italian Al Capone who came out of the same Sicilian background.**

**We could name gangsters across America today and organized crime leaders who met in New York State last year to decide on how they would carry out their activities. And this was organized and controlled by Sicilian Jews who have been running the crime elements throughout the world. Let me tell you that when you get into the pattern of the book of Revelation, you will discover that evil, crime and such activity, and the building of a World Order for anti-Christ to rule the world is the work of these people. You say, 'How do we know?' Well, in the book of Matthew, Jesus told us who was and who would not be responsible for these things. That behind the blood and death of the children of the Kingdom, in all of their world of conspiracy were these people. And now in the book of Revelation, He brings out these facts. In chapter 18, He tells us then, that this Mystery Babylon dwells in your nation. They are great merchants and supposedly great men in the earth. And by their sorcery, they have all of the nations deceived. And thru these United Nations now all nations have been deceived. And in this Mystery Babylon**

with its strange international group of merchants in her, is found the blood of the prophets and the Saints who are the believing offspring of God, and of all who have been slain upon the earth.

Now hear this. If you go out and say I am extreme, then say that I am rightly extreme on the basis of what the Bible has to say.

Now, you may disagree with this book, but you are going to find that it is more right than anything which you get out of the State Department. It says here that in this Mystery Babylon and this group of International merchants, which have deceived all the nations and ran these things, in her is all of the blood of all the Prophets and all of the believing offspring of God who have been slain in all of the wars and all of the conspiracies on the face of the earth.

Now, when you have something as clear as that, still some people say, 'I can never find out what the Bible is talking about.' Well, you better get the Key then. They better find out who is who in the bible. It is more important for you to find out this--who is who---if you are going to carry out this objective of God and work in the Kingdom, than, my friends, for you to learn today many of the things which they think is important for you to know so that you are acceptable to the standard of the world level.

A young man said to me, 'I am convinced that these are great truths, but when you try to tell them to people, they say that you are anti-social.' Well then, who established this standard of what is right and what is wrong and this standard for society and who creates the studies for humanities today? I tell you this is the power of the World Order which has come thru Mystery Babylon.

Now, this greatness of our nation had come thru the vision which God had developed in those men of your race unto who HE gave vision and drive. Your great scientists, your inventors, your technological achievements are all a by-product of what God has stimulated in you. And this is the blessing of a people who recognize that the LORD is God. And recognize that in body manifestation, He was Jesus the Christ. He has promised that HE will give blessings and He has made 'have' nations and 'have not' nations. And you are a 'have' nation tonight. Your enemy wants to destroy all of that. It is more important for you to build a strong America and for you to build a Christian America and for you to have happiness and power to carry out the will of God in the earth, than to have all of the pagans and all of the 'hottentots' and all of the Uthants, and Nehrus to claim that you are a great people. Can you find any good anyhow in having Mr. Nehru saying that you are great? Do you see any particular advantage in pleasing Mr. Khrushchev?

By the way, I have some good news for you. Remember how ere told you last year that this would be a fateful year for removing people? I have an article here from France out of a newspaper for yesterday. And it is quoting an article from Russia. And this is what it says. 'Mr. Khrushchev in making his speech, stopped several

times last Saturday. He was at a loss to pick up his thoughts and he was trembling and he had difficulty in finishing his sentences. In fact, he could not even pronounce some of the words and his tongue seemed to be quite thick. The story cited that before the end of his speech to the World Soviet Trade Union, that Khrushchev was covered with perspiration and was completely exhausted. When questioned about this, the doctors of the Soviet Union said that Mr. Khrushchev had just suffered a slight stroke. Someone said, 'Well is that a good thing.' Well, if all of the leaders of Mystery Babylon would suffer strokes, that would be good. You know there are a lot of men in the high court in this land. And if they would suffer strokes one after another, you might not find so many people wanting that job.

I am going to tell you this. We told you this at the beginning of the year that there would be some important people whom God would snap out of the world and Khrushchev would be a good one. Another one of those people who needed to be taken out of the way was Dag Hammarskjold. Now this may startle some of you, but let me tell you about Dag Hammarskjold. He was the Soviet man in the United Nations to act as a bell ringer to take us all down the road to betrayal. Any silly person who wants to contribute to his monument is very foolish, I can assure you. In fact, I am going to show you how close you were when you were saved. Remember last September, I believe it was the 17th. And I believe it was a Sunday night. We informed you that night that every intelligent Christian should go home and wire the Senate and the House not to pass a certain measure before both the Senate and the House if you as intelligent Christians wanted to save your country. That measure called for an organization of a peace organization or a Peace Commission which was to have absolute power over your armament. It was not up to you or the Congress, or the President of the United States. But it had the authority to set up a commission to march under and in control of the United Nations and continually be working in alliance with the Soviet Union. And its army which had the power to close up every one of your military factories and it also had the power to disarm every private citizen of his own weapons, or anything he might have guaranteed to him under the Constitution. It had the power, but not rightly so. But that was what this 'Bill' was going to do. It had power to confiscate your money, tap your treasury, take over all foundations and funds and spend all this money on carrying out its objectives.

Do you know who was the fathering influence and who was driving this and pressuring for its passage? It was Dag Hammarskjold. That night, in this dictatorship of the anti-Christ, the man who was manipulating many of the Socialistic and Red programs was out of the world monetary fund, where you are the major investor. He went down to intimidate Shamba in the Congo and you can thank God that another one of Mystery Babylon----a tool in their hands---has died. I tell you that instantly, all the pressure was off for this Disarmament Bill which had the power to destroy you. And when the thing was over with, and without the

power of Dag Hammarskjold, the thing folded up. Then there was introduced a different type of proposition and this one would not recognize the authority of the United Nations to have sovereignty over us as it related to disarmament. And at no time did it create the kind of authority which would try to by-pass the Congress of the United States. They may try to do it again when Congress convenes. It was defeated---this right of you to be free, and to have your own weapons and your own military. And this ended and quickly, with the death of Dag Hammarskjold.

This is only one of those situations, for it was under design and that design came to our attention. And they are not going to be able to push it as fast as they thought they could. The world economic design of Mystery Babylon was to level attack every citizen and every member of the United Nations by a direct attack which thru their bureaus of revenue, they could collect or thru the United Nations in which they were going to levy a ten percent tax on every citizen of every nation in the world. This would be a direct levy upon your income and you would not be able to buy or sell or do any business in America if you had not paid that tax for that given month. This is exactly what the scripture warned you about with that system of the Beast where you could not buy or sell. This was designed to control the world's goods and manipulate its economy.

That is their strategy and that is their design. And you would not be able to eat or buy or sell except you had paid your contribution to this Babylonian World Order which is 'absolute infamy.' The result is that this was another Dag Hammarskjold idea. And that went along with this vast and deep rooted conspiracy. 'Oh,' you say, 'we could maybe get around it.' But you would not be able to buy any bread or any clothes or gasoline, if that thing had gone into effect. But it could have been put into effect by an agreement with the President or an executive agreement, or it could have been passed by a Liberal Senate who would ratify that sort of a situation, because we have a Senate which is so far 'left' that the hope and the salvation of the United States still lies in the whole Congress of these United States.

Now, we are on the edge of a great world economic upheaval. The conspirators threw you off the Gold Standard. And we have discussed that. And they were manipulating the economic policies of the Roosevelt Administration. And Mr. Roosevelt did not know anything about the monetary manipulation, he only took orders and followed the directions of the 'Brain Trusters' around him. And having demonetized gold by taking honest coinage out of circulation, and at the same time devaluating the dollar by inflating the actual basis of exchange in which the weight of dollars and gold weigh was to be determined, we then went on a Silver Standard. And now whether he knows anything about it or not, I am not sure Mr. Kennedy knows too much about anything. He says some forceful things in some speeches and sometimes he gets a vacant look about his face. But I want you to know that he is suddenly playing with the economic problems of our nation by answering the call of the International Money Changers rate. And this time, they want all of our silver.

**This is what is behind all the fluctuation in the money market and the world situation---this uncertainty of American money. You now have before you some prophetic facts. One of them is that if you are going to get free from economic bondage in your nation, the economic power of Mystery Babylon has to crumble and fall, absolutely and completely.**

**Now, this sometimes comes as a shock to some people of wealth. It comes as a shock to people of modern circumstances. They say, 'If our economic system fails, if it tumbles, what is going to happen to us?' But WHO SAID ANYTHING ABOUT YOUR ECONOMIC SYSTEM? I said the Economic System of Mystery Babylon the Great. I want you to know that when the economic power of Mystery Babylon the Great falls, the power of world Jewry over your economy is gone forever.**

**Someone said, 'But it can't be done.' Yes, if the Congress of the United States gathered and determined to establish a United States Bank and fix the permanency of your currency and to issue the currency as U.S. Notes against the production of your society and to back that money with a high percentage of your created wealth, and to redeem the money which is created out of the production of the use of such money as it moved good, let me tell you, that the moment they operated this interest free, that all of the monetary system of Mystery Babylon would crumble and fall. And all the money lenders and those associated with it would leave these United States and they would go down to Rio de Janeiro, or to Mexico City. And they would tell about the terrible programs in these United States and the secret gas ovens that you have set up.**

**You say, 'Well, why has there not been set up a long ago this United States money system?' Because Mystery Babylon has tried to keep money as a mysterious subject which you would not understand. They have been trying to make you think that no one would be able to handle it and Mr. Kennedy is struck by this strange polity, since he has his own wealth. He says you are going to have to turn over to the Federal Reserve System, all of your wealth. And they will continue with this excessive and extortionist process. They make sixty cents out of every extended dollar.**

**One of the great mysteries inside of the scripture is that God Almighty tells us about this impending catastrophe thru the Babylonian system. I turn inside of the 16th chapter of Revelation and it says that the whole world is in crisis. There are voices crying war, and problems and thunder. And there is a sign of great political movement and the rising of Empires and then the lightening as they commence this participation of the storm. Then it says here that there was a great earthquake---so mighty and so great as there has not been upon the earth since men were upon this earth. And it says that GREAT CITY was divided into three parts. And the cities of the nations fell and the city of Great Babylon came before the remembrance of God.**

Now, another phase of prophecy which relates to that which takes place in the earth. But when it talks about the Great City of Babylon being divided into three parts that is economics for one and that Great Babylon suddenly comes into remembrance of why, because of its influence that the cities of the world fall. Then turn on to the other phases of this and you find that Babylon is like a great millstone which is suddenly picked up and when suddenly dropped amongst the masses of the people it is swallowed up. The people are that raging sea. And the people are going to swallow up Babylon all at once. You know some country started to swallow up Babylon prematurely. They outlawed its political control. And they outlawed its economic control. And then Babylon went out to gather all the world against the area which put them out of business.

Now I am going to tell you something which you may not like to hear, for you have been taught to hate the enemy of your enemies. And Mystery Babylon gets the Englishman fighting a German, or an American fighting a German, or fighting an Austrian or fighting an Englishman. And he does this by manipulation and then sets back and makes a profit by it.

Now, you come over to the book of James, and it says, 'Go now, ye rich men, weep and howl for your miseries have come upon you.' It tells about even the cankering of gold, or the rusting of their investments. You say, 'How do you canker gold?' Well, that is quite a story. I saw gold cankered before my very eyes. Under a microscope, I saw it dissolved and become virtually as nothing. I saw that happen one time. So there is something which can happen in the field of substance and it can make even the supply of gold dwindle away. But there is more than that in this, as God said, 'Go now ye rich men weep and howl for your misery has come upon you.' HE is not talking about a bonafide member of your race, who by his energy and thrift has built up a business or a factory where he rightly employs his people. He is talking the rich men of Mystery Babylon, who have taken their profits from the days of battles and wars. I think I can point out a few of these people who borrowed all of the money out of your treasury. You could not get a loan like that, even for a great war industry. Even their ship could break in half and sink in the water. But that did not make any difference, we just gave them more money to build more factories. And we took their debts and covered them up with so much money that no one knows what, and still they write a check against your treasury and these are some of those rich men of Mystery Babylon who made their profits upon you during the wars. And they do not care how many of your race that they kill if it puts them in power. And the main thing anyway, is to get Christians to kill Christians until their evil can overwhelm you. They had designed that you would be so weak at the end of W.W. II, and Germany would be so devastated, that they would be about to take over the Christian world. And this was a Soviet design. In fact, they drew up the Potsdam Papers to actually seat them inside of the heart of

**Europe where they would be adjacent to you and easier to carry out their objectives. With this design, they were going to attack and to overthrow.**

**But you came out of it stronger than they anticipated. Your great power to come back was so great, and in Europe likewise, has been one of the great mysteries before your enemies. And they know that a prosperous Western Europe is a surprise to them. Then they started to get at your heart center and they started a Communist Revolution in your backyard. And you did not have leadership enough to stamp it out. And right now, you have a boiling cesspool with their intrigue and their missiles pointed at you right off the coast of Florida. Mystery Babylon.**

**Now, God said there was to be a great earthquake. And apart from seismographic disturbances, this is going to be an economic upset to the enemy. And this upset among the enemy means that an awakening is going to take place among your race, among the business men of your race. And they are not going to let Babylon get away with it anymore. You know these people have had to go to these people to find finance to operate their own businesses. I happen to know that leaders among your organizations tonight, know that they do not have to depend upon the Babylonian money system, that they can create a system that has honor and integrity. And they can back it with American production and they do not have to go and ask Babylon for anything. And someday, this will be the policy used to create wealth and we will use our money to do it. It will not be a selfish policy. The achievement from these industries and the liberation of these Industries from these 'Parasites' will be accomplished. One of these men of a great industry said to me, 'Dr. Swift, if we could lift this burden of usury which takes such a bite out of every dollar, and could reduce this taxation which this international conspiracy takes away from us, the purchasing power of our labor and our ability to do and to develop because we would have more to do ti with, would be unprecedented.' He said, 'Before we are thru, better than 50% of everything we produce has been bit off by the parasites.'**

**I want you to know that a lot of people are worried about their dollar. And they ask what can happen to this dollar? Well, a lot of things can happen to this dollar if the people of the United States let it happen. But if you call on your Congress, and your Patriots call on a deliverance from Mystery Babylon, and the truth is pointed out, then you are going to be strengthened. Already you have learned that the President in carrying out his objective with the New Congress, has devaluated every dollar in the United States by 30%. If silver goes to \$1.29 and he knocks the silver out of your dollar by weight, he had destroyed that much purchasing power by a single act. You say, 'Well, it is a good investment to buy property.' Property has always been considered a good investment, but under the unprecedented taxation of your time the best investment can be eaten into by the power of this invisible force of fleecing taxation and gradually it swallows up your savings. There was a time when a family could plan on their thrift and their investment. They build as fine a home as they could build and they planned to retire in this home. And this would be the homestead around which their family and their children would gather. And they would have a certain amount of security. And they would not need as much income**

**in their old age because they owned their own homes. But now, you discover that you need more income than you ever had before. And taxes have gone up so high that you have to make more money than ever before, to be able to live in your own house. This is true unless you move way out to the mountains somewhere and change the pattern of your living. Mystery Babylon has designed all of this.**

**Now, we are faced with the fact that we know of many things that are good. We know that investment in American industry and investment in things which are out of debt and things which are producing your goods, we know that you can hedge your debts and hoard your money and live thru all of these, if you can invest in things that earn as much as men are using that is true. But if you want to invest in real security, don't be sure that anything is going to hedge and get around these rascals. You are certainly not going to do it for all 160 million people in your nation who are not a part of the conspiracy. But we know that it can be done with a great upheaval and a great Christian awakening, with a great repudiation of Mystery Babylon until they flee. And this will be accomplished when you set yourself free from their economic conspiracy. It is time that everyone started to learn all they can about money. It is time they learned how they are being manipulated and what the Constitution says about it. Why does Mr. Kennedy want the Congress to surrender their coinage right? Why does he want them to give up more of their power over this thing? Every intelligent Christian should be informing their Congressmen that we want them to hang on to the power that we have given the. And for them to determine and set just checks and balances for our money. For if there ever was a contract that should be kept with honor, it is the contract between people, and people and their government, and on the money that their government has been commissioned to issue.**

**Now, we are faced with this coming economic upheaval. We have told you that Mr. Kennedy wants the power to throw out all tariffs. He wants us to be able to join the Common Market of Europe.**

**Now, we think that one of the smartest things the Christian nations of Europe ever did was to form a Common Market for their own economic enhancement and development so that they might trade among themselves and become strong and block the Communist conspiracy of cheap labor. And they drew up a high tariff against Communist produced goods. They are also aware that they want that market for themselves and they do not want even you cutting into it. So they threw up a wall of tariff against your goods.**

**Now, we are not going to say tonight, that you have to throw down all the tariffs between us and them, because even if you both throw down your tariffs, you still could not sell very much to Europe because they can produce those goods cheaper than you do. And they could still flood us with their goods unless you had a tariff**

law as long as you have Babylon controlling labor. You cannot suppress and compress wages. Babylon wants to knock them down and give you another depression. But we are not going to take another depression with men out of work and with catastrophe, because if they start that, we are going to stir America from one end to the other and let them know who is doing it. So we are faced with this fact that the design of the enemy is to try to get control of the industry and the markets. And that design wants to prevent America from operating its industry. It wants to buy up every American industry for a fraction of its value. It wants to see the people of America out of work and virtually crying for a Socialist revolution. Then Mystery Babylon intends to find an outlet for your measure and a war which would devastate the industries of Europe. This is their plan. And the scripture tells you what they plan to do. So God Almighty says, alright, then are afraid right now of being found out and many of them are moving out. And because people are waking up, they are afraid to bring this destruction upon your nation unless they can get your capitulation. But Almighty God says that they are not going to accomplish this objective.

One of the strange things is that some of the largest Insurance Companies in America are in the hands of Mystery Babylon. And in the instances of this, they continue to grab the money, but they know that they cannot make a pay off if great catastrophe comes. One great Jewish Insurance firm which operates in that field, says that if we have a catastrophe and it wipes out most of the insurable lists they have, then they are not responsible to pay under this damage. Therefore, they are suddenly released from their obligation and they have made nothing but profit. Is that insurance? No, my friends. Another catastrophe which God has pointed out is going to be his retaliation of judgement on the enemy of your Kingdom. And that is going to effect physical transition for this is what is going to happen for the Bible talks about it.

We do not have the time to go into all the phases of this that the Bible outlines, but HE SAID, 'COME OUT OF HER MY PEOPLE LEST YE BE HURT IN HER FALL.' You are not to partake of her evil deeds, not to partake of her evil policies, not to finance this final work, and not to commit the murders like in Katanga Province. As we said this afternoon, it is happening to people in Katanga who just wanted to be free. America must extract herself from this mess. We are one hundred million dollars in debt and yet America was the only country in the world who offered to help in the Congo. The American people should not let their money be squandered on a massacre like what happened in the Congo. It is a violation of our Christianity and a violation of our Constitution rights. You say, 'I hope God does not hold me responsible.' Well, God does not hold you responsible if you have intelligence to speak out. He said, 'Deliver your soul.' Than God some men in Congress have been delivering their souls. Before you get thru this, you are going to find out that such people like the Senator McCarthy, and Senator Rankin, and Gerald K. Smith, who have delivered their souls are worth more to America than all of the mealy mouthed politicians and all of the strategy they are seeking to develop which is not accomplishing any thing no peace only violence.

**You know we have always poked a lot of ridicule on this pagan Nehru. Remember that he said we better negotiate but never fight a war. Well, Mr. Nehru, tonight, invaded the little Portuguese colony of Goa which is about the size of Rhode Island. Invaded it with 30,000 shock troops and dive bombers, and is bombing the people of Goa. There are two other little colonies also and they are attacking them tonight. Mr. Kennedy and his staff pleaded with Mr. Nehru not to do this. Not to start another war. But Nehru says they are going to have these colonies. But do you know that the Portuguese went in there before Columbus discovered America? And at that time, they were virtually jungles. And today they are some of the most prosperous colonies in the sub-Continent.**

**Now, so many of our Liberal neutrals say, ‘Oh, that is good, we must give this back to the natives.’ But these are Christian Colonies that they are overthrowing. Do you see what I mean, when we say the world is hearing thundering and lightening, and we tell you that you are on the edge of tremendous events? But I want you to know that the ECONOMIC EARTHQUAKE IS NOT GOING TO BE A CATASTROPHE TO YOU. It is going to be your deliverance. Don’t pray to keep everything in its status quo. The more quickly you get your nation and your finance in your hands and out of their hands, the more quickly you can celebrate and cry salvation. And they will cry ‘Oi, Oi, Oi,’ to the heavens, for God says that is what they will do.**

**Now, people may not like it, but this is ‘Thus saith the LORD.’ You would have to revise the Constitution and then that won’t stop it. So we call your attention tonight, to these things and tell you to pray, think, and work. And then I am going to assure you that God is going to bring you thru. But just remember that instead of depression, we are going to have to REMAKE AMERICA ONE OF THESE DAYS. BUT LEADERSHIP IS NOT HERE AT THIS TIME.**

## **HEALING A SICK AMERICA**

**By: Dr. Wesley A. Swift---12-3-1961**

**Col. Greer speaking:....when Dr. Swift and I were in Washington D.C., in 1959 we got from the Archives a just 'Classification' State Department report that was sent from New Communist Russia in 1918., and I would like to quote a couple of sentences verbatim from that report:.....There are 384 Commissars, including more than 300 Jews and of the latter number 264 had come to Russia from the United States since the downfall of the Imperial Russian Government. It is probably unwise to say this loudly in the United States, but the Bolshevik movement is, and has been since its beginning guided and controlled by Russian Jews, of the greatest type. They have been in the United States, and there they absorbed every form of the worst type of our civilization, without having the least understanding of what we really mean by Liberty. (unquote)**

**Is it any wonder our country is in such a state, with Christ-hating devils in all branches of our Government, and in complete control of our money system? This message by Dr. Swift given in December of 1961 outlines our problems.**

**Dr. Swift:.....**

**As we take up the subject of healing a sick America we are not talking about people being ill from time to time, or the necessity of them applying themselves to their health problems. Because if we could make America as aware of the sickness of our nation as they are to their physical health then we would be well on our way to recovery. We recognize that there are two factors which may contribute more than any one realizes, to the structure of our society. For we have well been told that sin is a sickness because it operates out of the error of human concept, and then out of the disobedience of the violations of Divine Law, thru that error in human thinking. The results then is the catastrophe which descends upon a society and a nation or a race; and comes out of the violations of these great laws of things..as they are..as the Almighty created them.**

**When we turn to this great nation of ours we are proud of our beginnings. We look back on the heritage which was ours, of a great society. The great Spiritual moving force of God's selecting out of the nations of His people, and out of their great desire for religious freedom and spiritual liberty...the selecting of those who in their inspiration and in their hope for new freedoms, had applied for the right to settle in a new land, and establish colonies around their faith. Even tho the hand of**

Destiny was moving according to Divine timing on this Household and race from which you had come, still this nation was originally founded by the children of God's Kingdom moving into this nation for religious freedom. And our early forefathers established their churches, Pilgrim churches...in the land where they would have their religious freedom. And that freedom was founded on an obligation which they felt was that they should live before God according to the pattern of His instructions, and with their desire to worship with freedom. And out of it came men with vision and determination and to whom were added...many as they came...until this nation was developed with colonies, and by men who moved by vision to build with courage and initiative ...a new society. Another nation of white men of the white race, but one of those destined under the Most High God, and with their symbol of the Outstretched Wings of the American Eagle, according to the prophecy of Revelation in the 12th., chapter. Destined to be the great leader of free men, to be the defending leader of God's Kingdom in the climactic hour in which we live.

We are well aware that as we look at the world today, one of the most powerful forces which the world has had to lead it, in the last 1/2 of this century or more, has been the rising to this Destiny that has moved out of this great nation of the Western world. We are also aware that the background and the greatness of this nation has come from the principals and the concept of the truths of the Holy Scriptures. Our Forefathers dedicated our society upon this Faith, and when they gathered together in the 'Articles of Confederation' they recognized the Sovereignty of God, as they confederated themselves together for the purposes of standing strong together for the great principals by which their forefathers had also been guided. And upon this they advanced into Constitutional work, and the Constitution was the framework of the Declaration of the people, their principals, ideals, and their freedom. And anchored by the authority bestowed upon the Federal Government...by the States...to bring this to pass. And thus this great nation came into being and was anchored to the foundations of freedom. So it is quite obvious that from the very beginning, that the enemies of God's Kingdom who are also the enemies of Christianity are determined to seek ways to destroy the freedoms of this nation, under their manipulated slavery and eventually under the tyranny of their control. So from the earliest hour of our Liberty the major pattern of the tyrants were not necessarily the Kings from whom we had secured our independence by battle, but they were the forces who held the King captive, and had long sought to wage war against your race, and against God's Kingdom. We have watched this nation come from those days in 1776 down to our time, and in the course of this period, we have watched it develop, and saw many things take place. We may say that in 185 years of history that this great nation has come a long way in growth and in development. But at the same time, and from the very beginning...from the high principal that was in the minds of our forefathers, unto our day, we are aware that something else has been at work on the body of our nation and in its body politic. Something which has sought to change, to set aside the foundation established by our forefathers. Something which has sought to sell our young people and our national life, concepts which were not the concepts which made our

great nation, altho it stands in stature, high above the nations of the world, still there is seen today a great sickness in our land. And this sickness lies in the thinking of our society, which is plagued by a very deadly virus, in the fields of its thought and its economic and political action. There is no question of the fact that when one approaches the problems of a sick patient, it becomes the problem of the doctor to make a careful examination, and then diagnose the problem. And then to eliminate the disease, or the virus that is hostile to the patient, and when this is done, then the patient benefits. And so there is no trouble when arriving at that conclusion that you decide that the patient must be healed.

There are those who say it must be by prayer, and that is a good thing, start praying for the patient to see that all spiritual application is made. There is no doubt of the ability of God to produce miracles of all kind, but at the same time there is continual process in our society, which leads to the finding out of what is the proper nutrition that people need, what bio-chemical balance is essential, and what kind of assistance they may get from any kind of practitioner, from the medical doctor down thru the chiropractor to the local health doctor, or the Christian expert, to try to get the body in proper shape and in proper balance. And it is well understood that you are what you eat and that you have proper nutrition for the balance of the body. This is also true in the body politic. It is important that we find out which is making our nation sick, and find out where and what that virus is which is making it sick, and then when we find out what that virus is then do anything, and everything that is necessary to stamp out the virus. Having eliminated the virus from out of our nations blood stream, we may then move to see that we as a nation get proper nutrition, mentally, politically, socially, and economically, and let all of the spiritual power apply to the transition because God has ordained that every problem effecting your nation is going to be righted, and the powers of darkness are going to be eliminated.

The other day I listened to a great exhortation over the radio as to the crisis of the hour and the great dangers which a world wide Evangelist was pointing out. He named different places of these trouble spots and he finished by saying that the whole world is about to explode and what the world needs is Christ. Now;...there isn't any disagreement with that, for what America needs right now is The Christ. But the amazing thing is that he recognized that Jesus is The Christ, for this is what the world needs. That would be perfectly satisfactory if everyone had the capacity to understand that. But the Asiatics and the Negroids and other people of the world with their Witchdoctors, and Idol worshiping Temples have not come to that conclusion, and they cannot as long as these powers of darkness hold sway over them.

You in this great nation..you are a majority in this nation who have been brought up, and have believed from your mothers knee, that Jesus is The Christ. In

fact the great majority of our people in this nation, as they go to church, and they sing the hymns of God's Praise, and they recognize the Atoning work of The Christ, they have accepted the fact that Jesus is The Christ. They have made a certain spiritual acceptance of these truths, and they are not all that worried about their Destiny, because they believe that God has provided for that also. But a great number of people don't know what they mean when they are talking about The Christ. So in this they have been thinking about the work which God has wrought for us, and have been worshiping the Name of the Eternal God as YAHSHUA, or Jesus The Christ, who walked the earth and this is good, but when I tell you tonight that America needs Christ...then I mean that they need to think like Christ thought, and they need to do the things which God would have them to do.

Now:...if that is what they mean when they say our nation needs Christ then my friends we are on the road to deliverance of our society. Jesus said:... 'Ye shall know the truth and the truth shall make you free.' And Jesus anticipated that as men knew the truth they acted upon it. Some people have a strange picture of the Most High God as He dwelt in the earth. They think of Him as only meek and kind, and gentle, and they think of He who would look upon His own persecutors and lift not His hand. They think of Him as one looking down from Calvary's Cross on a group of Romans not knowing what they were doing, and saying:... 'Father, forgive, for they know not what they do.' And then they take all those things out of the sequence of events, and tell us that it doesn't make any difference what kind of forces are fighting against our civilization, we are just to look down and say forgive, and forget, and take no active part in the thing which God told us to do.

In the first place this is the wrong aspect for Christians to take because one of the instructions which you have been given is....follow me. Now:...I want you to know that there were many developments in the history of our race, and experiences not the least of which God prophesied He would do for us as He gave us mental and spiritual relief and then consummated all in the day of Atonement...for us. The Great Day of human visitation was when God was born among men, and then grew up among men, living in a body like His kinsmen, for the children of God were embodied in flesh, so we are told in the Book of Hebrews. Thus HE took upon Himself a body just like ours. But in this instance Jesus told us something which was to come to pass. You see He did not predicate a Crucifixion for 1961, because the crucifixion took place back in the 33 years of His life. He did not intend a second crucifixion, for the events of that day had come to fulfillment. The Bible clearly tells us of the problems effecting the people of our race in Palestine at that time. There were people from two tribes of the nations of God's Kingdom, these were the tribe of Judah and Benjamin with some of the Levi, and thus these were the Israelites present in Palestine at that time. There were others present in Palestine as well and Jesus clearly identified at least their leaders. But those of Judah who were in Palestine at that time are today the Germanic people, and later they migrated into Europe to join the Goths, or that portion of their tribe which had gone out in migration much earlier. As we talk about Benjamin we are talking about the Normans, and the Scandinavians are part of this migration. We recognize that these

two parts of the basic structure of your national structure of your racial life and tribal origin were in Palestine back in those days. But also there in the days of Jesus the Temple was in control of a people who are now called Jews. They had usurped the authority of the land and falsely claimed an identity they did not have, and they usurped political power by the use of their purse and their gold. They established by their manipulation of gold, the political, economic power, of that region as well as even over the Roman Empire, and they could by that power buy the position of King over Palestine...thus Herod was King of the Jews. Herod ruled at the time of Jesus' birth, and the period that followed carried on the same type of rule.

Now:...Jesus, altho He was very God, and all the Grace and love of God dwelt within HIM, and tho He dwelt among men in a physical body, still He knew the events which were to happen at this time. And in His ministry He at no time tried to hide the truth. But in fact He proclaimed it with great vigor, with all the Life of God, and with all the revelation of His Spirit. He spoke to those who needed the comfort of His message, and to those who needed the healing touch of His hand, and to those who needed a miracle in their lives He reached out. Those who heard HIM said:...that never a man had spake like this man spake, even his enemies had this report from those they sent out to seize him.

If you will read Matthew, Mark, Luke, and John, and especially Matthew and John, then as you read these Gospels you will discover that the Jews in Jerusalem were always trying to capture The Christ...they planned to stone HIM...to kill Him any way they could...but to do away with HIM...and you are told of incident after incident of how they plotted and plan this deed. But...how many Clergymen of today when reading the New Testament overlook the fact, or never mention the fact that it was the Jews who were always trying to Kill Christ? They tried to smear His Name and they tried in all ways to destroy HIM, but these things are overlooked today...why? Because they are trying to seal an obvious fallacy based not only on this translation and obscurity of fact, but they are also utterly ignoring what Jesus had said upon this subject...as they try to tell you that the Jews are the chosen people of God. That anything they do must be ignored, and you must just bless them, even in the evil which they participate in, and you must not lift up your hand to do anything about it.

I think for proper understanding of your relationship to this problem, and its effect upon your national life that you must realize that Jesus did not tell you to do nothing about it. He spoke to those of His people at that time who were under the bondage of the Roman Empire which ruled somewhat benevolently, and also under the more dangerously controlled world of Jewry which was suppressing the people of Galilee and Judea, and the disciples of The Christ, and the true people of Judah and Benjamin. Now:....Christ spoke out on this matter and He identified these people in the Book of John, and He did this thoroughly. And as He pointed

His finger at them He wanted all to know that these were not of the House of Israel, for whom He had come. We have cited to you that Jesus said to these Jews:...'Ye are not My sheep.' more than that He identified them as being of the household of Lucifer...thru Cain, and that this was a household of evil, and was responsible for the evil of the earth.

We told you last Sunday evening that in identifying these children of the Serpent and the Viper, that Jesus pointed His finger at them and said: ...that they were responsible for the death of the prophets, and then these people whom He was talking to spoke up and said:...'If we had lived in the day of our fathers...we would not have killed the prophets'. Then Jesus said:...'Ye have just identified yourselves as the children of your fathers and you will live up to the full nature of your fathers because you are going to be just like them.' And then Jesus said:...'of this people..I hold you guilty of all the blood of the righteous slain upon the face of the earth, and the judgment for these catastrophes falls upon you.'

Now:...at no time...let no one criticize or intimidate you because you are pro-Christian, because you are for a Christian society, a Christian civilization, or a Christian Destiny on the grounds that is not right to be opposed to anyone. For today the enemy against you is trying to get you to take such a position where you will not take any position against anything. He is trying to do that in your colleges of today. He is trying to take away your Faith in God and the knowledge of moral ethics and moral standards, by saying:...you are just an evolutionary product, you have no moral responsibility, no God, you have to answer to no one, so just don't get excited about resisting anything. Just let everything take its course.. ..why does He advocate this? Because Satan would like to make pacifists out of you. Instead of letting you find a cure for your nations sickness, he wants to give you a tranquilizer. He wants the whole nation tranquilized, and he wants you so pacified that nothing makes any difference. And the Christians today who are fooled into thinking this is the way to follow Jesus, in no way are fulfilling the responsibilities required of His Church, or the nations of His Kingdom.

I want you to know that you have to look at the things spoken by the Most High God, and of the things which he had to say about the things which are to come to pass, on the basis of time...when they were to take place. There were some things which were not to happen before a certain time, but throughout the course of time, and by the manipulation of evil, by the domination of the economy, and the political life, and the putting forth of false gods, and evil philosophies over men...we find that this has been going on for ages. During the time when Christ walked the earth, it was going on, and it continues to go on from that time to your times...it continues.

But Jesus looking out over this evil power laid the foundation of declaration, and then introduced John in the Book of Revelation, to the evidence of it. And he records this in the Mysteries of 'Mystery Babylon'. We use the term...'Mystery Babylon' always as a blanket term for the political, economic, and social evils that

operate as a massive machine, and a tremendous conspiracy in the world, in the hands of Satans own offspring, and always they were identified as such...by Jesus The Christ. Anytime someone wants to turn against the positions of this Church, or the position of this pulpit, they are not merely arguing with us, or seeking to dispute what we believe and say, but they must argue with what God has said in His own identification and His own Holy Word. And we will stand or fall concerning the enemies of this Kingdom, or the position this Book has taken, and the position that The Christ declared Himself as He pointed out these evils, and when He revealed these things unto John who was to record them and tell it to HIS Church. This Church was to receive this knowledge and it was to act upon it and to know where these powers and forces of evil are. Jesus made it quite clear just before the Crucifixion that the Kingdom of God was suffering violence, and the violence was taking it by storm. And He also made it quite clear that the powers of darkness coming against Him were from organized Jewry...and were known by Him. And tho they thought that by Crucifying The Christ that they were accomplishing a victory, still Jesus said:... 'He laid His life down, and He took it up again.' And these powers little knew how they were defeating their own god (Satan). But they were to wage a relentless war against His Church, and Jesus said they would deliver many to their synagogues. Now:...I don't want you to think that there are any but one people who have synagogues. But Jesus said they would deliver you up to the synagogues, and unto the magistrates which they would buy, and control, and unto other seats of power which they also control. And they would Martyr and hound the people of the Kingdom of God. So completely did Jesus understand the secret animosity of the evil, as well as the outward plan of His enemy that He told His disciples:...if you don't have a sword, you better sell your coat, and buy a sword, because when I send you out, then you will be as lambs among wolves. There are evil powers and they will not stop at murder...they will not stop at assassinations, so don't go out without protection, for I do not want you cut down without resistance. Jesus never told anyone to buy a sword as an ornament. And they didn't wear a sword as part of the dress uniform of a Christian Missionary. He told them to get this sword to protect themselves against these evil forces, and if Christ told you to buy a sword He expected you to have sense enough to use it.

Someone said:...oh, we are not to resist in any way, for 'Those who take up the sword will die by the sword'. But the full meaning of the text...Matthew 26:52....is: 'They who take up the sword to do violence, to do the work of aggression, to do the work of theft or murder...they shall die by the sword. But they who take up the sword for Righteousness, and for a righteous cause, are not my friends.....under that measure of judgment. I Think it is most significant as Christ warned His disciples about this evil, that He told them what the situation would be. But looking with the eyes of Omniscient down thru the course of the years that were to follow He also made certain prophecies for the ends of the age, and for the hour in which we now live. He said:... 'The day will come when my servants will fight, and the Kingdom will not be delivered to the Jews.' I think that time has come when we better take back the Kingdom and send the Jews packing. Now if there are

one or two startled faces because they didn't think we would speak that frankly,...we have only just started. I do not believe you ever solve a question in a political discussion by going around it. I do not think you approach any great problem of evil by going around it either. I don't think you approach any problem of evil by avoiding it whether from the pulpit, or in open discussion. Some people say:...we cannot discuss this subject or that subject...it is taboo, or it is just not done. But then I look around and I see something not done, and I think there are some things which should be done.

In this hour there isn't any question of the fact that we have trouble, and I am going to turn to the Scripture and find out just where the troubles are coming from. In the first place we have in the laws of God certain instructions. He told us that when we built our cities in the land that He gave us, that He wanted our cities to grow, and be populated with our own people. He wanted them to look as white as you are. He wanted the offspring to look white. If strangers came to visit, He told you that they could visit, and tend to their business, and then they were to go away, but they were not to live, or to stay there. If because of their business, or their representation they were to stay, then they were to dwell apart, not to dwell with you. Then you were told not to let these strangers come into your land and get in positions above you. They were not to teach in your schools and they were not to instruct your young people. The instructors for your young were to be teachers and educators who have had the vision and background of Your Faith, and your race, and thus they will teach the foundation of Faith in Your God, and the responsibilities of the moral standards, and the ethics which come out of HIS Commandments. Your instructors were to teach the knowledge of the basic sciences which God has given you the intelligence to understand. To be able also to write, and to read, and communicate with your society, to multiply, divide, and subtract, and use all the patterns of mathematics, and then become wealthy in knowledge concerning the earth into which He placed you because He gave you the understanding as to how to progress. That is why His race..this Adamic white race has more vision, more knowledge, than all the rest of the world. I challenge you tonight to find any advanced science on the face of the earth which has not come out of the white Christian Nations of this world, within the process to retain the leadership that God gives you for the adaptation to the earth, and the changes which you make within its surface are for your benefit. You are to retain this control over your youth, and to retain control over the preservation of your culture, to maintenance of your society and the building up of your standards. You are not to permit the lowering of all these to satisfy the perimeters of your horizon. Too long has it been policy that we must please everybody, that we must get along with everybody. That is not a Christian virtue, It is a Christian virtue that you proclaim truth with unswerving devotion, that you change the things that need changing, that you build the Kingdom of God with knowledge, and wisdom, that you roll back

**the darkness and superstition, that you enforce law, based on righteousness, but not that you surrender to evil, but rather that you resist it.**

**You live now in a different age than in the days when the Gospel first went out to gather men of your race, wherever they could be found. And the Apostle Paul was told not to go to Africa or Asia, but the Spirit, sent him to Europe and thus the Disciples went into Europe and into Britain wherein early times The Christ as a young man had helped to build the Wattle Church at Glastonbury, on land that belonged to Joseph of Arimathea. They went out to Western Europe and unto the nations God was developing out of the background of your race. No student of Racial History today will gainsay the great common migratory patterns and that those of vibrator background dwelt in Europe...that those who dwelt among the nations of Europe had something in common, and that you also of the white race are a marked type. Any student of today with knowledge of the structures of heads, and skeletons of the beings dwelling on earth can identify the different marked types. Any doctor of anatomy can tell in a moment whether he is looking at the skeleton of a Negro, an Asiatic, or a white man. So we know there is something different in our background and we are not arguing those points tonight, but we are merely stating that in your nation there is something wrong if this cannot be established. It is essential that people be taught correctly, and then secondly as our forefathers designed this nation based upon Divine Law, and Liberties, and Freedom, they sought to conform to the pattern of the NEW ORDER OF THE AGES, which we have placed in our Seal and which God intends shall be built. We did not intend to seek to please any other Government on the face of the earth when we formed this one. We formed this Government in hopes that our Light might shine abroad, but we were not trying to please anyone by curbing our freedom and liberty and .....civil rights were a great issue at that time.**

**I am going to tell you that I think that the great majority of the people in these United States haven't found out how important the civil rights issue really is. It is the civil right of millions of Christian Americans that are being infringed on, in the name of civil rights today which are not for you. I think that you are being interfered with in your rights to serve God at the dictates of His own ordinance. When they tell you that you don't have the right to hire your own kind of people to run your own factories or your own ranch, or your own store that you can't have all Christians to work for you or even all Baptists if you want...to work for you, or if you want to select any of your race to work and associate with you, then it is your right under the direction of God for you to do this. And when any nation interferes with this right then they are tampering with the civil rights of the Children of God, and a God given privilege.**

**Someone said:...but it is the duty of our times that we secure the civil rights of the Negro, or the Chinese, or the Jews and so forth, that their rights as minorities may not be abused. And therefore giving them civil rights is their due. NOW WAIT A MINUTE! Rights is something quite significant...A RIGHT IS GOD GIVEN...you can recognize it, but you don't bestow it at all. You try to uphold what**

is right, but in a nation of God's Kingdom it should function under a prescribed Divine pattern. Suppose I tell you that Asiatics, unless they come to visit here, don't have any right under God's Law. Oh! you say!...they have constitutional rights. Well! of course we don't abuse them, and they may have rights where they come from, but here they have....PRIVILEGES...granted to them, but not at your expense. California had a law that forbade Asiatics from coming over here and buying up property and settling down, but under the Anti-Christ world government plan...the United Nations says that the laws of the State of California have been set aside. More over, under the United Nations interpretation of the law, Asiatics or anyone on the face of the earth can buy and hold land in any country on the face of the earth. And the Supreme Court of this State of California set aside the law of your State on the grounds that the United Nations now holds the interpretation of the law. But the United Nations is the organization which God told you not to join, and of which He tells you now...TO COME OUT OF.

Then someone always says:...but we must respect this law of the United Nations, but I don't respect it. I recognize that this is something such as a tyranny of world power which has been put over us by men of no vision, but I do not respect it and I will work as long as I live to change and bring these patterns of declared law to the foundations God has ordained. Someone said:.....then you don't like Asiatics?...I don't have anything against Asiatics..in Asia. I am not anti-Japanese, or Anti-Chinese, but I am pro-white Christian American. Then someone said:...but there is the Negro problem and it is different, for we brought them over here, and we owe them something. WE DID NOT BRING THEM OVER HERE!!! Do you know who brought the Negro slave ships to America? The Negroes came to America on the Slave Ships of International Jewish Bankers and they boast about it in their own book...'The Marranos'. They set up the first slave market and the first dealing with slaves in the Western hemisphere. They had set up slave traffic first in Europe and then expanded over to the Western Hemisphere. Now I am not here to stand and discuss the pros and cons of slavery itself. I do not believe in slavery itself because it does not result in a proper benefit to anyone, but I am going to make an assertion tonight, that Negroes who lived in black Africa under conditions of Cannibalism and Witchdoctors were actually better off in Christian Nations, where they were under the conditions of civilization and culture. They possessed and lived better there (Christian nations) than they did back in the jungles where they were free to eat one another. There has been more progress made by Negroes under white leadership, in any circumstance, than by Negroes who did not have that leadership. As I have said before:...I am not nearly as interested in how they got here as I am in how soon they are going to leave. It is very close here in our time and in our society that they are better off among their own people. I point out to you that if the Negroes were interested in Negroes, and if they had that capacity of spiritual acquaintance for the lifting of people to Divine Law and spiritual understanding, if the heart of the missionary was in the Negro, then they wouldn't

need any urging. They would want to do so much for Africa that now since they have been given education, and they claim to have equality and concept and move in the church and religious realms of Christendom then they should be openly willing to go down to Africa and raise the standards of their own people, and to build a greater civilization. Very seldom do you hear of Negroes dedicated to building in Africa a Great Christian civilization based upon the foundation of Christianity...and Divine Law...the law of God and the Love of God. In fact about all the missionary activity you have ever heard of is paid for by the Methodist, the Baptist and others of the Denominational Churches who sent white missionaries down there to do things for them, and to give them the things they now have.

Now:...we don't oppose doing things to help anybody, or to carry truth to the ends of the earth, or to preach to all these creatures. But we want you to know that is not the basis of all our problems. And on the basis of Divine Law we should be re-settling them over there. And if we want to spend money on foreign aide or 'lend lease' then the most constructive program we could enter into would be to rehabilitate American Negroes over there in Northern Africa, or any other place where they might be rehabilitated with their own people. Some Negroes say...but that isn't fair...but my friends he has just spoken his own piece. They are not as interested as you might think in their African brothers.

Now...I am concerned about something that is being disturbed in our society. I am disturbed by the increasing agitation among them to demand an entrance into political and social, and economic opportunities in areas where they do not have any patterns of majority balance, and where they should not be in such positions of leadership. I am going to make a statement from this platform which is Christian...whether it is acceptable or not in American political tradition:.....There are no Negroes in the United States or anywhere in the world that fulfill the capacities and qualifications that Christ ordained as essential, to become an administrative leader in the Kingdom of God. They cannot under any circumstances therefore, and under the pattern of Divine Law for administration be in places of leadership over a white man, and a white nation. Over their own people... yes...but not over white men. I want you to know that our forefathers were bound by these concepts, and when they wrote the Constitution for these United States they wrote that Constitution for Adamites..white men..and they never even considered the Negro within this capacity. Someone said but how do you know this? Because almost everyone of the signers of the Constitution was a slave owner and if he had considered the Negro as the HU-man, or spirit-man race, then the Constitution would have automatically freed the slave way back then, without any civil war. But this Constitution was not written for the Negro, and it was written for the Household and race of white men, which was developing this Nation under Divine Destiny. If this is too hard for you then my friends...examine the Scriptures and see for yourself.

One of the great problems in the body politics of today is that we have been trying to overthrow the balance of white Christian civilization, and these

unassimilatable minorities who are identified by Christ again and again in the Scriptures are today identified by their attitude as they seek to mongrelize our race, and force upon us a loss of our liberties and our freedom, by making us accept into our lives, and our social contact people whom we have been told to be kind to, and to assist in every way..but.... whom we are not to absorb, or accept into the social level of our society. Someone said:...but I believe in the equality of all men. Well, I do to, I believe that God made of One Blood all the men who dwell upon the face of the earth..made nations of them, and I believe that when He is speaking here (Acts 17:26) of one blood that He is talking of Adamites, the white nations founded by this Adamic race. If that were not so then all men white, Negro, Asiatic, would have come forth looking the same. If they were all of the same blood there wouldn't be any difference in their structure or in their background because the life which is in the blood (Lev. 17:11) and in the seed would make them all alike. The fact that all people are not alike proves that all people are not what is classified here as He said:... 'I have made of one blood all nations of men.' If they were all of one blood then you would surely run a strange chance as you decided to add a child to your family, for you wouldn't know whether it would be a Chinese child or a Negroid child in your family then you have a general supposition that something is wrong. There is no question of the fact that you are watching in this design for the degeneration of the race.

Let me turn to another pattern for we have watched the evil influence these powers have gained over areas of our government. One of the most powerful forces which seeks to corrupt men is turn them in their desire for power and great riches. Men have been given a false pattern as to what riches are...and a false idea of what real leadership is. They look at it as a pattern of power, but...'He would be greatest among you must be servant to all'....if he operates in the proper capacity.

Now listen...I charge tonight that America is sick because we have retreated from the great standards of individual freedom and free enterprise we established in the beginning...until we now have an increasing power of Federalism. And that federalism is not the freedom of state and individual that was designed in the Constitution, but is a seizure of power and the encroachment of it. Also it is a separation from Congress with each passing session its powers, and is a denial of that basic concept of government in which we had checks and balances against tyranny. Congress in the beginning was given certain powers and the executive branch had certain powers as well as the Judicial branch of Government. But those powers were delegated to them by the States, and they were defined in the Constitution. Today the Executive Branch of Government is surrounded by these strange advisors and has been since the days of Roosevelt, and even before to some extent. But they have from the time of Roosevelt right down to today..been seeking to take the powers of all branches of our Government. We are facing a growing standard of attempted tyranny in our society.

Now:...just let me pause here for a second. There is something seriously wrong in the Judicial Branch of Government, for their well defined basis of authority said they could only render their judgment on the basis of what the Constitution said:...which Constitution was designed by the people and their representatives. And today we see the Judicial Branch of the Government, the Congressional, and the Executive Branches as well determine what America is to be by....any revolutionary concept and whim that comes into their minds. The Judicial Branch instead of basing their decisions upon the Constitution have based them upon the beliefs of Communists such as Du Boise who is now an open member of the Communist Party tho secretly he has been a member all of his life and there are others whom we could name as well. But when your Supreme Court turns to Communist thinking rather than the God given Constitution that you have, it is time that we healed the Judicial Branch of this Government by removing each one of these men from their position and putting men of Faith in America and its Constitution, and in the Faith and Destiny of our society on that bench. This is a hard thing to do, it is sort of like surgery at times, but just go ahead and do it...impeach every man on the Supreme Court, and put on some Christian American Judges, and see what would happen to American life. One of the most significant things is that this pack of strangers.... advisors is getting bigger all the time. They were bad enough in the days of Roosevelt when the first brain trusters began coming in under the Morgenthau, Frankfurter plan with their followers, but today they are so firmly entrenched that we have 76 of them out of 116 surrounding the President. And every time he opens his mouth it sounds as tho they were whispering in his ear. Someone said:...Kennedy is a likeable young man so give him a chance. Yes, he is a likeable man, but he is not performing like he should. And the most significant thing we could do for him is to force the elimination of everyone of these advisors who hate your Christ that do not like your way of life, and want to make you a socialist, liberal American, and surrender your country to the Communists. It is far better that you sever them from your National life than to ship our nation into slavery to satisfy the power of just a few men.

Now these strangers in our nation have been trying to get a strangle-hold on your economy, and they have taken quite a hold over it. These parasites live on your work and your production and they don't do anything except let you in a war after war of futility and against your own people. Then set you up for conquest and full enslavement by armies they have raised up in World Communism.

I think it is significant for you to realize that as they talk about you not having the proper spirit of brotherhood, and how you are anti-social because you love all your Christian brothers, and want this to remain a free Christian American society then...they...say that you are Anti-social. They saw we are the good fellows we are out first on every Cancer drive, dancing a jig and singing a song, and trying to get you to look and to bring your money in to help cure Cancer. Well! You say...that is a good program. It is a good thing to fight any disease, but I challenge that most of that money is not going to find a way to cure Cancer, but it is just

going to find ways to keep the Cancer victim alive a little longer so that the rascals want to get in the midst of any and every one of these feasts of charity.

A 'feast of charity' is where you are raising money to support or finance or alleviate some condition. You have Cancer drives, and heart drives, and drives for this and for that, but always out in front are these boys, dancing a jig and singing a song. You say is something wrong with that? I think there is something most significant here as the Scripture tells us about these people and their strategy. Peter tells us about the evil of these people who are engaged in this, and Jude in his declaration tells us that there are unassimilatable people here in our society and nation. That strange men have crept in unawares, (II Peter 2:11...Jude 4) who were before of old, ordained to this condemnation, ungodly men, turning the Grace of our God into lasciviousness, and denying the only True God and our Savior Jesus The Christ. They were ordained of old..to condemnation, they are an ungodly people, but not only do they try to act as tho they had a religion, and a God-like front, but their lasciviousness, their immorality, their evil and corruption marks them and they all of them deny our Eternal YAHWEH-YAHSHUA.

God says:..I want to put you in remembrance of this situation, and these people, altho you once knew this. They are evil as the Angels who did not keep their first estate, and propagated them. Sodom and Gomorrah, and the cities round about had given themselves over to all types of immorality, immoral life. Jude tells you about this, and there was mongrelization, and movement after strange flesh, and all attempts to upset the moral standards. Then again today the attempt is to upset the moral standards of a nation and reduce it to their level.

These filthy people defile the flesh, despise the dominion of righteousness, and righteous law, and speak evil of those dignitaries God has raised up among His people for government. 'Woe unto them for they speak evil of those things which they cannot understand'. God says of these International Jews, that they are natural brute beasts for they corrupt themselves. 'Woe unto them, natural brute beasts'.. that is what God calls them. They are a part of the Beast System of course, but I have more respect for him than for those powers which are trying to destroy America. He is rightly called brute man. Did you know that about half the time that the word..man..is used in the Scriptures that it means...Enosh...that when God talks about the other races He calls them Enosh? They have a soul consciousness, but they do not have a spirit consciousness because they are not His children...the children of HIS spirit. God is not angry, nor is He trying to destroy them, but He put in His children for His Kingdom in earth and you are this race set apart, and you were to bring Light to the world, to rule them and correct them. This little creature who rode around the world, at least did what He was told and he pulled the right levers and when the red and blue light came on he pulled the lever and came down in a parachute. He did everything that a Russian Astronaut did, so when an American monkey is as smart as a Russian Astronaut then you don't have to worry about that part of the world's problem. It is said that they have control of space...No..the last one up there was an American monkey. But these evil people

they are sowing rottenness into your society to demoralize and deprave it and send depravity upon your people. Do you know why we have such trouble tonight in this city? We are about the third highest in crime wave cities of our nation. The F.B.I. says you are about No.3 in murder, rape, and violence, so where is it coming from? It is coming out of the evil Satanic powers in our midst, these immoral and depraved forces which are seeking to destroy our society. It is not only coming out of them, but thru their influence over the more affluent portion of our society. They move to influence and stimulate the thinking of those who are not under the guidance of the Most High. We find the situation of a car load of Negro youths driving up to a corner, jumping out and slashing a mans throat and then jumping in the car and driving away as you saw the other day. I was told by law enforcement officers that about 600 crimes of intense violence and rape were taking place every month, that you never hear about. I could tell you of things that are shocking, and we are not going to waste the time doing that, other than to cite to you that actual cannibalism has been happening here in California, and murder, and violence and rape.

Do you want to know why it is? It is because of the immorality and depravity of these powers that are not trying to do anything to assist in stopping this. Behind the thin veneer of a couple of centuries of spiritual influence and guidance of the white man lies behind the African 70 some thousand years of Witchdoctors, savagery, and Luciferian service and cannibalism. And that cultural inheritance of darkness which he inherits, which is his background is not only in the electrons around the nerves in his mind, but he has inherited it in the same pattern which the chromatin received the pattern from your forefathers...which they gave to you from the days of Adam...7400 years of culture adherence to One God, of spiritual Life...and this is natural to you, just as it is natural to him what he inherits. You just don't have this thin veneer over your background as he does. If you go back to any depth of your background, then that depth is tied in with the Destiny of God, and spiritual values...yes there is a difference in Adam-man and Enosh-man.

Don't let them tell you, my friends, that we can ignore these things for we are told here by Jude that these people go the way of their fathers... they go the way of Cain. He says:...these are the spots who stand out in your feasts of charity, and we have had nothing but Eddie Cantor and his likes in every drive for any of these causes..they are always dancing a jig in front. Don't think it makes any difference whether it is a T.V. front or whatever the drive is, but right out in front of the scene is these people who make merchandise of you.

In fact I have always been dubious of how much of this money reaches any research of these causes to do any good. I remember that at one time there was a program for the relief of paralysis and the President and his family participated in it. And the whole secret behind it was that they leased the whole grounds of Warm

**'They are the raging waves of the sea, foaming out their own shame; wandering stars, to whom is reserved the blackness of darkness forever.' Because in their capacity, they cannot see. Jude 13.**

**Do you want to know what is the matter with America? There are too many of these dark stars without vision moving around America corrupting it with their concepts, with the amount of money that Babylon pays them to dance the jig in front of you they are elevated to the status of heroes in your midst. Then the heroes and the heroines of Americas life of amusement, become under the background of this, people who lives will not stand the scrutiny of the standards of morality which are expected both by your society and the church of which you are a part. But they have become the spectacles of leadership in the hero thinking of the youth. Babylon did this on purpose. I am not against motion pictures, or plays or anything that is honest, right, and constructive. But when they become a propaganda program for evil, and when they take people under evil to make them heroes of this prospective, then they do you a disservice. I want you to know that in capturing the mind, that there has been more propaganda to soften you on Communism, and to build up development of pagan Asiatic Godlessness, as it exists in Communist countries, and it has been portrayed to you in a new light in films. I want you to know that the great nations of Western Europe which includes Western Germany and Central Europe and which has tried to expose Jewry and to eliminate this scourge from their body politic and their banking economy, were smeared and lied about all over the Western World by the children of Anti-Christ. And then the best way to prove how evil they are was for Babylon to come over here and make a lot of Motion pictures, from false and evil scripts and then get people to say:...I know it was true for I saw it with my own eyes. I had a man argue that with me about some brutality, and I said:...this is unnatural for your race...where did you see it, and were you there? Did you see it with your own eyes? No..he replied, but I saw a whole motion picture presentation of it.**

**There isn't a doubt, but that Babylon has tried to give you the picture of life as they want you to think it is, but they also have lied about the foundation of it as they expressed it on film. The Scriptures I would turn to now are back in the writings of Peter, as I just read you what the Apostle Jude had to say about the evil forces in your society who would make your body politic sick. These are the false prophets who are among you, and they bring in their damnable heresies, even denying the very Lord that bought them, and bring upon themselves destruction. II Peter 2:1. Now:....these people who deny that Jesus is The Christ then deny His Atonement and deny His relationship to your civilization are the ones who bring catastrophes into your nations so what does the Scripture say? 'Many follow their**

**pernicious ways; thus the truth is evil spoken of'. These people are covetous, and they have with false ways made merchandise out of you. Their judgment has lingered long, but their damnation slumbereth not.'**

**Now:...the cities of Sodom and Gomorrah were destroyed because of the same evil that these people carry out. They are filled with the thoughts of evil, and seek to reduce your thinking to their level.**

**Now: God said they are natural brute beasts...now listen to this, and don't go out of here and say that Dr. Swift ordered a program on these people. Listen to what Peter said as the Spirit of God moved on him:....'But these are natural Brute Beasts. made to be taken and destroyed, for they speak evil of things they do not understand; and shall utterly perish in their own corruption.'**

**Now:...apparently the best way to save the body of God's people is to find the actual Antibiotic which kills the germ that attacks us. Listen...'Their eyes are full of adultery, and they cannot cease from sin, they exercise their covetness against you, and they practice their work against you, for they are accursed children of the darkness.'**

**Did you know that the word Adultery is a most misunderstood word, as to its original origin. There were other patterns and words that meet the social and unethical crimes of your society. But in the 10 Commandments the word was...ADULLAMAS..and it meant those shalt not cohabit with another race. That is how it used to be written, and it is how the Zohar interpreted it. For to mix two kinds of fluids or two substances together is to adulterate it. You don't water milk or add water to gasoline or you have adulterated it. Thus you don't mix two races, or you have adulterated each. Adultery was the co-habitation of two races, the mixing of bloods. I only show you this because it was a part of the Commandments.**

**These people who have sought to mongrelize God's people in every generation are in our midst today with their B'nai B'rith and their brotherhood programs, for the mixing of the races. I want you to know that this is only a part of this declaration. God talks about how they try to lure people into lust which they picture before them all the time with wantonness. At the same time while the promise is for liberty, they themselves corrupt and destroy and take all the liberty from men. You know that is the way they talk..liberty, and equality, and fraternity among men. But they have taken those words and changed them from true liberty and equality and fraternity among brothers to try to involve the fraternity of the world. And equality of people who do not possess it, and then they would take your liberty while talking about it.**

**We have mentioned several things at different times, but this love of money is listed as the root of all evil. **Listen:..I only add this so that it may go out over the tape to the many thousands who will hear this:...The great curse of the program of Great Evil, is that they plan to gain control of all the production and all the blessings, and all the life, and substance of our nation. To do that they try to gain control of something which they call money, and then they tell you that you can't understand it so you let them take care of it for you. And then they train Presidents to say...let trained money experts handle the money, and then all those who are given the power to do this belong to the private Banking systems of International Jewry of the House of Rothchild. From the days when the 1/2 Jew..Col. House persuaded the Congress to turn the money of the U.S. over to the Federal Reserve Bank System you have been in the hands of the International Banks, who distribute your money at 60% profit.**

**Someone said:..but that is not true Dr. Swift. Yes it is. Understand this:...Col. House was told that he did a good job turning the money system of the United States into the hands of his mothers people, and then those people thanked him and promised him a reward. But every time that they circulated money for development, and to meet payrolls, and for the building of America, its backed by the production of things produced, and is then retired by them for the profits. Or every dollar they get they print 10, and then they don't just loan out 1 dollar, for 10% interest but they loan out 10 dollars at 10%. Then they loan out anywhere from 3 to 6 dollars on shorter runs and get much, much more. If at the end of the year when they turn back the dollar for remeasure and balance out the dollar, they have already made the interest on 10 dollars or more, instead of on just one dollar. So on the one original dollar they received approximately 60% interest. They had already made because they had loaned the ten dollars out and then they brought the ten dollars back which was their own Federal Reserve notes and re-balanced the one dollar with the Government, but they have taken that out of America's substance and out of America's life by that manipulation 60 cents for every dollar your government put in circulation....thru their hands. For this 60 cents they did nothing. Someone said:...but Dr. Swift, I don't understand that. But that is because they told you that you couldn't understand it. Yes...I understand it perfectly and I understand exactly what they did, and you can understand it also. I think Christian America ought to stand and say....They are not going to do that anymore.**

**Franklin D. Roosevelt was surrounded by these money masters and one day they took away your gold and said you couldn't have it. Said we will raise the price from \$20.00 to \$35.00 per ounce, and that meant that you now had to have \$15.00 more to be equal to the ounce, but now you couldn't even own it. All the world could get it, but you couldn't have it. Your money was devalued 40% that day, and**

savings were immediately devalued because all over the world the American dollar would not buy as much gold, only a per cent of as much as it did the day before. Who had the power to do that? When the President demanded and got more power put in his hands by Congress he suddenly, for Babylon's sake, took your gold away. And from that date your gold has ben going out of your nation at a terrific rate every since that date. No matter how much you get, or how much you buy...out it goes. Do you know that you cannot ship it to other countries unless they can exchange dollar credit for it, but these Jews who have been milking America, and foreign enterprise all over the world are never satisfied, but they want more and more of it.

I was made aware the other day of this fact, that powerful men such as Barney Baruch had power to buy gold for export and all purposes, but you try to get it and you find that only a handful of Jews have that power today. Do you know that they can buy that gold in your country at the going price, but its a lot higher outside of your country on the world market. But they can use this gold here to manufacture things and then they ship the goods out. The great conspiracy's goal is to get all the gold they can out of this country and into Israeli and Russia. Someone says:...my, that is a terrible thing, it will destroy us, as our law says that we have to have so much gold here to back the Federal Reserve notes in circulation, and we have to have 25% of all the currency in circulation back by silver. But do you know that with the influx and out-go of silver, and with the consumption as we use it commercially, as we use it and with our ability to buy it from the government, even then at a rate that has been lower than the national, international rate...then our supply of silver has also gone down. We lost 300 million ounces of it just a month ago. We have less, my friends than the 25% that is required for backing. I believe there is only 63 million ounces of silver left in the treasury...not very much. Today International Finance snapped its finger, but it wasn't in the front news, but it was on the financial page. Mr. Kennedy said that he was going to require that the Treasury Department stop the out-go of silver at the present price. And that silver should become a free commodity sold on the market at the price it would draw which is about \$1.25 or \$1.30 per ounce. Which means that freeing it from the monetary silver certificate is stating that the only money you have in your pocket is a silver dollar, or certificate, or any coin that you have. Outside of that the only money you have is a paper dollar which says:...this is a silver certificate..this is United States's money redeemable in silver, and then you will discover that now these are off the market. No longer will you have a silver certificate of any denomination, or even a silver dollar. But the plan of the President is that you will only have the golden certificate of the Federal Reserve, but you can't have the gold it represents.

So now...off of silver and back on the golden paper. The President waits now for the Congress to abdicate more of its power. I will show you the real danger in all this, for the Congress to go along with this they have to relieve themselves from the act which empowered them to establish and coin money. And they determine the silver content of this dollar, but the President wants them to submit that power

to his hands and then your dollar will lose 30% of its value. Labor which prides itself by its liberalism has been led around by its nose by its leadership, and have inflated themselves out of their share of the markets of the world, but now they think they have a certain stabilization, if they can just hold where they are but the President with a single stroke...if this power is given to him...can take 30% out of every dollar of the workers, but their taxes will go on up anyhow.

This just happened in the past week. This is your dollar and if Congress abdicates, as Mr. Ball who now is moved from Economic Advisor to the President to the position of Assistant Secretary of State...and he says that there is no doubt that the Congress will give the President his way, even to the tariffs. They are trying to remove the wall of your tariffs around your nation which is to protect your laborers, and protect the market of America which pays for what it gets, and keeps the money at home. And most of the money you think you get for goods sold to foreign countries ...you first had to give them the money to buy it with.

Someone said:...but see the large volume of business we do, that keeps things going. This is not true my friends, if you have to give away a large part of the volume that you sold. You might as well have taken that time off and enjoyed yourself, for you didn't receive anything for the labor that you had to provide the money for to buy the goods. The great Unimark of Europe is strong tonight, and it is manufacturing good goods of quality at 30% less than what we are producing the same for. Then it puts up a tariff that makes it even cost more, so we aren't selling anything in Europe. So the President is worried about this market, so he tells the Congress...I want the power to make any agreement, I will tell them that we won't put any tariff on your goods, if you don't put any on ours. In an instant that would mean that the rest of our American Business would go into the European, or Japanese Market because we cannot compete with their wage scale being 30% lower than ours, with the same quality of goods being produced and their purchasing power being as high. But the President says: ...It is only your money, so we will take care of that, and we will just take silver and throw it loose. That will knock down at the world price... the American dollars amount of silver in its content. 305 will put it down to their level, and everything will go along smooth, and America by this route has dropped another 30% in her living standard, and we are getting closer to the Mexican people all the time.

This is 'Mystery Babylon', but I am going to tell you again that behind this...behind all your economic problems, and most of the catastrophes that invade your economic field are the manipulations God said...was Mystery Babylon.

There is only one thing which I cannot understand, that is...there is this intense desire upon all parts of Satans children to corner all the gold and silver in the world. And if they had it all in a pile down in Jerusalem, and they sat on it...still

they couldn't eat it and it wouldn't do them any good, but they would sell their souls for it.

Now:...people think this is a terrible catastrophe, their taking the gold all out of here. We have more people worrying about the gold in Fort Knox than we do have worrying about what they are putting in childrens heads in school. But let me tell you this...you: are about to see a great wave of spiritual power move across your nation, and when America suddenly realizes that their money is founded on a Reserve System that is not founded on reality, they will then know that their body politic has been bought and moved into avenues of chicanery. Namely by those avenues of expenditure and money. And they are going to know that all this influence and power has helped to corrupt our society, and they are going to remember that the Constitution gave the power of this control to the Congress and they are going to tell the Congress of the U.S., to once more establish an American currency system with a U.S. Bank, and they are going to have to issue the money ...against production. And production money doesn't need gold and silver, but it will buy food, and houses and clothes, and it will have the same value 20 years from now, that it has today. You will have just weights and measures under that system.

Do you know what Babylon is going to find out? That they have just cheated themselves out of their own control. And the cry of the people is going to end their control.

Someone said:...do you mean that my isn't going to be worth as much in a little while as it is now? It means that your money is only worth as much as Babylon says it is...right now...and unless the Congress asserts itself to protect you this will continue. It means also that the cry of prophecy is that a great and strange economic upheaval is in the making and that these things are all a part of this world conspiracy on the part of your enemy. The Soviet Union is in this conspiracy on the part of your enemy. The Soviet Union is in this conspiracy, and World Jewry is in it. Did you know that World Jewry has been moving their wealth and their families to Rio De Janeiro, and Mexico City, and other areas? They are getting their families wealth out of the area where they are afraid the fall is going to come, and where they think they will get the blame for what they have done. Did you know that the 'guilty flee' before any man pursues them? I tell you this...that this sick body of American politics and policy is quite demonstrated, when in an open acknowledgement the enemies of Christ, and of World Communism move to make war on our nation. And we call up our military to train our people and to rise up against Communism, and then the power and influence of these forces of evil would actually demote our generals and chastise them for their leadership in this field, to satisfy the voice of the Internationalists. The other day I was in San Francisco and the B'ani B'rith issued a call for its members to fight anti-communists, and against the left wing were also against Jewry. They came right out and said that in the local paper.

**I want you to know that you can accept the words of Jesus, that you can give a re-affirmation to the morals and standards of your race. Society is built around the home and around God's Blessings, and that cooperation of thrift that makes a home a solid bulwark against the problems of the whole world, and then joins the community with its association, and the church with its fellowship, and with its people. And the whole structure of society with a mutual respect toward God, and toward the principals of that society..until men are willing to die to defend it. That is a society that remains strong. I want you to know that God has called for you to awake. He said that the wrath is going to rise in your countenance, and the Cainanites are going to leave your nation, for fear that they have been found out.**

**As we look at these problems of our times, as you discuss it, and tell it, tell it, tell it then as you awaken everywhere as to what is going on. And as people discover that they are being exploited and being taken by the enemies of Your Faith and are seeking to change the next generation by controlling the minds of their children. And even turning them against their parents, both in discipline and in the things they have been taught from their youth, them My Friends, it is time for you to rise and look after your posterity, by rising to stop this evil. Going right to the root of it and sending every pagan teacher back where they came from. Deport them as undesirable's....aliens.**

**Someone said:..but isn't it a wonderful thing, the Attorney General is going to process Communists and if they don't register then the Supreme Court says that have to register by December 20., and they have Gus Hall under indictment, so we are moving in the right direction. Well...anything that is against Communism is good, but I wonder what happened to that court that postponed it so long, and didn't follow out the full intent of the McCarron Act that was made so that all Communists had to register. Now, we are just going to have the leadership register, and they are juggling around until only a few of them will actually register. What we need in America is not the registration of Communist's, we should have the imprisonment of Communists.**

**You say why is that? Because they are trying to overthrow our country. They are trying to overthrow our country with force and violence, and revolution, and they are not a rightful Political Party, and everyone in this country knows it.**

**Now we are faced with the fact that God has a program for all this. He tells His people to turn the whole influence of their Faith and their culture to the development of the kind of a nation which God wants to lead the Kingdom. And He is calling for white men to build a white Christian society and to sustain it.**

**It is right that you think Christian, buy Christian, vote Christian, and let me assure you of this...you must eliminate from your society and by every means at your disposal, the Power that is destroying you. You say... how do we do that? We have a process by which to do that, and if the machine has broken down then build a new one. But you are a majority as yet for there is 140 million of you. They tell us there are 40 million more... 5 million more than in the last 6 months. There are 185 million people in America now and it is important that you determine that your white Christian civilization rules, to determine Americas Destiny before it is too late.**

**It is Christian for you to believe in Christ to follow His instructions. The Blueprint of this Book calls for white Christian Nations to rule the world, it calls for them to rule their own Administration, and to stand by the standards of Divine Law, and to build a New Age. They way to heal the body politic is to go right to the source of its sickness. This process is totally Christian, we believe, and you can eliminate Jews from every sphere of your lives, by cutting off the source of their supply. Don't let them be elected to any political office, and remove anyone from office who appoints one. Do not then let them teach your children or hire any of their agents to teach them. Do not pay them for anything, and cut them off economically, and if they have to live on their own parasitical selves they will leave.**

**Someone said:..But they are not the only solution...they are the beginning of evil in America. We don't have time to discuss all the great evil taking place in the economic world, but we will have more to say about it later, for it has its relationship to even the measurements of the Heavens, and the patterns of the Most High.**

**What America needs tonight is the Christ. To think like Christ, and act like Christ did. If anyone in America acted like Christ you would get a great big scourge and then you would go out and drive them off the body politic, and out of the banking business, and the seats of Administration, because Christ drove them off the steps of the Temple, and He said they had made the house a den of thieves, and murderers, and you would be doing His work. Someone said:..Maybe we should go out and preach to them, and bid them come. You can't...because Jesus said to them...'Ye are not my sheep, and you cannot understand me.' For they would deliver you up to their synagogues and to the rulers whom they control. But thank God tonight for the assurance, when this thing is over, that it is going to be a great New World Order, built on the principals of Light and Liberty which no one can destroy.**

**For no one can break the Freedoms of God's People. (End of this message)**

## **HELP FROM THE HEAVENS**

**By Dr. Wesley A. Swift**

**12-5-61**

**As we move into our subject of 'Help from the Heavens,' there is not doubt in my mind that we have arrived at one of the most spectacular times in our history. We believe that we are again going to see the hand of Divine energy and power lifted for the protection of God's Kingdom. We will see forces out of the dimensions and out of the areas even from beyond our own solar system, become involved in human affairs. The majesty of such a spectacle is beyond even our ability to imagine, because we have not experienced these things in our recollections. But we beheld the massive forces of the MOST HIGH in the ages before we dwelt in this earth, where we now dwell. There are certain things that require and demand that there be a great call by God's people for such an hour.**

**I just had called to my attention, a disturbing factor which should require all of the legal abilities of those associated with the church and the Kingdom of God to so act. I happen to have the Shipners paper which is published in Spokane, WA., where he has been preaching the Gospel of the Kingdom, and his church has been in existence for some time. And in the carrying on of the conduct of his ministry like every other Kingdom minister, we would be compelled to recognize the violation of Divine Law which takes place on national levels. And as such, as Kingdom ministers are aware that it is a violation of Divine Law---this gathering ourselves together with pagan countries and evil forces such as the United Nations. And so--he had denounced the United Nations and the mongrelization of our society as would be expected from any other pulpit which talks about the Gospel of God's Kingdom. I am holding in my hands now for September 24, 1961, this report from the Prophetic Herald, that he was notified by the Internal Revenue Department-----'that altho you state that your magazine is religious in nature, however, copies show that parts of the magazine are devoted to political and social and Constitutional amendments and co-existence. It is the conclusion of the Federal Revenue Office, that Federal Income Tax on your organization must be paid. And the Federal Office of Revenue has concluded that this tax must be paid also for all the time of your existence. All contributions to you will no longer be deductible. Charitable contributions under Section 170 of the code.' Thus, what is there left for the church to do when it cannot denounce the forces of evil and those events which take place in our nation, to fulfill the instructions of God to denounce this situation?**

Now, whereas this is leveled against Mr. Shipner and basically because he published a paper, and in this paper he has criticized the United Nations and every other hellish program that needs criticism. Now the Internal Revenue has come back upon him to take revenge and has taken away from him all tax exemption from his paper and therefore from his organizations as such. The fact remains, altho we do not have all of the ramifications of this situation, it is essential that we recognize that the Catholic Church has always reserved the right in dealing with its parishioners to discuss or to oppose any political, social or economic development which is to them 'cannon law' and which to them is diametrically opposed to the position of the church. I am not here to argue politics or the divisions between the Protestant and the Catholic church. But in all of my life the Catholic church has been carrying out this function. And I have ample evidence to prove and I think it is within its own right to do so, as it relates to its parishioners--to speak out against that which it opposes. And we also as Protestants, have an equal right to speak out against all the things we are opposed to. And we have the right as Christians and as ministers of the Gospel to say, 'Thus saith the LORD' when the content of the scriptures and the word oppose things which are done whether the nation goes along with this evil or not.

I am going to re-comment before long before a Patriot staff that the proper liberal advice in this case be given. For I think we can lift this situation or upset it so that there will be a great rise to the colors of both Catholics and Protestants. Because if this rule is applied then no church would have the right to advise its people on the basis of 'Thus saith the LORD' or condemn such policy as that of the United Nations or such policies taken in this social revolution to mongrelize God's Kingdom and to violate HIS Law. The church is one institution which is supposed to be completely exempt from pressure and control by the Federal Government, when the operation of its duty it speaks out on the things which the clergy feels it is vital to speak upon. I think if they want to start in on the Methodist, and the Baptist, and Presbyterians and every other denomination where that minister is a Communist and supports the principles of Communism, and opposes things of vital interest to the United States Government---I know of 'Red' ministers in the Methodist church, in the Baptist churches and in the Presbyterian churches that should be defrocked and would be better if they were in a concentration camp. What they do not know if they start this,---and altho there may not be any particular organizational unity between the clergy and the Gospel of the Kingdom and their various organizations,---there is one thing that you cannot do,---you start attacking the truth and the rights of men, and this will be like raising the 'red flag' before the bull because the Kingdom of God is not going to stand still before this kind of pressure.

Now, there may be and probably is one or two who will report back on this situation. But you move this way and we will bind the powers of darkness and call for the judgements of God upon the operator and those who participate in that kind of activity. And they can move out of the scene just as quickly as anyone else. Already we are in the time when the power and the word is not only 'nigh unto you,'

and thy mouth, but the ministers of God's Kingdom and the churches of Jesus the Christ, have the power and the authority and they can bring the blast of heaven down upon their opponents. If you think this is not true, then I tell you that this is the challenge of this hour. If there is one thing that I would advise, never at any time when carrying on the battle against God's Kingdom, never compromise. And never at any time permit some of the enemy to come thru. And never at any time say that some of the plans of the enemy may be good.

It is the policy of this platform and this pulpit in the office of representing this Kingdom and this Church of Jesus the Christ, to oppose evil wherever we find it, and wherever it raises a question about the government or around government or any race or any place where it is against the program of the Kingdom of God and your race. And all of heaven will back up that position. There is no doubt that we are in one of the most serious periods of your history. When I say that, it is because every political force in the world, active and working for survival is lining up now between the two forces which are in a struggle for the world. If you think that you are not engaged in a war, then you are very foolish. When General Walker resigned last week, he came up with some very interesting observations. He said that he resigned from the army so that he could carry out what he thought was necessary as to warning our society. He said we are already at war and we are losing it. Of course, there is a spiritual side to this which is very strong. We are at the present in war and we are losing as far as the temporary situation is concerned. But this is just a skirmish in the midst of the battle. And when we have consummated the events which are ahead, we are going to win this war and we are going to defeat the powers of darkness. We are going to win this war and we are going to defeat the powers of darkness and all who serve them. And men like General Walker will have their names written in the fields of Glory for their stands against the powers of darkness. And little men who removed him from his command, whether in the Pentagon or Government or anywhere else, will no longer be remembered by the people of the nations. But I want you who understand to know that we are at war. And the way the war was conducted in past history was that a nation put all of its efforts into winning it. And it is essential that we win this struggle. And it is essential that we apply ourselves to the principals by which victory can come. We have to remove the power of the enemy from every branch of government in these United States. And we must sever his influence from every contact of our international, internal and social affairs. We must liberate our society from the pressures, the brainwashing, and these phases of war which are directed against us. We must elect in these United States, as a Christians responsibility, Christians who believe in the destiny of the Kingdom of God on the face of the earth and know what they mean when they say, 'THY KINGDOM COME, THY WILL BE DONE, ON EARTH AS IT IS IN HEAVEN.' After all, most Christians say that prayer and there can be no action taken by anyone while you are trying to fulfill that prayer. A great number of people have been waiting for the Kingdom to come. And you were told to build it.

**The time has come when we must participate in the thing which God has put in your hands. The word is nigh unto you, it is even in thy mouth. It is by thy command, it is by thy faith. And we have approached an hour when it is most important for us to know.**

**There is no question when I tell you that all the world is winding up and all the new programs are on the side of our enemy. They only remain neutral so as to take money out of our pockets. And we have today this slogan ‘the New Frontier.’ And this is basically what the Almighty talks about when HE says that ‘they are neither hot nor cold.’ Yet at the same time, they do nothing for the Kingdom of God. They would be spewed out of the mouth of God as to having any value for HIS Kingdom. But strangely enough, that ‘new frontier’ becomes basically the same frontier as the socialist revolution. And we point out to you that under this situation, what we are being told is that the national way of our life is not according to the background of our origin, or ever our Constitution. I think we are in the middle of a great internal struggle for America. And many people have not taken this as seriously as they should. It is most essential that all Christian forces with Christian vision and Faith and with the understanding of the destiny of God’s Kingdom, Marshall their power and take every avenue to obtain victory in these United States. I think this is not moving backwards. One of the leaders in the Republican Party made this statement the other day, but he has been brainwashed and needs his own head examined. He said, ‘what the extreme ‘right’ and these conservatives better find out is that never is the stone of destiny rolled backward. And what they don’t like and what is liberalism is a ‘new social responsibility to distribute the wealth all over the world and see that everyone prospers. And they will not be able to roll it back, so the conservative better get in step, join the major political party of their choice, and help roll the stone forward.’(unquote)**

**Well, that is a pretty good piece of propaganda which has been rolled up in his mouth. And some of the Republicans are just as bad as some of the Democrats and the Socialists of the world. That does not mean that all the Democrats and all of the Republicans are. But that is not in support of what the party is now for but in belief in the traditions of what they once were.**

**Now, I want you to know that we are in one of the most unusual periods in history, because all over the world while men are playing house in the United Nations, and seek disarmament conferences, yet they are building the mightiest war machine on the face of the earth. In fact, now we are planning unwise tactics. We have produced atom bombs and Hydrogen bombs, and cobalt bombs that are so deadly, that they wipe out all life where it falls or passes. But even we are moving into a new area with a bomb which we do not have complete control of. We are manufacturing a neutron bomb. And the difference in a neutron bomb when exploded high in space with a nuclear blast, there is no great detonation as it destroys communities and towns. But out of it comes a light and vibrations which destroy all human life. It will leave buildings standing, not contaminated, not**

**touched, but destroys all human life with all the nervous systems of men broken apart and their life snuffed out by a neutron bomb.**

**Now, we are developing this weapon because we believe that the Russians are working on one as well. So you see, that if the world would continue at the rate that it is now going, and if by the strategy of the enemy, you find yourself equally compelled to use this weapon of destruction, the world would find itself out of the reaching for defense. Oh, you say, 'I don't think we have to worry about that.' No, but you better understand that at the rate which the world is going, if they were able to accomplish the things that they were designing, and the medium of death that they are preparing, then there would not be anyone left on earth to write about it in years to come.**

**You now understand why the scripture says that the time must be shortened for the Elects sake. Now, listen. The time must be shortened for the Elects sake. Divine intervention and great weight of spiritual energy will fall upon the earth to create activity in the mind of the children of God to get them to take definitely spiritual and social and political action--to take the proper military steps to get them to do the things that are right. This is going to take place. More than that, from the areas of space will come the great intervention. You are going to see heaven taking a hand. The mighty hosts of heaven are going to become involved because God said, 'I am going to shorten these events lest there be no flesh saved.' HE is not shortening it for Africa or Asia, but HE is shortening it for the Elects sake.**

**Someone said we should not talk about a Chosen people or a select race or a Master race in the earth. Why shouldn't we talk about it? Because the brainwashed don't want us to? Why should we not acknowledge what God has already said? Are we going to repudiate the Book? This tells me that you are not only the Apple of God's eye, but you are the treasure hid in the field which is the world. And HE would give all of Africa and Asia for you if it was necessary. Now, don't go out of here mourning for Africa and Asia, for if they had their way, they would eat you up. That's right. Maybe not Asia, but Africa would. And by the time that Asia got thru with all of their loving of the flowers, they would have you reduced to slavery. They were not smart enough to keep themselves from falling into the grip of World Communism, but joined it. The strange pattern of the Oriental is to execute his grandfather because he is too old and then ask for his money back at the grave. There is a difference between you and the Asiatic. There is a difference between you and Africa. And we recognize that difference and we will do everything in the power which shall be unveiled in the Kingdom of God to put Africa and Asia in proper relationship with Divine Law and to develop the capacities which they cannot develop without your guidance and assistance. But we are not ready under the plans of the anti-Christ and the powers of darkness to be rolled into one**

cosmopolitan mass in which we are absorbed or reduced to slavery by the powers of evil.

The forces of the world order have decided that they can wipe you out and still retain some sense of survival. Only two weeks ago, from the Congress of Communist China, before they went over to attend the 22nd Communist convention, they said that if they could help to stimulate a World War between the Communist and Capitalist nations, especially the U.S., they were going to do that. They said there are so many of us scattered over China and the Steppes of Asia, that altho we lost 40 million of our people in this struggle, we would also destroy millions in America and throughout the nations of the Capitalist world. Even if there were only one-third of us (Asiatics) left it would be worth it. And we are willing to participate at once.

Someone said, 'But Mr. Khrushchev is a little more cunning than this, for he does not want to lose one half of the Soviet Empire.' But Mr. Khrushchev is also built up with an ego thinking he can strike suddenly with a treacherous blow while we are talking peace and disarmament until we could not do anything to hinder him. And we would be reduced to slavery. This is his plan.

Now, it does not make any difference what he says or what Mr. Kennedy says, or what our State Department thinks he means. The Bible reveals that they are going to make a sudden and treacherous attack against God's Kingdom, when we have leadership which cannot see the hand writing on the wall--altho they do not trust our enemy. If they trusted the enemy, then they wouldn't talk of building air-raid shelters. Everyone thinks they will hit first and knock the enemy out, except our politicians who say we will retaliate.

When the government strikes a clergyman who says he does not believe in co-existence with the enemy, then I believe it is time we reconstruct the government. Your destiny, my friends, is not co-existence with evil, nor appeasement, nor groveling to it in order to survive. We have reached a great and historic hour. In fact, for a period now which reaches back to 1954, a lot of things have happened in the earth whether you realize it or not. Do you realize that in those periods of years that you had ample evidence, altho you were not a theological student, to know that you were not dwelling alone in the Universe? In the last seven years there has been ample evidence that evolution was not the origin of the people on the face of the earth, and that you were not just one of those whims of nature and evolved and developed into what we call the human race and that came from various forms of antediluvian, and therefore, this is the only place where there is life like here on earth and it came out of a billion and one chance.

Do you know that today, the evolutionists are faced with the fact that even the computing machines have piled up evidence for them. And the mathematical factors are so great that they have come to the conclusion that it would be almost impossible to expect that evolution could have worked anywhere else in the Universe

and they have been forced to come to the conclusion that this may be the only place inhabited in the evolutionary thinking. But the fact remains, that this is not the only place which is inhabited. And of course, there is no longer any evidence for a person to believe in evolution. For in the last three months we have had the facts that intelligent men lived here and hunted, and they painted pictures, and they lived on the earth 1,750,000 years ago before the period in which the animals from which you evolved were living.

So in otherwords, you have lived in a period of time which upsets the evolutionary time of the experts. For the Father was placing things upon this earth and you were here watching HIM. You say, 'How do you know?' Because you are a child of HIS Spirit and were with HIM before the world war framed. And when HE spoke to Job, HE said, 'Son, remember these things. I recall them to your recollection, I stimulate your spiritual consciousness in this body and you will remember.'

Now, I am not unaware tonight, that the world is in a serious circumstance---then a lot of people flitting up and down the Broadway's of our nation amusing themselves with every temporary amusement and hiding themselves from reality. I am aware that there are a great number of people filled with ambition and already exploding with their pride, standing in the hall of responsibility in Washington, D.C., and in the State capitals of our nation, are also asleep as to what is going on. I am also aware that many people are uninterested in anything but their own personal gain, are employed in the various avenues of development in the defense industry are only interested in the pay check and the pleasure which it purchases and pay little attention to where the world is going, or what it is that is taking place.

Now, I know that these people are asleep. And I am not condemning these people. But I am telling you that they are going to wake up one of these days, in the midst of the most earth shaking time in all history. And they won't know what it is all about. Yet I want you to know that one-fifth of America is waking up to its problems. Is waking up to the inner menace within these United States to something that threatens all of the Christian world. And among that one-fifth of awakening Americans there is a large number of people who have been made to know the instruction of 'Thus saith the LORD.' Because their ministers and contacts have spoken to them at times concerning the truth of the Book. Thus they are aware of more truth and the things of God than any other denomination. And I am going to make this statement, tonight. Anyone who knows what you know about your race, about God's Covenant with it, about the nations of the race and their destiny, ---anyone who knows about who the enemy is and where the Jews came from and what they stand for, anyone who knows this then knows more than all of the Methodist, Baptist and Presbyterian preachers and all of the rest of them put together. And I tell you that with exception, of such clergymen within these churches who know or a part of what you know.

**You say, 'Why is this?' Because you have the unlimited expanse of the ability to believe God and the things which HE said. And you are not limited to one book but by all the revelation which God has poured out. I want you to know tonight, that probably to be free from all of the religions hierarchies that bind down mens minds is one of the first keys to human liberty. There is such a thing as being set free in God, but not out of HIM. But do not think that everything which carries HIS name is in HIM. I want you to know that the most important problem of our time from the standpoint of earth logistics, is the survival of our race. I am positive that in the getting rid of the destructive power of the Zionists of our country by vision and inspiration, altho they may not understand from whence this comes, they are capable of defending and then defeating an enemy. But I am also aware of the intrigue that is taking place within the services and within the Government to make much of this victory unless a miracle such as the eradication of evil takes place, and gets busy in separating the powers of evil out of our civilization, our services and branches of government. I am aware that it would be almost a 'Herculean' task for you or any company of experts including the American Activities Committee for whom I have great respect, or for the Internal Security Committee or the Justice Department,---it would be a perfect impasse, if they were given the energy to do it in the next thirty days, to pick up the enemies or the conspirators---everyone who delivers into the hands of the enemy---and put them in the proper locked up position they belong in. Concentration camps if you will, but camps that concentrate the enemy in the hours of need. I tell you that it would be a 'Herculean' task to do it within thirty days.**

**You say, 'But if that call of the zero hour came you would not have thirty days.' Now, but you could have, even tho Angels had charge over you; even as there is a guardian Angel with administrating power at the service of all of God's children. Even tho you may not know it, but in this very room you are surrounded by a great company of witnesses. And I want you to know that in dimensions unseen by the natural eye, but visible to the spiritual eye, as released to the servant when he said, 'Open his eyes so that he might see.' Then you would see that there is standing by, unlimited forces from spiritual dimensions. Someone said, 'But I am unable to believe anything that I cannot see, therefore, I can't see that there is anything around that can do me any good.' Someone said, 'I want you to prove that they are there.' My friends, you do not have to prove that they are there. Anyone who does not have the capacity tonight, or who is not stimulated tonight, by what God has already done, and demonstrated, is not worthy of you support. You don't have to lift from him the doubts, just go on down the road until he is ready to believe the truth. Because if these fellows want to suffer without the truth, then let them suffer. Because a person in the earth who dwells without God, and thinks he is going to win all these things by his own material ability, is going to find himself in very serious trouble when he tries to accomplish it. The only reason I know how bad things are, is because everyone reports how bad it is in their department and in their areas, and how bad I know it would have to be because of what the Bible tells me about it. When even the people inside the centers of worship become the seed which the forces of darkness try to use to turn people from the great truths,**

blinding them. And in the high positions of government there is much disloyalty; when in high positions of authority the enemy is able to get to their opinions; when a great nation of God's Kingdom, a White race nation, a nation founded by White Christians and their Constitution was developed by them, reaches such a point of disintegration--reaches a position wherein they abandon the faith of our fathers in the interpretation of their laws---YOU ARE IN TROUBLE.

Now, someone says, 'How can you prove that this is a White race nation?' Because every one of our founding fathers who drew up the Constitution of the United States was a White man. Now without any offense to the Negro as it relates to a race, there happened to be some here at that time. Because the Jews were selling them as slaves. They admit this in the book 'Marannon' published by the Jewish publication society. The fact remains, that our forefathers drew up the Constitution and they drew it up to establish human liberty. And they did not consider that the Negroes of that time fell into that category. So the Constitution was not written for the Negroes. Did you know that? Now at all. The Constitution of the United States was written for White men and they believed that White men constituted its citizenship. Oh, you say there have been lots of changes since that. A lot of wars have been fought, and slavery has been abolished. But I am telling you what our founding fathers created when they created the Constitution. I am not telling you about all the things that have slipped between here and there. I am talking about what they designed. The Constitution is what it was intended to be, not what some say it says today.

So I tell you that you are a great nation of God's Kingdom. But we are in trouble. We are in trouble when they can mix our schools with those of other races. We are in trouble with they can tell an employer that he must hire others with mixed philosophies, which he does not want to hire in his own place of business. We are in trouble when a railroad cannot discharge a person because they say he is doing this because this was a member of another race. All these are symptoms of trouble. You are in trouble when 33 percent of all of the income produced by the United States goes away in taxes. 33%---Oh, you say, 'I don't pay that.' But you figure it up. For you do before you are through. 33 percent goes away in taxes and no nation has ever survived that before. And if you continue with this, you will not survive.

I know that we are in trouble when five-sixths of the world is beginning to rally around behind the banner of the anti-Christ. I know we are in trouble when a conqueror and a ruler and a figure of power in that Empire says, 'I am going to bury you.' Then you are in trouble. But I also know that the Bible says that there will be such a time of trouble for our race as we have never had before.

Now, HE did not say--don't go to bed, stay up all night and worry. And He did not say stay up all night and pray about it either. Because HE told you how it was going to happen and also how it was going to end. Someone said, 'But if I get frightened enough, I stay up all night.' Sure, some people will. But I am not asking you to get frightened. I am asking you to be a realist. Do you know why? Because we are in

**the time of 'Jacob's Trouble.' The Bible tells us that the anti-Christ seems to be in power. I want you to know that the Bible says that they will try to gain power and try to silence the truth. They will try to fold up the church and they will try to martyr the children of God. But you have been blessed to be born in a great nation where the majority of the people are White and Christian. And they will never let them get away with this if they know about it.**

**Now, let's look over the history of the world. Did you know that there were atomic wars fought upon this earth in the past? Oh, you say, 'How could that be for we just broke the atom in 1945 and we created the nuclear explosion.' We started this in Argamaro and ended it in Hiroshima and Nagasaki. Let me tell you something. Throughout the years of antiquity, there was in this place where now stretches out the Pacific Ocean, a continent that is now beneath the waters. And out between the coast of West Africa and South America and these United States, there were masses of land which were once high above the waters. And the catastrophes which shook the world were nuclear holocausts which eventually ended with chain reactions and horrendous explosions. And it opened the earth where there was no material and the waters of the ocean rushed in and the steam and the explosions and the fury caused whole continents to subside beneath the waters of the oceans. A chain reaction of explosions started which let the waters of the ocean in and plunged these areas beneath the waters of the oceans.**

**Someone said, 'Dr. Swift, how can you be so sure of that for it happened thousands of years ago. You don't have the evidence of it and I don't find it in the book of theology, and it is not being taught in the schools.' Do you know that does not disturb me a bit. If all of this knowledge was taught in the schools, they would not have time for all of this rubbish about the United Nations that they are teaching now. But I can prove this so easily, for if you were to go out and study the bottom of the ocean just off the Azores and across that area which is so shallow that we have to put buoys there, part of that land mass is coming up. And in the last few years some of the places are like rock promontories sticking up out of the water. But those studying the bottom of the ocean tell us what is there. There are volcanic cones and volcanic mountains which start with volcanic lava which runs for twenty miles beneath the floor of the ocean. You say, 'But what does that mean?' A volcano can blow and build up under the waters but a volcano's lava will not run but one or two miles under the waters, not twenty to twenty-six miles under water. The moment that lava hits the water, it stops moving and builds up. The fact that those lava flows beneath the waters stretch for twenty to twenty-six miles, proves that they were above the waters when those lava flows were flowing. I am not trying to prove a point, this is just a geological fact, that all of these lava flows which run for miles were at one time on top of the land which was above the waters when it happened.**

More than that, there is on that ocean bottom, traces of the vegetation that has to live above the surface of the ocean and on continents such as your own forests. And yes, we do have a record. For the ancient Assyrians lived longer and they reached back in their destiny before the sinking of the continents. In the writings of the ancient Assyrians and even in the Sanskrit coming out of the upper Indus and the people of Asia, in their Sanskrit, they have a record of this catastrophe which enveloped this earlier civilization and the dwellers of the continents that went beneath the waters.

In the scriptures we have this story of the rebellion in the heavens and the casting to earth of the rebellious one. Strangely enough, in the ancient Sanskrit and the ancient Asiatic people called these flying vessels---their flying ships were dynamic and they talked about the battles in the sky and how some of these ships came to earth and new gods arrived. They tell about how the land plunged beneath the waters on two sides of the earth. They tell about great explosions and mighty fires and how people died from the explosions and the fires. They tell of the battles between the ships of space. They tell of the coming of the 'dark and curly' headed ones and this was the first time the Negro was seen on the face of the earth. And those are the records that go back to the remembrance of the people of ancient India.

It might interest you to know, that the ancient Chinese also have records of the ancient sinking of the continent and the walls of their ancestors, walls like the Great Wall of China which plunged beneath the waters of the Pacific. And we discover that when making an investigation around Easter Island, where they found these great walls going out for miles on the ocean floor. They were not built there underneath the waters, but built there when these continents were above the waters on this earth. Nuclear holocausts wiped out civilizations in ancient times of people who were under the control of a fallen Archangel. But there were some who survived.

In millenniums after this, now distraught with violence and trouble, the Eternal Father sent the Adamic race, HIS believing offspring physically into the world that there might be bodies for HIS spiritual children to dwell in. And you are members of that last great race strain. You are the people of HIS own Household sent here to build HIS Kingdom. But I want you to know that in those seventy-four to seventy-five years of your existence, you have arrived at the great trouble points of your history. You are now one-sixth of the worlds population. And now the enemy would, if he could, drive you from the face of the earth.

Now, this power in the heavens of this rebellion was defeated by a powerful Archangel who had command of all of God's hosts and this one was known as Michael the Archangel. And someone asked how many of these great ships of God that there were. But the Universe has known for a long time. They give this measure of 126 trillion suns and multiply that by ten which is what the electronic telescope has been able to tell you that these are the furthestmost ones you can see of

creative forces. And for me to stand here and tell you how many ships of space there are would be a very foolish thing. But for me to be ignorant enough to tell you that everyone who ever lived on the earth evolved out of a mass of protoplasm by a billion to one chance which the Evolutionists require, would be more insane.

Now, you are not alone. People may have thought that they were alone until 1954 when a whole fleet of bouncing ships were seen flying over the mountains of the State of Washington. It was not long after when Captain Mantell had his ship torn apart by the backwash of the speed of a great craft moving thru the sky fully visible to a great number of military observers as they listened to him reporting until the rending of his ship and the disintegration of it. From that day to this, there have been uncounted sightings and records concerning the visible demonstration of these thousands of crafts that are going round the earth. And these crafts are faster and are of different shapes than any of the aircraft on earth.

I know that branches of government have put silence upon this. I know that they gave the name of flying saucer and space craft at one time to all of these objects. It might not be too bad to call them flying saucers, since they were circular in shape. And some of them had a saucer appearance. But since that time, there have been many crafts which are of different shapes. For some strange reason the same people who want to brainwash you in one type of operational thinking want to brainwash you concerning the reality of what is going on around you with the denunciation from government authorities, the statement that these things were not what they were supposed to be. And they then refused to confess as to what men were seeing. And we were told that they were operational test balloons that came from the weather stations. I guess almost all of us know what an atmospheric balloon looks like. One knows that no matter how fast they move over the earth, they do not move at the speed of six or seven miles per hour and they do to go against the wind. I think we all understand that weather balloons do not show up at night, and that these are not weather balloons. Of course, in your new technological age, no longer can you be sure that all that is moving around you in space is spacecraft, for we have so many satellites now moving in space that half of the time when you look in one direction or another, there is one moving. And you know that a star should not move, or some operation that is not normal or natural. If you are out on the high desert at night and look at the sky, hardly a night goes by when as you look into the sky, that you cannot see these satellites going around the heavens. Sometimes they are going north, sometimes east, and sometimes they are traveling in the west. But you know that stars and planets constantly move toward the west. If you see something else going in another direction, then that is a space craft or a satellite, unless it be an aircraft flying low in that perimeter with its flashing lights.

Now, you say what has this to do with our subject? I will tell you just what is has to do with it. In the first place, you did not arrive here without Divine agency. HE not only started the transference of HIS children from heaven to earth, you came by the medium of birth. But let me tell you this. There has come and gone from your earth, since you have been here, Archangels---God Himself, with the embodiment of

**HIS own being, even before HIS Virgin Birth. There came to you mighty space crafts and great spaceships with beings who came and ministered unto you. They hovered over Mount Sinai. And we are told in the book of Deuteronomy, about how ten thousand of these Celestial ships of the MOST HIGH assembled in their space crafts when God gave the Law. And how God came with them and they sailed over the areas of Paran and stood over that mountain in the time of that revelation of the Law unto Moses.**

**In fact, I am going to tell you that a great number of these crafts shrouded with clouds, and held in the veil of discs, but are out of the phenomena of a great and tremendous spiritual force. We have seen them in the past---the Star of Bethlehem. The Star (Light) that went before the wise men was not a star out of space, but a light out of the heavens from a craft that went before them here in the earth. You say how do I know that? Well, you could not follow a star out in space thousands and thousands of miles, for it would not be around to direct anyone here on earth. And tho it came from the heavens, that star was a light out of the heavens of Celestial guidance. And I know that a lot of people around at that time knew that it came from outer space. I know that Angelic choirs came from outer space, for as the shepherds were watching their flocks, the music came out of space around them, and they said that above them was a great heavenly host.**

**Now, a heavenly host here on earth just above the shepherds had to have arrived from somewhere. And they told you how they came. Daniel tells me that thousands upon thousands came, and that leaves me in the upper millions and more even into the billions where the streaks of fire before the throne of God and Michael the Archangel commands them.**

**Someone said, 'Dr. Swift, do you believe all of these things which are said about spacecraft and messengers from space?' No, I don't believe hardly any of them. But I do think that one of the biggest rackets on earth, is for someone to speak here and there and say that they were taken up in a space craft, or that someone came here from outer space, and then tries to tell you how to live.---And they want to sell a book.**

**Now, do not let this hurt your feelings, but anyone who comes from outer space and asks a question and then tries to sell a book, is not a heavenly sent messenger, because he does not have to do this. I am not talking about the conduct of the church or the ministers of God who are His messengers or His Oracles, but their support is by tithe and offering and they are dwelling in physical bodies, and they are living here and subject to the conditions and the necessity of how you operate. But not so the Hosts of heaven. For someone who is smart enough to get here in a space ship is not going to tell it to someone down on the corner. He is going to tell it to the people of God. And he is going to let the whole nation know.**

When God wants to speak to you, HIS people, the trumpet is going to sound and all the sons of God will hear about it. Someone said they went to a meeting and this man says that he is a Prince of Heaven. But I do not care what you heard. The Word bears witness to me that every one of these things is phoney except, my friends, you take it out to the leaders of God's people who look for HIS appearance and declares the thing that they are waiting to hear.

Someone then said, 'You don't think anyone ever made contact?' Oh, yes. One day an Archangel came and made contact with Daniel. He said, 'I had quite a battle to get here, for the Prince of the power of the air, demonic force over the land of Persia withstood me for twenty-one days.'

Now, listen. I happen to know that the scripture bears record that Ezekiel saw these great objects which came in---in great formation with circular wheels, and how he heard the roar as they passed thru our atmosphere, as it sounded like many water falls. They moved round about and they moved in formation, and then a door opened and the God, Himself, came out. They had a throne there and one sat on it and HE looked like the Incarnate God. He had a rainbow around HIS head---the light of life. Ezekiel fell right down and said this is where I worship. But he heard these words, 'Come on, Ezekiel, you are in the presence of the MOST HIGH, you have work to do.' And before they were thru, they took him on board the ship and sailed with him over to another land. They showed him things and they taught him things. And Ezekiel the Prophet to the MOST HIGH GOD is so accurate that he even names for you that Russia and these areas of Africa were to be your enemies when anti-Christ rose up, when the enemies of Jesus the Christ started their world Communist philosophy and when the Marxist Jew produced the enemy to establish these bases, and Ezekiel told you about them.

Someone says, 'But how do we know that Ezekiel took this trip?' Well, Ezekiel said he took that trip. And Ezekiel told the truth. And I am going to tell you this. When God moved, HE always moved thru the records of HIS people. HE moved with HIS ministers. And HE moved where HIS voice and the Oracle of HIS word was accepted.

I am going to tell you that in this hour there is a great and mighty remnant. And now this word remnant does not mean just a remnant---or a little piece of torn off of something. Someone got the idea that a remnant is just a little piece of cloth torn off of something. But this word used for remnant means all that remains. And the LORD says, 'I have a great number of all that remains that has not bowed the knee to Baal in this hour.' And the people who have not bowed the knee to Baal are the people down inside of this body, in this consciousness by the spiritual guidance of an awakening God, stirring and creating and awakening which gets you opposed to all of this evil being created and they cannot turn from all of this evil which is going on.

Someone said, 'I don't know what is the matter with me, Dr. Swift. The people around me seem to be satisfied and complacent. But I am against half of the things

that I hear on the television and radio, on half of the measures that they say are good for the world---I am against them.' It is because you are right. You are against this thing that is wrong and the plot that is wrong. And you are a part of those who have not bowed the knee to Baal. You are not going to give up your principles and your faith in what God has said. You are not going to give up your liberty, your faith in Jesus Christ or the fullness of God. And you are not going to share HIM with everyone on the face of the earth that doesn't want HIM. There is a resentment in you of their evil practice. You have not bowed the knee to Baal. You can't get out of it. And it is thru you that the light is awakening and thru you the Resurrection of your whole nation is going to come. Suppose I tell you that you will not go along with this socialism or this New Frontier or anything that does not walk the chalk line to Divine Glory. I am going to tell you all, that it is those people who are going to save America. And those people are going to help lead the nations of the world. And it is thru those people that God will send HIS message.

Now, every once in a while, someone comes to me with another space revelation. They have been to another convention, another star has appeared on the scene, and he has taken trips, or he has flown in space. And he has done this or that. Well, since Jesus went away in the great cloud covered vehicle upon the mountain where HE left HIS disciples, and as they stood watching, two men stepped out of the cloud and talked to them. And since John and Paul took their heavenly trips and came back, I do not have any records of anyone of your race as to his taking any trips outside of earth. I have ample evidence however, that a great many of people have passed into that plain, and found that the forces of heaven were real close round about. They just couldn't see them. I am not about to tell you, tonight, that the vastness of space does not contain planets and plains and dimensions and you will have full access. Nor would I say to you, that there is not a great spiritual stimuli working in the seat of the inventors and the geniuses that has produced today a science and an electronics and a tying together of commodities and elements, and substances, which we have made out of metals and substances of earth and out of plastics and out of the dust of the earth---all kinds of transistors and resistors, and small devices which we have harnessed to make great machines which we use to hurl ourselves into space with, so that we can move into new horizons. We have made a mechanical brain subject to our creation and we have taken the substances of earth and blended them together. And we are getting more thrust out of our fuels, and our advanced sciences are studying forms of force which it will make it possible to hurl ships thru the air, for the electro-magnetic force of space is without fuel. You are on the edge of all those things. I believe that if you could give your race twenty years without wars, that you would be flying into space with your own inventions, and moving beyond your own solar system.

But at the present time, your energies are also diverted by the fact that we are harnessing much of our discoveries to survival. Someone said the other day, 'We

have to worry about the Russians getting ahead of us in space.' The Russians, my friends, never found out anything that they did not steal thru subversion and spies from the minds and ingenuity of the children of God. Then they harness those things from the stolen secrets while their agents in your government suppressed the development and operations while they progressed. I have the report of military expert and military expert who said that if red tape had not held us up and kept us from going ahead, we would have been ahead of the Russians all of the way.

Alright, let me tell you this. In this hour when we see all of these things developing, the first plan of your enemy is to destroy your progress and take over the earth. That is your number one problem in the defense field and in your survival. But I know why Lucifer is on the earth, as it was disclosed in Revelation, and as was declared by Jesus, that he saw him fall from out of the heavens and that he was defeated by Michael in outer space. Lucifer has regathered his forces and the minions of his power and he effected the earth thousands upon thousands of years before you arrived and he has waged war against your race since the hour when you did arrive. And now he is marshaling his forces. I am going to tell you something which is believed by a great number of navigators in the air and a great number of experts, that there are powers of darkness that are also round about us in the air. That they are Nethermost forces and that they are coming from the holes in the earth somewhere. And they are diametrically opposed to your interests and they are also responsible for the strange phenomena and the monstrous pattern of Goblin-like beings which have appeared in various parts of the earth.

Now, you may think I am strange, tonight, but I do not have the time to go into all of the details. But I can give you instant ramifications which are astounding of creatures unearthly and strange and unusual powers of darkness and evil forces, which have manifested themselves since 1954 in various parts of the earth. I can tell you that the majority of these crafts are moving in from the vastness of space. And they are not hostile unto you, for they are the hosts of Michael the Archangel. They are the armies of the MOST HIGH GOD who are standing by. They have the solution for a lot of things which you don't have the time to do yourselves. This is not, my friends, an exaggeration of the words of God, for HE said that at that time, Michael the Great Prince shall stand up for the children of My people. And there shall be such a time of trouble as there never has been since there was a nation. And yet at that same time, every one of thy people (and HE said this to Daniel) every one of thy people shall be delivered, every one whose name is written in that Book before the foundation of the world, and nothing new has been added.

Now, I could go on and tell you about some other things which are going to happen--about the time when mighty hosts of space come in, for it is told in the 12th chapter of Revelation, as it is talking about the forces of Michael. About that time when the mighty powers of God are going to be joined with it. For as Michael comes in with his forces, so will the embodied Christ come in with HIS fleet. And the very dead are going to arise up out of the dust of the earth, and that is going to be a lot of power. There is a constant review of the promises of your Father, the

**Eternal God, that I am going to stand before my armies, I am going to intervene in human affairs, and I am going to bring in the hosts of heaven. I am going to bring in kinsmen, I am going to bring in power. And instead of being outnumbered in the earth, you are going to outnumber with an outstanding force.**

**You know that is good enough for these unbelievers that tell us that there is no God. These people who shake their fist in the face of God and say that ‘we have banished HIM from the face of the earth.’ One of these days, these people are going to stand before the mighty hosts of the MOST HIGH, and on their knees they are going to break their swords and surrender to the God they say does not exist. The book of Revelation continued in this direction to make this known to you. John the Revelator, who has already traveled across the timeless expanse of God’s foreknowledge and vision, and has not been on the time track on which the earth is on, has already seen the end of this thing,---has visualized it and witnessed it. He said, ‘I saw---suddenly great and mighty armies coming out of the heavens.’ So who are they? Some of them are your kinsmen, may be relatives which have gone on. They are all coming back, you know. They are in the twinkling of an eye, going to be joined with every atom of their being which filled their bodies at one time. But they are coming back a great and mighty army.**

**Suppose I tell you that every White man who has ever fought in every White man’s army from the days that go back to the prophets, and the days of Samuel, and of the days of the armies of Saul and David, or fought in the days of Joshua or Gideon. Suppose I tell you that all of the men who have fought from the days when you battled against all the barbarian forces in the earth, on down to the armies that are of Britain, and on down to your armies, with Britain and of Germany, all thru the battles which have been fought in contemporary times. Suppose I tell you that every one of those warriors are coming back. Oh, you say, ‘But, Dr. Swift, they will not come back they are dead.’ But I tell you that there are no dead in this race. More than that, they will be back. More than that, in the hour that John saw that God is finally going to even out for you all of the martyrs that have been made and all of the trouble the forces of evil have made for you in the life of your race. And here I read that John saw all of the armies of heaven coming back, and in this hour when he describes the return of these armies, he says, ‘I beheld the great flag ship of the King, and I heard the words---‘The kingdoms of this world have become the Kingdoms of our LORD and HIS Christ, and HE shall reign forever and forever.’ And I heard it declared that the many sons and daughters of the MOST HIGH shall remain kings and priests before the MOST HIGH.’ This is you. And you are going to reign upon the earth forever and forever. I turn to the passages in this book of revelation and there is always this constant pattern, and in all of these I see the same revelation.**

**'I saw the heavens opened, and HE who led this army was all of the crowns and no man could name HIS name---unless he had the spiritual capacity to identify the Eternal YAHWEH. I saw that His vesture was dipped with blood and HIS name is called---the mighty WORD of GOD. And the armies which followed HIM, are symbols of strength by the massive numbers of white horses or this power. And every nation not of HIS Kingdom melted before HIM. And every single power that was against this Kingdom of God tried to make war against HIM. But I tell you that as strange as this may seem the powers of darkness are actually planning or would plan to make war against these heavenly armies if they were to see them coming in the skies.**

**I happen to know that in one of the Russian Assemblies, with all the pagan nations that make up that assembly, that they actually discussed the possibility of space invasion and they wondered if that would not be a way to get the Christian nations to unite with them to render aid under the threat that such an invasion would harm the earth. And in this discussion they came around to the point that they were afraid that if there were an invasion that there might be forces which would line up on our side. Thus, they planned that they would challenge this power. But it tells me in the book of Revelation, that in that hour that these assemblies of evil in the Beast nations, un-Christian societies---that the Communist and pagan world would gather their armies together and try to make war against Jesus the Christ and the armies of heaven in their race crafts when they arrive. THEY ARE GOING TO TRY IT.**

**Now, that is insanity. But they are going to try it. If you don't think that the nations of this world are insane, who do not have Christianity, then just look at some of these people who are in the nations of Christendom. It would take the FBI more than thirty days to round up all of the Communists in our nation. And they probably could not find all of them. But it will take the armies of heaven no longer than the twinkling of an eye to round up all of the enemy.**

**You say, 'How do you know?' Well, they have a spiritual discernment and they can look down and determine where every one of these of the enemy are. Did you know that they have a record in the dimension of spirit? Did you know that the armies of the MOST HIGH---under the command of Michael---has an Angel with them who has this responsibility and he has a record and he knows the dwelling place of every Jew and every Luciferian descendant and every power of darkness and every enemy of Jesus Christ in every city, town or country side of our nation and all the nations of Christendom or wherever they dwell? Yes, they know right where they are. And did you know that they have power in the crafts that they carry, and power by direct activity---and zap every one of these little individuals and put them right inside their own little concentration camp, in their own vehicles. Do you know that right not these armies of space could gather out every individual that is not a part of God's Kingdom, snatch them right up. Someone said, 'You don't really believe that?' Yes, I believe they could be snatched up just as fast as a sun dog is drawn to water. They are going to go just like that.**

**They are going to gather out every tare, everything which offends, every one of these who offends, and take them where they belong. Going to set them aside for awhile and get them out of the way. You say, but it can't be done? But I tell you that I can be done. There is deliverance from heaven. I would not be surprised that some of these people who rule one hour with the Beast---actually took the Mark in their forehead, as they gave ascent to their plans and then put their hands to doing it---they will be people who will be surprised. For they will be going along with them. Not only the Beast, the anti-Christ, and the false prophets, but also all of those who took the 'Mark' are going to go away for awhile for an educational program. A very firm one, but a necessary one.**

**I want you to know that there is standing by you tonight, with unlimited heavenly power, this mighty hosts of God's Kingdom. The other day one of the officials of a German community, deep in the heart of Western Germany, a rural community with woodlands and cities near by, was out with his motorcycle with the hand car on the side, for a drive the countryside with his daughter. And they saw a light or an intense illumination. It was in a field beyond a woods. And they became interested since this was open country and nothing to stop them, then they parked their motorcycle and they walked over to see what was there. And they saw a circular type structure with the cabin on top. And while they stood there, two individuals clothed in metallic like cloth radiant in light, walked out of the woodland, walked over to the ship and climbed up into it. And about that time, one of the Germans coughed loudly and they started up the ship and it went away with great speed which astounded the watchers---not ten years ago, not five years ago, just the other day. As it hovered over the trees and then disappeared, other Germans in the community saw the thing and also reported it to the Mayor and his daughter, as they told what happened. Thus I tell you this to encourage you. For it is not something that happened ten years ago. But it is something that just happened. Someone said, 'did the Russians make it?' No, they have not been able to invade the heaven sent technology. And they haven't stolen any secrets up there as yet. You see there are no Jews in heaven and they cannot find out the answer.**

**You say, 'How do I know?' Well, Jesus said speaking to the Jews, 'Where I go you cannot come.' Those were HIS words. So I tell you this tonight. You are not alone in the Universe. The powers of heaven are on your side. You are going to receive two things. Your mind is going to be stimulated. And this will raise up leadership. And they are going to give you protection. But they are calling on you to resist. You start fighting and God will back you up. You move with Faith and God will back you up. You move against evil and God will back you up.**

**You know one of the great errors of our times exists in the fallacies of our policies. This free trade and the reciprocal trade agreement which broke down our trade barriers, made this great blessing and society of God have to compete with all of the pagan slave labor of the earth. It was bad enough when under Cordell Hull, we had that reciprocal Trade Agreement. And then we came to the time when the Tariff Act was passed by Congress and that was not so good in that they set aside the**

tariffs and made America compete with all of these cheap labor countries of the world. Now, the 30th of June, that runs out. And Mr. Ball an economic advisor to the President, and Mr. \_\_\_\_\_ who used to be Secretary of State, has just drawn up a new measure which would create an authority in the hands of the President to make all of the agreements to open up all Free Trade, and throw out all tariffs to make better relations with the world.

Thus you see how your enemy fights to destroy the last vestige of your industry and your wage scale. That is the way they play it. Mr. Kennedy under this strange advice, hope that they will quickly give him this power so that he can break down the barrier between us and all other nations for 'Goodwill.' But all of the intelligent nations of Europe have just reformed a new economic grouping. And they are putting up tariffs to protect themselves. And at the same time, you are going tin the other direction, and are not putting up any resistance. Thus they get away with these things. But the spirit of God moves on men. And who know, it may get great coverage across the nation.

Now, listen. This is an economic war, a political war, a social war, a military war and a racial invasion of your society. But in all of these things, you can count on deliverance by heaven. And heaven has determined that spiritual power and phenomena, and heavenly forces,---when this takes place---that the Cainanites in your society will run with great fear and you will be awakened with great anger at the things which have been committed. Thus when 80 % of the sleepwalkers of America wake up, what a noise that is going to make. Ever thought of that? Let me tel you that they are all going to awaken out of their sleep. If they have to blow the trump of God, they are going to wake up.

Thus, we tell you in this hour that your great destiny with the security of that great Covenant envelops these hosts of heaven. And there is no doubt that when the hosts of Michael and his Angels move in, they are going to make their contact with all of God's family. There is going to be a coordination of the powers of heaven and earth. And the powers of earth are going to be shaken. But the Kingdom will survive. We are not, my friends, placing evaluation on something non-existent. I have talked to many aircraft engineers who have witnessed things in space. I have talked to scientists and astronomers and I have visualized what they have to say. And I have thru great telescopes, watched great ships of space moving far out in the solar system and around the moon. And I have looked at their movement thru space. I have looked at photographs and I have photographed some things with my own cameras. And I witness tonight, that God runs HIS Universe and you are not alone. And you do not have anything to worry about concerning this promise that Divine assistance is going to come in on time.

**So the earth looks up at a great fallout around the earth. Japan had to filter the water today. The fall out in their reservoirs made the water too dangerous to drink. They are very, very angry. There are areas and paths where this fallout is more concentrated than you have had it here. So far, over the cities of America, there is no fallout that had endangered the health of your nation. And I want you to know that there are other forces which work for you. There are strange forces in the heavens which shift and move and carry the struggle away from you. God can protect you from every crisis the enemy can create for you. And I am convinced tonight, that the best fallout shelter in the world are the promises of God's protection. I am convinced tonight, that the children of God will survive when the 'doubting Thomases' have surrendered their life to fear. So we say this tonight, do not let anyone scare you out of your Christian duty. Do not let anyone frighten you about the fact that the government is going to turn upon the Children of the Kingdom. And I will tell you what is going to happen. When that time comes, the Children of the Kingdom are going to CHANGE THE GOVERNMENT.**

## **THE HORSES OF THE APOCALYPSE**

**By DR. WESLEY SWIFT----12-10-61**

Turning to our discussion of the 4 horsemen of the Apocalypse which is found in the Book of Revelation, the clear intent of what The Christ outlined in the experience and vision of John, which is here referred to as the knowledge of the opposition that faces God's Kingdom, needs to be studied. It is not essential that we go to all the premises that lays all the foundation, as it would take many, many messages to establish in continuity the responsibility of your race in all the events in Bible history which have happened in the past. It is however important to say this:...you who are citizens of the white race, and of the white nations of the Western World, and especially citizens of this great nation of the United States, should not only know the world events which are taking place, but you should know HIS purposes for your nation, and for your race, and you should know what your inheritance is in the things that God has planted and prepared for the establishment of HIS Kingdom.

As we talk to you specifically of the white race, it is essential because there are no other people on the face of the earth who are your brothers. Because they are not your Fathers children does not mean that the other races..his creation were not good, or that these other races of His creation did not have their place. But a lot of things have happened since creation, and while known unto your Father it was also known that he had a way to develop, and to change, and to bring back into proper relationship, all the physical world, and the areas of the Universe that has been upset in Satanic revolution. It is also quite clear in the content of the Scriptures that experiences through which you would pass would be great experiences for you in proper evaluations from here on out as to right and wrong, and the basis of responsibility to Divine Law. And those assents of knowledge and wisdom which he bestowed upon your race concerning the Universe, and how he made it...Chemical law..Nuclear law..laws of physics ...laws of astronomy..laws of balance, and for forces..of progression, and mathematics..of economy, and of agriculture..of health and of vital moral and ethical issues. These are some of the content of the notations of law given unto your race so that you might develop a Kingdom of administration in the earth. An administration that was properly balanced with righteousness, not one of oppression, but one of liberty. Not one My Friends, which had to appease the darkness, but one which came up with light to destroy the darkness. One which replaced the darkness with truth and with civilization.

We are watching one of the backward areas of prophetic time measures, in the activities of many nations. This is the period and cycle in which we watch the

retrenchment of some of the great areas of leadership that your race has provided through out the centuries. And in this period of retrenchment we find that we have a battle for the minds of men. The battle seeks to warp and change the very concepts of your society. The intent is that you will adopt the policies of the world order. That you will join yourself with those God warned you not to be associated with, as it relates to the entity of government, or to the social activity and administration of this Kingdom. There is a realism which we must recognize, for there are races in the world today which are different than ours. We do not hate these races, for we have a Divine destiny, but for their good and ours we do not intend to be dominated by these powers. Nor to throw our concepts of Faith and religion into one central amalgamation of all the philosophies and all the doctrines of the earth.

The other day I listened to the voice of a Clergyman who said:...we must hasten the day when all Faiths are rolled into one. And I saw in this the general strategy and the brainwashing of our times. It is not your responsibility as a white man, or as a Christian to work for the day when we roll all Faith's...all religion into one amalgamated religion. But it is your responsibility to proclaim truth, and to roll back superstition and darkness. And to look forward to the hour which the Bible has already declared...will come, and you shall participate and help bring it in..when every tongue shall proclaim that the Lord God..Our Father is the one... YAHWEH-YAHSHUA of the whole earth, and shall recognize that in Jesus The Christ that every tongue shall proclaim that He is YAHWEH-God. That every knee shall bow to this truth. This rolls back the superstition, and gives men the concept of basic life and liberty in which God Himself recognizes that this value of life and liberty was even in the ...PRICE... of His own body which He would sacrifice in one great consummate atonement, to justify the purposes of creator, of all the children of His household as well as the works of His creation. And in one single act, He would die to set men free where they think and where they live. And then He would expect they would dedicate themselves to liberty and freedom. But when we talk about liberty and freedom we must remember that the children of the Kingdom are responsible unto Their Father for the building of the kind of earth that He intends to build, and the kind of kingdom He intends to set up. In this course there is no modification in the Scriptures concerning this pattern. We have been told concerning the philosophies of errors we are not to embrace, and we have been told that there is no God beside HIM...that the other gods are no gods, they may be deviations or like Lucifer..a fallen Angel with a drive to make men worship him, but who is no god at all. 'There is no god beside me'...HE declared...'Lo, I know not any'. The History of the Adamic race is all through the Old Testament, in fact the history of the Old Testament is the history of the Adamic race. It is the history of the children of God placed in the Adamic world, in which God had begotten a physical household for His Celestial children to dwell in. When we talk to you as the children who reside in these earthen vessels, as the Apostle Paul spoke of them, then I am talking to the children of Eternity. Children who's spiritual beings have

existed with the Father in antiquities of yesterday. And who by His Grace and Mercy are now dwelling in the earth, that they might bring His Kingdom into reality..in earth, and this is a struggle for this earth. From the hour that your race was first born into this earth, it is to be recognized that Asiatic societies and civilizations, if you wish to call their degenerate process's that, had existed here for thousands of years. having had at one time a great height of civilization under the instruction of an Archangel who served before the throne of God. But under rebellion and catastrophes which were permitted, for this area of the Universe...there came a suppression of truth, and a turn to Paganism. A turn to the worship of idolatry and to the doctrine of demons and devils, and to superstitions. And in this pattern of worship, the peoples of earth were turned to worship these strange forces who were no gods...they were turned away from the worship of the true GOD. These forces we point out are those that were even challenged and classified by The Christ as the working of devils. One of the oldest stories of the Scripture and backed by the ancient Zohar, by the Mystery Schools of your race, by the Old Testament, and the foundations of its truth was that the great violation which effected the earth long before you left Celestial realms and dimensions to dwell in earth..was..the mongrelization of early earth races, and out of that violation came an unassimilatable people... children of the darkness, ever working the work of their Father, and they produced a catastrophe in the earth. Jesus identifies them even tho generations and millenniums had passed. During the hours of His ministry as Jesus walked the earth, He identified and classified them as HE said:..'Ye are of your father'...and to classify who they are and what they He also said:.. 'your father is an archangel who became a devil, and in his changing ways as he became a devil, he has been begatting devils, and you are his household. You think as he thinks, and lie as he speaks.' Thus it is that God when HE was embodied identified a people of great antiquity of darkness, just as Moses was forced to identify them, and to point out in the 32nd., chapter of Deuteronomy that they are not the children of YAHWEH, but they seek to serve the father which begat them, and seek to turn the nations of the world to evil.

There is probably no greater mercy which could be delivered to any planet in any solar system in the Universe, then to send the children of The Most High into the world, into the dimension in which the people live. To embody among them and to establish out of them a culture of truth, and of righteousness. To give them a spirit relationship in tune with the mind of God, and to build upon the sound values of such instruction which is one with Gods thinking. Catastrophes...all are in the background of the adventures of your race in the experience of being in open conflict with the powers of an Archangel full of cunning, Wisdom, and darkness, as well as deceit. This conflict brought upon your race the first catastrophe in a physical world, but known unto your Father from the beginning. But the provisions of His Salvation, and the assurance that He was going to deliver all of His household, and bring them back to the measure of your stature, is all a part of your history. Some of this is yet to be fulfilled, but the atoning work, the consummation of it, the lifting of all fear, the establishment of the courage for the process for survival has all been accomplished in that visitation of

**YAHWEH-YAHSHUA..which at this season of the year all Christendom is thinking about.**

**We are beginning to measure again, the thinking as to the great importance to us of the birth of The Christ, this embodiment of God. This is a fundamental status of the history and culture, and background of your race. This is the visitation of your Own YAHWEH-God. This is the process which gives spirit and life to your society. Woe! to the materialists who thinks he can save America, and Christian civilization, and at the same time set aside the great values of our Faith, and the great truths of our destiny. You would not today be a people in the earth, nor would you have had the vision that has lifted you above all the peoples of the world had it not been that you had the guidance of His Spirit. There is nothing that can be accomplished without His Spirit.**

**I talked not so long ago to a very intelligent man in certain fields of economic and political upheaval. And this man was very disturbed with what was going on, he said:...how can we shake people out of their lethargy? How can we awaken the people to do their part in the salvation of their nation? How can we make them realize that they must take a stand, and no measure it against the personal values of their fortunes, but must be dedicated to carry it out?**

**I said:...it is quite obvious that there is only one solution...we need a great spiritual recharging of the consciousness of men, by once more bringing back their attention to the great cultural inheritance of the truths of God.**

**Oh, he said...I don't want any part of that. The Bible is a Jewish Book, and I don't want anything to do with religion. He said...that is not the solution.**

**I said:...I thought that you were an astute man, I thought that in your concept of political leadership, and development, that you understood the background, and the history of our nation, and the peoples of our race? Long before our people settled in the continent of Europe, they had emerged out of a monotheistic theology of the worship of One God. They had been led, and guided by the prophets and by inspiration, and had received visitations, whether you wish to accept it or not. And there has been incorporated into your race a deep recognition of the spiritual values of our relationship with that God...OUR FATHER. He has power to intervene with the forces of the Universe for they are balanced in His hand, and out of that background we have watched the Destinies of God. The movement of your race thru the Caucasian pass into Europe, and the settling of the Anglo-Saxon, Scandinavian, Nordic, Lombardic, Basque, and Germanic people..all of common heritage..with their symbolic measures of the 12 fruits upon the Tree, the 12 Sons of Jacob-Israel, all under the movement of the Destiny of Our Father. We are not interested today in the claims of those who are usurping your authority because by this usurpation, they have challenged your birthright. We are not interested in those who deny Our God, but seek to claim that they are..the chosen people. We are not interested in Jewry or its Chicanery other than to identify it before we are thru**

with the purposes of God, who identified it thoroughly. But we are interested in you, a people and a race.

As I spoke to this man, this great political figure I said:..I want you to realize that the great awakening of the people of Western Europe occurred when the Apostles of God, made known to your race the knowledge concerning the COMING OF THE MESSIAH. Having consummated His ministry He sent the Apostles to..THE LOST SHEEP..of the House of Israel. And the Apostle Paul said:..'The spirit forbade me to go into Asia.' So he carried the message into Western Europe from Rome to Britain, and from end of Europe to the other the message...that their Messiah had come, was delivered. And instantly this Gospel was received by your race. And over the century or two of the Evangelism of Europe, your race received it with gladness. And in the background of their heritage, and their culture was their concept and traditions, long related to the monotheism of the past. This was not a new thing..a new thing layer civilization placed over the background of a people who had been riddled with superstition and darkness, this was the coming of the Messiah, to set man (Adamites) free from the conscious responsibility of the guilt and errors and incapacities in their own leadership, and to cause them to know that their God had met them according to Covenant and Prophecy. And out of that background was to arise 1900 or more years of Christian civilization..of the great instances of the spiritual commitments of God thru the administration of His own nation..called HIS church. A recognition to those who have a spiritual perception and the Biblical background to understand that the Covenant that God had made with His nation..HE had maintained. That He had brought them forth to establish them in the earth, and that He still intends to build that Kingdom in the earth with a great white Throne, and a great white Administration. And that you were a kingdom of Priests and a Holy nation that God was establishing for the ruling of a new day.

Strange as it may seem to those who do not recognize this, your race has been brought up out of the background of centuries of Faith in the Eternal Father. And in the identification of the embodiment of the man Christ Jesus fulfilling the words of Isaiah:... 'HIS name shall be called Wonderful, The Mighty God, The Everlasting Father, The Prince of Peace.' This belongs to no other people than Christendom, and to no other nation but the white nations. If you were to throw open the pages of the Talmud at this time you would discover that the comments of the Rabbi is that Christ was not deity, but Lucifer the Archangel who fell and became a devil, is the deity of their Theology. With that we are also well aware that they worship the darkness and identify themselves with that, as also Jesus identified them with their father. But you...are the children of culture inspired Light, and power, transferred by spirit to those who have the capacity to receive by His endowment.

We tell you, that with 1900 years of Christian culture, with this nation coming out of the colonial beginnings of a people who wanted spiritual liberty as well as political liberty, that we come to this climactic hour in this 20th., Century. And as we look and behold this struggle for the earth, let me tell you that there are at least 185 million people here in these United States, and a predominate number 140 or more million are white and Christian. And I tell you that behind these people, from their mothers knee, and from the instruction of their church, and from the background of their culture, and remember that there was no consent upon the part of these people that this should be abridged, but behind them, is not only Faith in the Eternal God, but Faith in the Holy Word..Faith in His revelation, and Faith in His Holy Church. As well as the recognition that this was the dynamic structure of their society, and it was the influence upon the lives of such men as George Washington, Thomas Jefferson, and Benjamin Franklin. They conceded in the day when out of that convention of colonies which came together in that first conference to form a government, that it was a God given society. That this was the nation made up of colonies in which God was the Supreme Ruler, and we once gave national recognition to this. The Congress in the pledge of Allegiance to that flag said:...This nation under God. To any individual who thinks that the salvation of our nation can be materialistic and deny the Word of God by accepting a propaganda claim of his enemies, and thus throws out their own covenants and history...is very foolish indeed.

I turned to this political figure who had now come to grips with the challenge of the forces of evil, and who wanted to conquer without spiritual power. Who wanted to accomplish a victory without spiritual understanding, and I said:...you of all men are most foolish. For 140 million Americans have had their background in Christian culture and Christian teaching, and respect for inspiration and acknowledged patterns of such for 1900 years, and Christian manifestations for that long, and 7400 years of earth existence under the endowed guidance of the Eternal Father. You can't remove that, or destroy that, for if you do then you have lost the only power to rally behind you the king of people who with spiritual determination, and with zeal and fervor will go into a dynamic crusade to save their culture. Take away their Bible, take away their Christian culture, and things of Spirit and you do not have the dynamics necessary to accomplish a victory against the powers of darkness who have their ways of warfare. But God has unveiled the knowledge of this warfare so that you and I might not be caught unawares. There is no secret of victory unless you predict it upon a foundation. The Apostle Paul wise in his knowledge, trained and taught, and a brilliant linguist, acquainted with the writings of Plato and all the philosophers of ancient Greece, acquainted with the mathematics which they found in the ancient Temples in Egypt, established by the white race as they built and prepared the many wonders of that land... Enoch and Job and their descendants..and those things were still in Egypt at the time of Plato and these other scholars of ancient Greece. Then from them came the advanced mathematics..geometry and such, moving back over your race, moving out from the preservation of these wisdoms taught in the days of Enoch and received of God.

**Your civilization, your knowledge was born of Him, and it cannot be set aside quickly. And the Apostle without experience was enamored for a while since he had not met or beheld the Christ during his ministry, and thus he was taken over by the strange powers of evil which would brainwash the world. The Apostle Paul in the clutches of this power rode at the head of the Temple armies, rode to persecute Christians. But God stopped him on the road with a dynamic pattern of destiny and called him to be an Apostle unto the nations of Israel. He was to speak unto his own people, and the Apostle Paul was to have a number of experiences to prepare him for his ministry. And he said as he stood before philosophers, and leaders and those of Mars Hill, and those in Galatia, and in Rome and other places, he said:...'No other foundation can we lay, except that which is laid in this embodiment of God, visiting His people in the earth, this man Christ Jesus'. Nor did the Apostle Paul make any other attempt to lay any other foundation, but he launched the spiritual dynamics which as to sweep out over the world of the white race, and so stimulate a people until Christianity has become the most stalwart philosophy of individual and personal victory that men have ever known.**

**I want you to know therefore that you cannot build or accomplish, except you accomplish it upon this foundation, and unless this culture and this knowledge of your background be understood.**

**So I turn to this opposer of the forces for the destruction of our society, but who thought it should not be done as Christian warfare, and on the basis of the culture of our society? And I said:..you are not even an astute political leader if you do not know that the 140 million people in America who are white and Christian are the only ones you can win with. How then are you going to get anywhere unless you challenge this great spiritual entity to stand against evil, and to stand upon the principals of the background of this people. You cannot win without them because then you will only get a handful of dissidents who are already defeated in their spirit, and unless you can give people the challenge of their Faith you cannot win. I tell you tonite that people already defeated in their spirit are people already defeated for lack of challenge, and already looking out upon tomorrow as a lost cause. These are not the people we want in this battle to save America, and to lift up the standards of Gods Kingdom. We are not looking for defeated people, we are looking for people to carry God's standards forward, and who will challenge the enemy. We are looking for Daniels, for Joshuas, and Giddeons, for a people in this hour who will carry out the Great background of Faith. Men like those who led us in the past, such as George Washington, or men of Faith like General Lee, or others from either side of the American battlefield. Or the visions held by men such as Patten, or Gen. Douglas Mc Arthur, or men who carried this battle into our midst idealistically. God bless men like General Walker, and please give us more men like these for the United States of today. When this battle against the darkness is won it will be won by instruments of God's calling, and by His power, giving the**

vision concerning the enemy. It is going to be a miraculous victory and when you understand it is...that...God has predicated every prophecy in this Book and all the content of this Book toward that victory. But with a clear revelation of your enemy, and of his strategy, his powers, and his different manipulation of the Truth. You have been told that you as the children of God have a responsibility. It is rather significant that the personal relationship of God's children is of one greatest and deepest of spiritual values in our Society. For you dwell inside this body which is your temple. Here you must reach for the concepts of His mind, and reach into the Holy of Holies of your own inner being, for inside of you dwells a Celestial child whose mind is in contact with the Father. And you would consciousness in a physical brain, must draw inspiration out of that contact center which you have with God. It must be stimulated by mental reviews of His plan, it must be an adjustment reaching for a still small voice of guidance. And in all these instances there must come over you this assurance that without Faith, it is impossible to please God. I want no one listening to this message to ever go out of here with any guilt complex. We do not want guilt complex's, we do not want people who are condemning themselves for errors or mistakes. We want people to know that God..capable as only God can be..assumed all things. Assumed all the responsibility of your errors in one tremendous act at Calvary. Then He said:...now stand up and live, for I have taken off all the guilt that was on you, so stand up and live, and move forward, and meet the challenges and carry forward the destiny which I have unveiled. And there is an understanding relationship of the close abiding presence of the Eternal God with each and every one of His children.

The great collection of the assembled children, meditating and in worship in the spiritual center of His Kingdom..those who think and take time to look for such guidance..which is called the Ecclesia, or His church, these are from His household and are His children embodied in earth. Now; we want you to recognize that Gods purpose for His kingdom is outlined in this Book. It is His intent, and you may accept this or hide from this Truth, but I want to make this clear...that one of the perspectives of God's Kingdom in earth is that the nations of His Kingdom are made up of His children, His own household, and of this race He has planted in the earth, and that they shall be spiritually stimulated. They shall throw off their errors and rise with integrity and honesty to enforce His will, and shall carry forward a program to see that all the nations of the world accept and recognize the authority of the One True God. That all of the nations of the world shall operate on the basis of His Law. And the Administration of the world will be taken over by Christ, who will use the children of His Kingdom to bring about proper administration. Now; you may say...but Dr. Swift I only have a political objective in mind, but I just want to see America free and minding her own business. Well, let me tell you..this is your business, and minding your business is doing the Will of your Father which has been outlined from one end of the Scripture to the other. That you were sent into the world for the consummation of this program, that the kingdoms of this world

are to be ruled over with righteousness. And that superstition and darkness shall go. There will be casualties in such a struggle, there will be battles in such a struggle, where as you would do this with kindness and with spirit and technology, they recognize this tonight and resist it with all the forces at their disposal. There are signs tonight that the enemy is making clear that the western world shall not lead out of strength. By the statements of our enemy in the past few days..there went all the hopes of our appeasers, and those who don't understand that you can't do business with the enemy anyhow.

Remember that Christ at no time tried to do business with the enemy. Even at that time when Lucifer thought it would be a good time for negotiations as he approached Jesus and said:...lets have some co-existence. Lets you and I agree that we will divide the spheres of activity. You recognize me as the real ruler of this world, and you curb your activities to conform to this perimeter of power, and I will recognize you as Prince, and you can have all of the kingdoms of this world, for I will give them to you... those are the terms but will be subservient to me, and we can then co-exist. Instead of you fighting me and I fighting you, then you accept me as the authority and we will co-exist.

Remember that we have already had a chance to see the world under Lucifers leadership, and we have had the testimony as to who this..JESUS.. is. HE IS THE ALMIGHTY GOD EMBODIED IN HUMAN FORM, and you are told in Colossians that he made all things, and 'by whom all things consist'. This ALMIGHTY YAHWEH of the Universe, and yes Lucifer's God, even in his deviltry, then said:... 'Thou shalt not tempt the Lord thy God'. The day shall come, by the authority of this very God when Lucifer himself shall bow the knee, and acknowledge that this is...THE VERY YAHWEH-YAHSHUA. In this instance let me tell you that it is not a policy of co-existence, and we must remember that our objective is not to co-exist with Communism, or find a settlement or meeting ground where we will divide spheres of activity, and say:...now don't you advance any farther than this in Western Europe, or in West Berlin. And if you do that then we will let you take all of Asia, and we will divide the administrative control of Africa, and we will leave you alone, and you leave us alone...you can't do that for it is not in your nature. And they can't do that because they want all the world, and they serve the powers of darkness. They do not want the world to set it free, they want it to make it a slave.

I want you to catch tonight this intense difference between the children of God's Kingdom and the children of Jewry, between Christianity and Communism, between Christian civilization and Communism. they say they want to liberate the world into their socialist revolution, but they want to capture for tyranny which has been unprecedented in the face of the history OF the deterioration in the earth. When you talk about the objective of your race, and your civilization with the purpose of

the Father, don't confuse the purpose of the Father as it reaches out to the ends of the earth. For the true desire of all white men, and all the men of the Western Christian world should not be confused with...'New Dealism' or 'New Frontierism' or 'Global Frontiers'. There is a great difference between the objective of your civilization, and 'Global Frontiers'...because 'Global Frontiers' and these others and these others, 'New Dealism' and 'New Frontierism' all smack somehow with the same political philosophy of the supposed enemy on the outside. Their designs do not follow the continuity of God's Word, these designs are death to your race, and destruction to your progress. And so far they have set a torch in the world to all the progress that the white race has made through missionary, and cultural, and industrial development through out the earth. They have through United Nationism as a part of the instrument of the Beast, and through the strategies which have been developed, pushed the world backward, if this were possible. I point out to you tonight, one of the strange patterns of semitics... they are those who today support the brainwashed philosophies of Satan's own children who surround our President and surround others as advisors. Now you say:...our President wouldn't surround himself with Satan's children. My Friends, anytime you surround yourself with people who are non-Christian, anytime you set as appointees around you those who deny that Jesus is The Christ, and whose forefathers crucified Him, and who today are waging war against the principals of Our Faith, you have surrounded yourself, in the very midst of your activities with the children of Lucifer, whether you understand it or not.

So I tell you that I cannot accept the policies and the principals of this for the Kingdom of God is not built on error. It is built on Truth with the purpose of setting men free under the administration of Divine Law. Some people think that when you talk about emancipation and liberty that you set people free from responsibility to those who live around you. I think that you understand since you have been brought up in a great cradle of liberty and freedom that you have had dedicated to you, by your forefathers...concepts of Freedom and Liberty. They are not however guaranteed to you unless you fight for them today as your forefathers did when they delivered them to you. There is no inheritance of a guarantee unless you have the spirit and the stamina to demand it, and to see that it is maintained, and retained. We have too many who accept the paper work of our forefathers, then live under the slavery of socialism and Marxism in your time. I want you to know that the challenge of God is that you work and you think toward that which is right. And that you do not operate on merely a sense of lip service to principal, but that you carry forward the objective of opposition to evil as it exists. I could say with His quickness of measure it we could take the time tonight, that we could trace the history of everyone of the white nations of the Western World straight back to their tribal origin, as they were numbered among the Houses of Israel, and of the tribe of Israel.

I can tell you that your enemy in his drive to absorb and take over your place has sought actively to hide from you...the truth of your inheritance , and the Scripture told us that in this age in which we live that there would come this strange covering of the Truth. 'Blindness in part happened to Israel', they would know who their God was but they wouldn't know who they were. And...'And in that place' the prophet tells them they will call themselves Gentiles, and not understanding the use of the word..still it will be revealed in this Hour that they are children of the Living God, and are numerous as the sands of the seashore, and the stars of the heavens. Hosea 1:10. And God is not ashamed to acknowledge you and has marked the identity of His purpose. Though this is repetitious it belongs in every message which is related to this. For Jesus told the Jews on Solomon's Porch ...'Ye are not My sheep...I call My sheep by name, and I give them Eternal Life, and they never perish'. He said:...and your Scripture reveals to you that He said:... 'I come to the Lost Sheep of the House of Israel'. This sets aside Jewish claims instantly. He said to the Jews:... 'Ye are not My sheep'...this was final! But to the people of His race, and His household He tells much and identifies by HIS calling. And they who identify with HIM know who they are. Then Paul with that great and tremendous statement said: ... 'If ye be Christ's then are ye Abraham's seed.' Galatians 3:29. That isn't something you tell Asia, and Africa, that is something you tell those that are Christ's. Christ's...that means begotten of HIM..called of HIM.. His household. You can speak Peace to all God's creation, but you can speak, 'Our Father which art in Heaven'...only to His children. I think it is significant that among the disciples which Christ had called was John the Beloved Apostle to whom he brought great spiritual insight. He called John to move into the dimension of spirit, to view from the other side the whole aspect of history..past, present, and future. That he might catch the thoughts upon the mind of God. That he might see concepts of their execution as they relate to the work of your race, and the development of God's Kingdom. So John stepped thru the dimension of spirit at the call of God, and moved into a plane where he saw the events which related to earth. He looked back on things brought back to his consciousness of things which had gone on before. He had the projected vision of God's own mind opened up to him in the time of events to come, and he saw things which were to come to pass. And in these experiences and in the timelessness of Eternity John saw, and he was sent back to write these things in a Book. What greater inheritance could children have than to have one of our race taken into the dimensions of spirit, and then sent back by God, to write these things in a Book, and then you and I to have that Book in the pages of this compiled volume of the many writings of inspiration. The Father had sent us a blueprint, He had told us of the enemy, and He continued to make an identification.

If there is a struggle for the minds of men in order that they might control them by error, then they recognize that if they can not take these children of earth, and confuse and brainwash their thinking and dislocate them from their purpose of

being here then they can take their inheritance. To do this they must take out of their minds their thinking concerning their relationship to other men, and they then having accomplished this must set up a new standard of principal, and then try to weave it in with partial exerts of their own Faith. To try to make it appear as the philosophy of our times, and then if there is anything which saddens our heart it is not only the fact that we know the Scriptures in their original tongue, we know the passages and background and the inspirations, and the documents which establish it..but we also know that in the Seminaries of our institutions that fine young men are turned out with no knowledge of this background. They have had hidden from them the vast background of this truth. There has been utterly great areas of this truth hidden from them, and around small circles of dogma they have been given the verses to prove it. And they have been given idealistic sermons to preach of their Faith, from the enemy who would destroy them, nor has there been pointed out any objectives.

My, how it has pleased the strategy and cunning of an enemy to so brainwashed the center of instruction that as ministers come forward, they have the idea that the kingdom of God is up their in heaven somewhere, and the only thing they have to worry about is just...to get there. And that their responsibility to the earth, or their doing something in the midst of it to retain their rising destiny, and to put it back under the administration of God...this they do not understand. In fact you find ministers who will get up and say that this is heresy...that this man is a heretic. But remember that they said that about the Apostle Paul also for he said:.... 'After the way which they call heresy, so worship I the God of Our Fathers' (Acts 24:14) But based upon the Scriptures and upon its content, and upon all the wisdom and knowledge His Spirit brings our race...the biological and anthropological patterns of law, the testimony of our theology, and the testimony of science, is this connection between true science and the author of all creation who made all true science which does exist. Science is from the root word....(scio) meaning to know, not just to theorize or to think. And HE who put all things together knows all there is to know, about all things. Promises that your spirit knows all things as well and that it will bring all things to your remembrance by the revelation of the spirit. And in the final experience for you will come this:...that you will know as He knows, and you are going to rule with the righteousness even as He has ruled. Your sojourn in the earth is going to be finalized in triumph, with victory, and the Kingdom of God is going to triumph. But you today, by His own words, are His BODY in the world. When Christ ascended back into Celestial planes, and out into His Universe He left these words with you:... 'You are the body of Christ in the world today'. You are the children of His Spirit, and 'It is the Christ in you that is the Hope of Glory'. And also the hope of the development of the earth. You are His voice by testimony, and by proclamation of what He has said. You are His ears listening unto the cries of the world, and to those of your brethren in trouble. You are the eyes which behold all things, your feet are those shod with the Mighty

**Gospel of His Kingdom. And so today I look upon you...all together unites, as one great and Holy Body with many members..in the earth today. And there is enough spiritual power resident in you to change the world. You must have vision and belief to know that none but His offspring can inherit it. You cannot expect this inspiration to rise in opposition to all that is evil out of any but the children of the kingdom. It will relentlessly travel on to accomplish the objective against evil which we must accomplish to set men free.**

**I would call to your attention the fact that as Jesus took this beloved Apostle into the dimensions of spirit that Jesus continued to show him the Strategy of the powers that tonight we call...the Beast System. I want to divide the world unto two groups...believing spirit born men..HU'man, or man with spirit...and soulish beast man, or men with soulishness that have no spirit as such, but which need the instruction of God's children and His Household. God divides men into those categories and we have mentioned a week ago, that they took the proper name for the little Chimp which then sent around the earth, and used the ancient Hebrew word...Enosh...meaning Beast man. This is the word used for all the non-children of spirit. This is not caustic, it is not critical, it is not condemnation, it is simply the status of being such as an elephant is an elephant, or a horse a horse. These belong to the Beast Kingdom unfortunately, and also fortunate in your coming release for them, but the powers of darkness, and the children of Lucifer gather the Beast System...and use the Beast System, and keep it in ignorance, and hold it down in suppression. They say they are setting them free while taking everything from them, and then seek to hurl them against you to destroy you for what you are.**

**Now;...when I read in the Scripture and talk about the Beast System, we talk therefore about those who lack spirit and this (Luciferian) household. And there is a pattern of symbols of war against you. If one is acquainted with the symbols of the New testament, then the symbol of a horse is a symbol of a WARRIOR...it is the symbol of a militant movement against someone. As we turn to the 6th., chapter of Revelation then this is the militant movement of the strategy of the enemies of God's Kingdom against the people of God, and against the nations of God.**

**Now;..Lucifer recognizes that you are the children of God. He recognizes that he must stop your nation's expanse, and your race's achievements. To do this he has sought always to mongrelize and destroy your race, but he also has other phases of warfare as well. Someone said:...who carries out the phases of Satan's warfare?...Satan's children.**

**Now; this is a Christian assembly, a Christian church and we speak boldly upon truth because this is our right. You cannot understand the content of the word, and hide the actors just because they happen to be against you, or because you are going to be sensitive as to who they are. I tell you tonight that organized**

**Jewry throughout the world does the work of Satan in the world, does the work of darkness, and fights the Holy Church of God, and the nations of Christendom. All the while pretending in functions of mutual gatherings that they wish to create brotherhood, and wish to establish a working alliance with you. We do not want the brotherhood which suppresses Jesus Christ..Our Father..and Eternal God. We do not want the kind of brotherhood which mongrelizes our society and reduces us to no power against evil. Nor do they..your enemy..actually seek brotherhood, but only use this to blind you to their strategy of world design and conquest.**

**Now;...I turn to the Book of Revelations 6:2, 'I saw a white horse, and he that sat upon him had a bow; and a crown was given to him; and he went forth conquering and to conquer.' Remember here that one of the strategies of the enemy is to talk Peace when there is no Peace. The white horse is the symbol of Peace...a world organization dedicated to Peace, that has the strategy of conquering or trying to conquer the forces of righteousness, by getting them to amalgamate..on the stands of Peace. It has a very interesting symbol in its objective, it flaunts itself about the intended powers committed to it, but never has any powers to accomplish this on a Peaceful basis, and using a Peaceful bow. But it must go forth to conquer with might and violence and seek to trick the world into surrendering their liberties and God given rights, to these false standards of the riders of Peace. This went on in the days of the Old Testament history, and it went on in the New. How often Babylon sought to win your forefathers so as to weaken them. How they sought an alliance with you in times of warfare. How they knew they could not get by the protective shield of your God, or the determination of your race if they stood up in the time of battle with resistance, and to defend with righteousness as they met the enemy. The challenge and heroism of David or of those other heroes of our race became self evident as God granted them victory, which today are matters of Archaeological record. I can show you how thousands upon thousands of Assyrians died by the strange struggle against us, as the very act of God decimated their numbers, and diseases like small pox wiped out their camps, or meteorites showered down thru the air. Or as heroes like David held the pass with only two armor bearers, and thousands fell before him; because great dynamics were turned loose upon that matter. Do not think that Horatio at the Bridge was just an incident, for all thru the history of your race there has been this phenomena. And there has also been great areas of heroism. Upon the fields of battle there has been great armed resistance against the power of the enemy, but do you know that it has not been the battles of armed resistance which you have historically lost. Your greatest danger comes in the battle of the Peace Table. Here at the Peace table they take advantage of your nature. They woo you into alliances that God warned you never to join. Do you know that the history of your race is ..that when you become victorious that you make such terms in keeping with your nature, and the standards of righteousness...but you were not to be wooed into making a union with those who are against your God and against your race.**

One of the great catastrophes that followed W.W.II., was the League of Nations. This League of Nations was supposed to be empowered to make Peace, and enforce it throughout the world, and was to enforce law, and use its many areas for creating political, and economic pressures for Peace. It would use these created political, and economic weapons against any that disobeyed, and the disobedient was to be handled by this tribunal. But they were empowered with little or no actual sense of world law, and a world court was to enforce it. They were asking you to join it, but fortunately with all the pressure on President Wilson, still America did not join. We understand President Wilson for after all a 1/2 Jew advisor was behind him which helped to effect a great part of his thinking. Being a man endowed with ideological concepts of Peace, he was soon taken over by this stirring, steering power which had other things in mind. And therefore we see the foolish gestures that were involved in the forming of a League of Nations. God's word had warned your race that the only league you were to join are leagues of your own race, of your brothers of the Christian Faith. But in that League of Nations you had people of all religions and all Faiths, and all races of the whole earth...this could not work. In that hour and in its instance, tho it was to bind nations and control, and direct their ultimate destiny, it was like every other organization of this type, it had strings to pull, but no arrows to lose. And the League of Nations...was not only one of the greatest failures upon the face of the earth, but it accomplished nothing. It engineered wars, and set up concepts by decree which the nations did not obey, because there was no validity to the decisions.

Again we point out to you that the end of this was set up to be used against you. John was shown by Christ, and he wrote this in Revelation, how wars were made, so that the Church could have these facts. I am glad it was done that way, for Paul was an Apostle to the nations, and we understand that the Church was the spiritual center of the nations and it was to be an Oracle to the nations as to what God said. But among some of the Clergy of our time we have those who tell us that the Church is not to be interested in economics, or political affairs. It is not to take any hand in what takes place in the earth, it is not to challenge men to live with moral and spiritual integrity in these times, and to stand with courage against the forces of evil. There are those who say...we should appease...be Peace Makers...turn the other cheek, and we should in all these processes never enter into the pulpit to discuss these mundane events of political, economic and social and world warfare. But surely we should carry out thoughts far away beyond the clouds to spiritual heights, which someday if we are good enough...we may attain. This is not the GOSPEL OF THIS BOOK. Do you suppose that John who was taken into the dimensions of the heavens and shown the consequences of these experiences, and told to write this in symbolism and give it to the Church...for all churches...Protestant and yes the Catholic as well...give it to all of the churches for they are in this Book. They are identified by their Faith and philosophy, and for

their particular interpretation of God's Grace. Before this period is over...before the climax of this age, there is going to be one great church of JESUS THE CHRIST. ONE Faith, ONE Lord, ONE Baptism, not predicated upon Papacy, or Protestantism hierarchies, but predicated upon God's calling... ministry to establish His Congregation in the great and mighty spirit of His Truth. And there shall be interest in this church which shall sweep the nations of the world, and embrace all these nations. It shall move from all sides to accomplish this, but there will be a great number of voices which will not know how to speak. They will no longer be called upon to deliver truth that they have never understood. They can go back to plowing corn because they were never..called..to preach Christ. It is quite interesting here concerning this...for if God gave a message to John, and in the Book of Revelations which he wrote..you can't take anything out of it. But this Book is economic, political, social, and world...evil that you are to understand..and the church was to discuss this as everything in this Book was the property of the Church, in its relationship to these events..then what do you do with it?

The Great Christian Nations of God's Kingdom have been fortunate in that God has maintained His spiritual center. He has established His Church, and there the voices within that operate with perfidity, still the Truth shall never leave, and the Oracle shall ever remain with us in the House of God.

We have gone thru W.W.II., and we emerged at the end of that war with the very enemies of your nation and your race...the enemies of all Christian society being...those in your Government which helped establish a revolution in Russia which murdered 17 million Christians. But now they are telling us that they want to help us frame up a world program of Peace. In fact the inner agents of your nation..Harry Dexter White, Alger Hiss, and alias Weiss, proteges of Felix Frankfurter, powerful in the State Department and go between the Soviet world and ours. Agents of the enemy actually drafted up the blueprints with the assistance of the economists, and political designers of the red strategy, and with help of the liberal extreme left wing in America...the documents of the United Nations.

Then when they called us into this last great evil of the symbol of the White Horse most said...yes, this White Horse is good, it is a symbol of Peace of the Kingdom of righteousness. But I tell you that it is a fake.. a duplicate operated by the Beast System. Its strategy is to go forth conquering and to conquer. Who does the Beast System want to conquer? John had been told that this is a system to conquer you, and your Christian Nation, not to bring Peace to the earth. And when all of our Senators except Senator Langour marched out to San Francisco to sign that document they did not know what they were doing. You never sent them to Washington to sign or surrender leadership, or any part of the Sovereignty of this Nation or this Flag...they did not know what they were doing.

We might say as did Christ as He looked down on Roman soldiers...they did not know what they were doing:... 'Father, for give them for they know not what they do.' But here in San Francisco they signed a concordat with the Anti-Christ. And they signed it in the instance and in the name of Peace. But we have been warned against being taken in by the Peace of the devil, for it will not work. The Anti-Christ seeks to implement it with power and to be-labor God's Kingdom. To do this always...He must recognize the numbers of His power. The children of the free are never in these hours of development as many as the children of the enemy. Thus it is that we of the white race, and white Christian Nations are outnumbered in the world today .....6 to 1.

So we went to San Francisco and they took away some of our Sovereignty, and there they separated us from the command of our own military. They assumed the authority to send us into battle without the permission to win. What a clever strategy this is. In the instance of this they said they would impose economic sanctions, but you had to give them economic authority. You have been in the United Nations for 16 years, but you never saw them impose economic sanctions on the Soviet Union where it effected their strategy one bit. You have watched the implementation of the power of evil to deny the assembly of the United Nations anything it wishes by the power of its veto. You retained that kind of power for your protection against yourselves, because you had joined a house of evil and could not trust them. You had no business making that kind of union. I am thankful for the other words of this Book which tell me that God is about to destroy your union with death and with hell. As we have watched the operations, catastrophe, and disaster in the Congo by the manipulation of the United Nations, we have watched all the communist and socialist forces come out and denounce all the development of your race. And they denounce it as colonialism...as evil, to colonize it, to build the cities in the jungles and in the deserted places, and to plow the fields, and to raise the Temples to Our God. And you were to spread out light, knowledge and civilization to the ends of the earth. And:...'I will give you the heathen for thine inheritance.' And 'The ends of the earth for your possession.' This is the Will of your Father, and God said:...this is the way you are to spread out, and to spread knowledge and truth..and yet there are those today who say:...I am against Colonization. That is like saying that you are against your mother's womb, for this is the way you came into being. But I want you to know that those who cry out against Christian Colonization have the most tyrannical colonialism on the face of the earth. There is no tyranny that is beyond the Soviet type, for it sets its colonialism and its power of Empire, not in jungle places but sets it down on the map of Europe. Sets it down over ancient cities of Christian culture and moves them out over areas of the earth already developed. This colonialism is rampant tyranny that destroys and kills. And they say your colonialism, your progress out of darkness into light, as the enemy goes in a curtain goes down, and as you come in

**the curtain goes up. That is the difference between Christianity and the enemy, that is the difference between light and darkness.**

**Now; I cite to you that this very program starts out with Peace. The League of Nations talked Peace, but ends with catastrophes evolving war. It progressed into the United Nations and is designed by the enemies of your race..for your destruction. What we need to understand in America and some are beginning to understand as the right wing is waking up, is what God purposed you to do. The Right Wing is beginning to understand that we have people here in America who don't belong here...but after all God told us that from the beginning. We have these people in our State Department, and they have moved into our military into places of responsibility. We have agents inside our industry, and those who are designers are working in high places in our society and are in high positions of authority. And what they are actually seeking to do is to destroy our way of life and bring about either by ease or by violence a transition which puts us under Satan's Beast Kingdom...with Socialism and Communism, and under the rule of Satan's children. Many of those who carry out this program are his children who are falsely swearing allegiance to this Flag while pledging dual allegiance to another either in Palestine or in Moscow. I cite to you again that these are the incidents of this so called Peace movement.**

**Now; take a look at it as we went into this last Peace Organization. We then went into war in Korea, but they wouldn't let us win it, against the principals of evil. We could take our best men, and our best General, and we could outfight the enemy, and we saw the miracle of God save us from destruction. We watched the regathering and the reassembling. We know that we had the power to do right, but the enemy brought us back to where we started...after a tremendous expenditure and loss of life, without any accomplishment, and we were stopped with all this...just where we started. We saw a little man...a little man in a high place remove one of our Greatest Generals at the height of his ability for Victory. We saw this General removed and dismissed from his obligations when this General as the leader of the military of this...God's Kingdom could have triumphantly rolled the hoards of communism back, and established a defeat to communism even on the mainland of China. But he was too big a man, and the enemy took a little man, and used him to remove this General. We watched this and we know that this was the instance of these forces of Peace...BUT THE STRATEGY OF THE ENEMY.**

**Yes...the White Horse went forth, but to conquer, and it was not permitting the Kingdom to conquer but it was seeking to conquer the Kingdom in the midst of violence. Oh! how we heard about the evils of communism, and then the pressure came within this organization to get the white man to stop his colonialism and development of leadership with the lifting of the Cross of Christ, with the standards**

of truth. To turn it back to savagery and to roll it back into the hands not prepared for leadership by God's own statement. And then we see the catastrophe.

Now we still remain within it and I will show you why a miracle must be forthcoming. The United States this last week must be ashamed of itself, as it has watched its great plane carrying the equipment of warfare against the Katanga Province inside of the Congo. This province is made up of white men, and of Negroes by appointment anyhow in the centers of Government. Sure, it has the best mineral and the best development areas of these minerals because the white men developed the area. True they do not want to become a part of communism, for the Congo state under its rulers now is a communist society. In fact the Leopoldville government was dominated by communists, and the agents are ready to take over the vacuum when the white men are driven out. The United Nations says the white men must be driven out of the Congo, because every white man is a mercenary industrialist, as he tries to develop something, using the money from the mines which he developed. Do you suppose that Africa would have smelters...mines..industry..technology..hospitals and laboratories, if the brains to operate them had not gone down there? So you think that left to themselves that the Negroes would not still be in that steaming jungle without progress? So you think that if the white man is driven back out again that Christian progress and development will come? Maybe this vacuum will be filled by Soviet technicians who stole their sciences from you, but now it is translated into the holocaust of world conquest.

Listen:...if the principals of the United Nations was self determination, if the so called flaunted standards of liberty and equality, and freedom was what they wanted, and they believed in, it then would recognize the right of self determination for the Katanga Province. They would say:... these white men, and Negroes of Katanga Province who don't want to go under communism, or be forced to associate with those who eat one another, or who murder and rape white women, and kill their own, should have the right of self determination. The right not to put their own society down the rat hole of destruction by joining it.

But what about this nation..with the outstretched wings of the Eagle, standing for Liberty, and Freedom. Standing for the principals of our fore- fathers and of our race...standing for the solidarity God has called for...for His race? This outstretched wings of the Eagle of the 12., chapter of Revelation, what about...the standard of God's Kingdom that this Eagle represents? We should My Friends under that standard not be joined to the United Nations. This started in the days not so long ago with Dag Hammarskjold the Hindu General, attacking the city of Elizabethville, and then this week the Globe Masters carried the weapons of war, and the troops to attack Katanga Province...TO FORCE..it to come into the Union of the United Nations..where this Peace on the White Horse sits..with the Russian

background. But Mr. Stevenson said:...I am delighted with America backing the United Nations stand. And even the President spoke out and said:...we must accomplish the unity of the Congo, so as to defeat the Russian objective. No wonder that Moscow smiled, for it showed that you can brainwash men at any level, so that they will accept the doctrines that communism proposes. Thus said the LORD:...This is the strategy of the enemy. And this Great Nation whose tax moneys are being used, are actually supporting tyrannical attacks and evil of the Anti-Christ system because we have not come out from among it, we have not declared ourselves out of this institution and segregated ourselves from this evil...which is God's order to us, for this day.

We are not proud of the machine gunning of women and children or of men around the Popes office, and government buildings of Katanga. Sure there is fighting inside..why not? The United Nations is fighting them with planes and men. Certainly they have shot thru our Embassy windows, and why not, when our planes have brought death to their centers? This is my country right or wrong, but may she be right, may we remove those who would take her in the direction which is wrong.

We turn as we look at this hour, and we find, and we see that the catastrophe of this hour comes from the organization which is supposed to be for Peace. And it turns the arms it can muster, not for the preservation of Peace, but toward the destruction of the areas from whence Peace would come.

Now; we turn to the next Horse that John is given to see, and when he has opened the second seal...'I have heard the second Beast say:...come and see ..and there went out another horse, and it was red, and power was given to him to take Peace from the earth. And then that they should kill one another, and for this he is given a great sword.'

This is again symbolic of the strategy which Satan has used:...to seek to divide the opposition, this is making war among yourselves. While they fight among themselves at times, still John is told that the major design of the enemy is to move in to your society and seek to divide you from the inside. Pitting one against another, and creating wars between you for their own gain. Thus the bloody symbol for one of the major strategies of the Soviet Union whose concept from the days of Lenin was....'Divide and Conquer'. And their subversive strategies carried standards thru out the nations of the world. These are those tonight who as a party have a demand upon them to register, but who refuse to do so, and then they demand the protection of our courts..two months after that refusal...to see whether they do have to register or not. Here people who always claim the right and privileges of another people. And many of our people do not understand that they are sometimes duped by these people in authority who use our own courts.

Interpretations are being made of our own constitution, or of God's given law and are strangely attacking Our Faith in God...attacking all the foundations of our society. There is position given to them or the right given, to try to overthrow our government, by force and chicanery. One of the same strategies we see in this situation, is this same one used before...of dividing. I tell you that the same children of Lucifer actually designed these false forces of Peace. They also have designed the strategy of divide and conquer, and have done it skillfully. If I would recount all the forces involved here which I could tell you, if time allowed...but I will tell you this that 'Economic Masters' working with the House of Rothchild and the International Banking systems of the world have actually precipitated economic crisis, and they have created conditions of economic vacuum, and have sought to encircle and cut off with their manipulations upon the markets of the earth...these nations of your race..and they have created by the power of their 'Press' situations where by they try to throw one Christian nation against another. Thus they would divide the Christian nations and get them to fight among themselves. How it fills the heart of Jewry with ...GREED...when they see Germans and Americans fighting one another. How it enhances the riches of their own administration, and my how it increases the war profits which they make. Someone pretty well taught the President, for he knew at one time that the wars come from these International people. He said that is what the extreme right teaches. And I can say that the other night even Mr. Powers gave a little evidence he knew what was right, for when they asked him questions, as he was in Aspen for the governors job, he didn't come right out and say...when they asked him about the John Birch Society, he didn't say:...I am for men who are always for the right. He said:...I do not think we need anything which is extreme because we already know all the things the right is telling us. I will only say this:...it speaks good for Mr. Powers education, for he already knows all these things, that the so called ..extreme right..teaches. And Mr. Kennedy also knows all these things. I want you to know tonight that their attack upon the right is an attack upon the Great bulwarks of American voices of freedom, and American principals from which they shall not swerve. For the majority of people have their sympathies with the right even tho a lot of them have not gained the spiritual courage to align themselves with it. But the enemy is afraid tonight, or he wouldn't mention it. They use their little men to make their attacks. I might pause to say again, that they would like to divide you, and split America into the Extreme right..the Extreme left, and the 'middle of the road' who Christ said are not smart at all. The little man spoke out and said:...General Walker got what was coming to him just like General McArthur got what was coming to him. And the man whose little voice fired a great General of our country, was not worthy to polish the boots of the man he criticized.

I want to point out to you something for which 100% Americans should apologize to your nation for not screening him a little better. This last week when Mr. Truman spoke out and said that the John Birch Society was just a bunch of

KKK's who didn't have \$15.00 for the uniform..with that speech Mr. Truman just joined the invisible Empire, because way back in the 1920's it did cost \$16.00 for a uniform and Mr. Truman remembered. Under the Kennedy inflation it would cost you 25 or 30 dollars for a uniform, but Mr. Truman remembered, and he thought he was taking a slap at an enemy. He however just awakened every member of the Invisible Empire that here was a man in our midst who had been exiled out of the Empire for his acts of treason. I want you to know that they will not forget him now, for he remembered, but he joined the enemy, and in the days he joined those of that uniform he did not keep their trust. Isn't it amazing that when they start to fight the forces on the right that they soon have all the patriots together?

Propaganda goes out seeking to divide and conquer, this is the position.. red..as it coins words like extreme, and now they are trying to make it an ugly word. They say, anybody who is extreme must be a fanatic. They say to be extreme..oh, how we deplore this..and then they say the KKK is extreme. But they lied about it in most instances. In any institution of this size there are many people, and some of them are not always as rational in what they have done as they should be, but there were millions of people in there who were dedicated to save Christian America. And were seeking to stop the mongrelizing of their society, and seeking to break the attack upon their way of life. Not always guided perhaps by the clearest of information, but always by sheer devotion to this nation, and to this flag. And so there arises at this time...movement after movement...'Christian Nationalism', Plish Patriots, John Birch Society, Minute Men, rising all over this country, and Veterans organizations and others motivated as the spiritual stirring moves to get these men to think like their forefathers thought, and be willing to dedicate their expression, and their identity, and for many even their lives, and their sacred honor, to the preservation of this nature under God. That is Extreme? You have to take an extreme position in the days of the atom bombs, and subversives, and assassinations as well as political chicanery which would reduce your whole society to slavery.

You are going to have to take a very active part, against the enemy. I will tell you something tonight, they smeared the Klan, and people didn't know it. They fought it over the Press..radio and T.V. and let me tell you that the Motion Picture industry has played an important part in all of this. They have depicted over the screen false concepts of life, the way they want to sell it unto people, until they can make people who look at these false scenes hate anything by the way they portray it. How often I have come before people, and they saw this, or they saw that, and they know it is true because they saw it...but remember it is because they saw the pictures with their own eyes. And when I trace it back it leads to some monstrosity put out by Hollywood. How often it is that the voice they listen to was Edward R. Morrow, which could have been equally written by the travelers of the world, or by those in this country who put out the same line as does Moscow.

Strange as these things may be this is what Christ told John..this is a part of their battle to divide and conquer. That the forces behind this would have their shield..red..world communism with its strategy to divide and conquer would move out with its strategy also in other avenues to extend its many policies. This is the strategy of the Beast. And again we have watched the continual flow of propaganda movies, turning one Christian against another, or dividing the heart of Christian civilization for this struggle is an old one, and they would like to do it again and again, and pick up all the profits and plunge you into the next phase of the riders of Revelation.

'And I opened the third seal and I heard the Beast say: come and see. And I saw a black horse and on him sat he who had a pair of balances in his hand. And I heard a voice say:...a measure of wheat for a penny, and 3 measures of barley for a penny, and see that you hurt not the oil and the wine.'

Probably there are no more powerful forces in the world than these two measures of trade. They economically valuable and many of these things are related to it. Remember the Black Horse belongs to the Beast System, and remember it is not a part of your society, but is sent into your society to conquer. This Black Horse is one of the most deadly of the forces to capture men, and it is to put out the light. It is the power of economic warfare of the Beast System to conquer you. It comes not with just weights and balances but it holds the balance in its hand! It sets the price of your goods, or can devalue the purchasing power of your people. Or it can inflate the cost of goods at its will. It is the power of one phase of Satan's children who no one no matter how ignorant he may be can gainsay. The House of Rothchild said:...give us the power to control the economy of any nation, I care not who makes its laws. In another instance he said:... if you give us the power to manipulate, to raise and lower the money of a peoples economy, then their economy will be forever in our hands. Jacob Schiff wrote to Col. House after he had accomplished the surrender of Americas monetary system into the hands of the Federal Reserve system, and duped the Congress into its creation. He said to Col. House:...you have delivered the money of this nation into the hands of your mothers people. We have the control of the nations economy.

Yes...this manipulation has created artificial scarcities, and manipulated wars, and suppressed men, until they rise up and overthrow the darkness. Strangely enough they think to rule the world and its economy. Yes, all the depressions America has had can be laid to this same source. Each and every time they have done this in the past, they have done it by throwing their economic shares on the market to undersell, and to bring on a panic. And then as panic hits the market they buy them up, and then hurl them down again, and set false standards and to close their institutions, or to cry...crash. Or to guide those who serve them, to accomplish this. It was with their control of the economy that they gained their

strangle hold on Rome, and Rome persecuted Christians more because of the Jewish control over Emperors, more than any particular affront to their God. I tell you tonight that Rome was democratic as some might say, in that they allowed the local Provinces to worship as they pleased, as long as the power of Jewry allowed them to do this. There would have been no revolution or battle with the Empire of Britain had it not been that Jewry created this with its artificial changing of the balances of the money, and forcing King George into the instances of tax action that brought on catastrophe and revolution, for that society. It ended with our revolt and the birth of a nation, but they were behind this manipulation. They guided Mr. Roosevelt to take away our gold, and they are influencing by their control of the money..the markets of the world, and they are upsetting by their demagoguery thru unionism and other policies...the wage standards of the world. They manipulate these balances, and they are the enemies of your society. You need a Divine Standard..an American Standard, one set of measures..just weights and measure, and permanent purchasing power, thru the monetary instrument that you create. And your society needs to base its greatness on the true production of a people, not on the manipulations of its coinage. You must again take back your own money...fold up the Federal Reserve system and close up the institutions that are destroying you, and when you do that you will discover that you won't have to worry about how to remove the parasite from your land. For when you remove their power over your money then they will leave, and as he goes he will tell the world how you persecuted him...or how they burned up in ovens over there, or we died in that country we just left...ect.

I turn to the fourth horse of the Apocalypse and there is not much time to finish this message but....even tho there is not time to finish the pattern of our thinking still I will touch on it a bit. 'I looked and behold a Pale horse, and his name who sat on him was death and the grave. And power was given unto him over one fourth of the earth to kill with a sword, and with hunger, and with death...with the beasts of the earth.' This my friends is the final military operation of the enemy, this is the gathering of the hoards of Asia, as Jewry sought to do in the days of Genghis Khan. Using the Chinese Jew Chepe Noyon, by giving them weapons and correlating their operations, and then used the strange strategy of his ability to wage war. We watched this strange march across history, and how the merchants came in to open the gates at night, and betray China. And then the fall of Samercan came, and the march against Baghdad, and the invasion thru the Caucas pass and up from the south, and down from the north, as a sweeping conquest was made. They marched into the very heart of Europe, across the Danube and against the Citadels of Christendom. But finally God brought death to Genghis Khan, and their Pale Horse...the Asiatic beast was drawn back until the end of the age. But this is the same evil power which gave life to the hoards of Genghis Khan, is once again giving life and political power to the army of the Beast..the Anti-Christ hoards of Asia. And Communism leads them out, just as they were led by the same Marxist creators of evil who created this attack against Christianity ...in the days of the Khan.

So again we find this part of the struggle as one quarter of the worlds populations out of China, and out of Asia fall into the numbers of the hoards of Communist armies for The Beast System. We are told over in the Book of Ezekiel how you join with the Anti-Christ with his militant power, his air-power...his Jets, and yet he rises to come like a storm and they would come like ants with great man power to cover your land. I tell you tonight that this is a country that knows famine and understands their lust for food, and under the program of the Beast will hurl themselves into the fray to capture more territory, for this is the destiny of China and Asia. Thus the symbol of the Beast and of the sword is here marked. And HE has been warning you that your enemy will come into your country and will work on the inside and on the outside to try to capture Christianity with false alliances, and false Peace moves which end in wars that you are not allowed to win. This enemy will move in on you to try to divide you one from another, and to attack your faith and your nation, and try to divide you one from another, and to attack your faith and your nation, and try to turn one Christian against the other. He will move into your society to control your economy and con you into surrendering the manipulation of it into his hands. And then these things failing, he gathers the hoards of the world to throw a mighty war against you. This is the program of the Beast, for he has no morality, no ethics, and those today are the strategies of your enemy. As I turn over here to Mystery Babylon I am told that God identifies them as the merchants of earth who came into your nations. As the race who was against Him in His time. As a race who will be just like their fathers, and who are against the program of God's Kingdom.

Now the reason I point this out tonight even tho we have not time to close this subject is that it is quite obvious that God wants you to defeat this evil power with the great instruments of your declaration upon your part. We do, and we should proclaim that we stand for Peace, but we back it with the mighty of righteousness, not joined to the darkness. But not imposing this strange thing as is now being imposed on Africa and other parts of the world. We must recognize that we must join men together, but, if we divide them, then divide them from their evil with the proclamation of truth. Let us not accept a double standard. Here in America we have men giving lip service to our nation and then advocating the policies of the economics of socialism.

Let us take the stand that God has ordained, that no stranger to your race or your Faith shall ever be allowed to manipulate your economy or get above you. We have been told by Benjamin Franklin that if we enter into an alliance with these sons of Lucifer, that you children will curse you in your grave because they will be in the field, and those strangers will be in the counting house....counting out the money.

(End of Message)

## IMMANUEL

By Dr. Wesley A. Swift----12-14-61

Today all Christendom is in meditation on the great things that God has wrought. There is no doubt that all of us who are assembled in this auditorium know who we are, thus the whole Christmas message takes on added significance. It is good that all Christendom pauses to celebrate the Birth of The Christ, and it is more important that they pause to celebrate the Birth of The Christ amidst all the affairs of life, than that they get the right day. There is no question about the fact that he was not born on the 25th., of December, but the important thing is that this is the day when all Christendom has been recognizing the birth of The Christ, and continues to recognize the birth of The Christ in face of all the opposition that does not want the recognition of the Birth of The Christ known to the world or witnessed to it. THE SIGNIFICANT THING IS.....WHAT TOOK PLACE THAT DAY.

I listened to a minister over the air who said:...'It isn't important how Christ came, it isn't important who he was, it is just important that we follow his example and that we accept his teaching. Well that is the trouble with the church today...there are a lot of people who think that the most important thing...ISN'T IMPORTANT!, We have a lot of people who think the same thing...the most important phases of their independence and their national life and their constitution. But this Clergyman says that it is not important who HE was. But we tell you that the most important about the birth of The Christ is who HE was. The second most important thing is that HE came...the way He said He would come. And He came to a people, and for a people HE had promised he would come to.

Thus, Clergy today was trying to divide the message in the Book of Matthew and the Book of Luke. He was trying to say that the two messages had two different significance. The one in Matthew was a Jewish story and the one in Luke was a Gentile story to all the of the world. Well that is why we have so many Christians who don't know whether they are coming or going. They don't know what it is all about. However there isn't much in the Book of Matthew for the Jews to want. The Book of Matthew does give the house of Joseph...the genealogy of the husband of Mary the Virgin to whom was born ...THE CHRIST.

Now; I want you to consider for a moment, the background of the Bible, which God caused Holy men to write, and they wrote a record of great history. And in the early texts as these Scriptures were brought together they were the greatest compilation of the words of God that man had before him. And they went thru much testing and great attempts by many for changing. In fact when in the early church of Rome they had attempted to copy many of the manuscripts we find that a

fifth column invasion took place in the Church of Rome as the enemies of the church of Christ moved in and tried to obstruct the truth. And their original Alexandrian text was changed, yet in spite of this that church still carried the testimony of The Christ, and the story of his birth. Still carried this message even tho inside their version of the Scripture there was now two accounts and they are slightly different, one in Matthew and one in Luke.

Then when Protestantism started and Martin Luther had established the church in Germany, and even tho the great Abboteries of Britain had existed long before, and the free church had been there from the beginning...still Protestantism took the same sets of Scriptures as Rome used, even tho the earlier texts were known. So thru the course of time all Christendom had accepted the great basic facts of the story as true. But there were great areas of the panorama which they had somewhat confused, because of the effort on the part of the enemy of Christianity to obstruct the truth, and try to change the story and have men believe something which is not true.

The enemies of The Christ today are the same enemies that he had at the time of his birth and his ministry. Do not forget the prophetic significance of this...that 'The Dragon stood before the woman to devour this child as soon as it was born. And we remember how Herod the King and his soldiers tried to fulfill this at the time of His birth. We must remember that in their animosity they wanted to dissuade the world that this was the embodied YAHWEH (God).

Now; either today this was the birth of God in a miraculous program which He had prepared for Himself, before the foundations of the world, and prepared for you...or Christendom is built upon a fraud and had no greater life than the energies of its people. There is no room today for vacillating Christianity with the challenge that lies before it. And there is no greater power than the great instrument of catalyzed Faith in the hearts of the children of God, when they recognize what God has accomplished and what he has purposed. We would then turn to the Book of Isaiah and read again the words we find concerning God's purpose for there was never a greater panorama of God's covenants that is satisfactory to you...and you alone...than those words found in the Book of Isaiah:...'Therefore YAHWEH himself, shall give a sign:...behold! a Virgin shall conceive and bear a son and thus call his name IMMANUEL.

Now; the word Immanuel was not his name...the word Immanuel meant God embodied in the Flesh. So when it says thou shall call his name Immanuel, it should have said:...'Thou shall call Him God...YAHWEH embodied in the Flesh, the reigning Supreme ruler of the Universe.' This is the declaration of the prophet Isaiah. Therefore turn to the 9th., chapter of Isaiah and this is written specifically to a people, and that people..Israel..the Adamic race, now having passed into the beginning of its national stages and its prophetic Destiny. 'Unto us a child is born, unto us a son is given'...Not unto Asia, Africa, or the world but unto us..the white

**race, the Adamic Race, unto the children of His Household, unto His Kingdom, and the government shall be upon His shoulders.**

**I was talking to some Clergymen a few days ago and they were discussing the world crisis and they said:..Dr. Swift what do you think our government is going to evolve into? I said:... 'It is not going to evolve into anything, it is going to be liberated and in the transition of our government you are going to see it grow into a great world centered government of Jesus the Christ...a Theocracy. In which the entire parliamentary procedure will rest upon a group of great statesmen of the white race. In which every nation of YAHWEH'S kingdom shall exist as a nation, and in which they shall provide the service of that nation to one throne, and in that hour it shall be Incarnate YAHWEH REIGNING OVER MEN. If there are any who have any political opposition to this you might as well surrender, for it won't make any difference, for its going to come JUST THAT WAY. And until that hour comes, when THE ETERNAL assumes that throne, which is one of the great days of your race, it is your responsibility and mine to carry out the destiny which YAHWEH has ordained, and to preserve the ramparts of this nation for the protection of this leadership in YAHWEH'S kingdom, that the prophecies of the Scriptures have outlined for these United States. As I turn to this passage it says:..'Unto us'...a child is born, unto us a son is given, the government shall be upon his shoulders. I want you to note this prophecy of Isaiah:... 'His name shall be called...Wonderful, Counsellor, The Mighty YAHWEH.' Lets look at that part of the prophecy for it says:..'HE shall be the Mighty God..the Everlasting Father'. I think it is significant that we recognize that this is the fullness of YAHWEH who was born in Bethlehem of Judea. That this was to be the Everlasting Father, the embodiment of YAHWEH our YAHSHUA (Savior), the Prince of Peace and of the increase of His government there is to be no end. And if you want the final pattern of this, HE is going to rule in the earth with everlasting righteousness.**

**Then in the Book of Malachi, chapter 3 it gives us the events which were here prophesied concerning...THE MESSIAH. 'Behold! I shall send My messenger and he shall prepare the way before me'. These are the words of the Almighty YAHWEH...speaking thru the lips of the prophet Malachi. 'I will send my messenger and he shall prepare the way before Me.' Malachi 4:5..'Behold! I will send YOU...Elijah the prophet and he shall prepare the way for ME. The miracle of events that we recognize at this time of year includes this story, and includes the miracle of the coming of Elijah, out of the heavens, born also as a babe, for one of the greatest mysteries and phenomena of the Scriptures!**

**Before we go into the phases of that event, I would go back to the ancient Patriarch Enoch, for among the history supplementary to the things we have in the Scriptures are the writings of Enoch which were Scriptures in themselves. The Book of Enoch tells of his experiences. We will talk tonight on the subject 'The Star of Destiny',**

and we will touch on this subject of Enoch more fully, and of his measures and what he was shown. But I think it is important that we remember that there was a man who found Angels at his door. They were not wearing wings, but there was a strange craft at his door. They said:...Enoch we have come from the presence of the Eternal, and we are to take you into the heavenlies and into HIS PRESENCE and we are to show you things that the Eternal wants you to know. Well, Enoch just said...O.K., let me close up my house and tell my children goodbye, and he told them he was going with these men out to see YAHWEH, and that he would be back soon. I wonder how many men would walk out their door like that today and not feel any fears? Enoch went out the door of his home and met the two men and he entered into their chariot which is described in the Book of Enoch as their vessel.

And they left the earth and they traveled over earth, and continents and oceans and out over the icy pole and into the space above, into the Majesty and beauty of the Galaxies, in which the light which shown around about them was described by Enoch in a beautiful way. Finally after he had transversed the heavens, he moved into the Pleiades and he talks about the speed of the wind, and he talks about the streaks of flames and fire that went behind him. He talks about his arrival and about the people who were coming and going all over the Universe. And he talks about how he was taken into the presence of the MOST HIGH AND THERE SAT ONE ON THE THRONE. The thing that thrilled Enoch the most was that YAHWEH said:... 'My Son'..in speaking to Enoch, then HE told him that he had brought him there to tell him things that Enoch was to go home and tell his kinsmen. Thus in the day of Enoch...YAHWEH called your race..His kinsmen, and He said to Enoch:...As I have promised unto Adam and to his children thy fathers...I shall visit My Kinsmen and I shall redeem them from the curse of their errors. I shall establish them again in the light of My Glory and they shall accomplish My purpose, and they shall build My Kingdom. Then HE said:...Enoch I shall show you when these things shall be....and then an Angel showed Enoch how the formation of the stars looked from the earth, showed him where to find the wandering stars which you call planets, at the time of the coming King. Told Enoch that this would be the very embodiment of YAHWEH, and the fullness of HIM would dwell bodily in this manifestation. Then Enoch returned from the heavens and wrote many books telling of the many mysteries shown to him. And out of the wisdom of those past experiences and with the instructions received in the heavens, then Enoch fulfilled those instructions given him.

Out of Oruselem he gathered 144,000 Wisemen of your race and they went down into Egypt, there were in that group Savants, Architects, Builders, Designers, and they laid out the city of ON in Ancient Egypt, they built the Sphinx and the Ancient Temple beneath the Sphinx and then finally they erected the Pyramid. And Enoch and Job the two great Pillars of your race worked together in significant wisdom of revelation, for they knew when they built...that the hour was coming when YAHWEH would visit his people. They knew when they built that they were the children of the LORD of Life and Light. They also knew what this was going to bring forth, and that the enemies of YAHWEH'S Kingdom were going to be

**confused. Enoch and Job and those of your race in this great work were known as the children of Osiris ...the LORD of LIFE and RESURRECTION.**

**The Egyptians picked up a part of that story, and wherever the white men migrated, whether they were the Manu of India, the Aryans of Persia, the story of the Messiah, the Incarnate coming of YAHWEH was upon their lips. That is why the Scriptures bears this testimony as Timothy writes:...that YAHWEH was The Christ, for Christ was embodied. There is no short cut to the truth. The story had been unveiled by our forefathers, and told and retold with anticipation. And even tho we have been thrust into contact with every religion on the face of the earth, and even tho we have been carried into captivity, we have been shoved by migration into other areas of the earth, still these traditions remained among the great schools of wisdom and mystery of our race. It is significant thing when we turned to the scriptures to see what did transpire. We will talk about the astronomical measures and about the tremendous events that took place and the timing of all of it, as we speak tonight of The Star of Destiny. But I want you to turn to the Gospel of Matthew and to the first chapter and the 18th., verse:..Now the birth of Jesus the Christ was on this wise;...Here we are told that his mother was Mary and that she was espoused to Joseph, and before they came together she was found to be with child...OF THE HOLY SPIRIT. This is a foundation cardinal point of the Christian Faith. The great creative Holy Spirit of YAHWEH, the Mighty power...creative energy force of His Universe. The very life force of all life having emerged forth out of the Eternal, had accomplished the purpose of embodying Himself in the womb of a Virgin.**

**You will note that an Angel appeared unto Joseph and said:...Fear not to take Mary as thy wife for she has conceived of the Holy Spirit. She is going to bear a son, and thou shall call his name YAHSHUA. This is translated as Jesus in your version, but the word Jesus comes from the Greek word...YA-ZUSE....thought to be the Mightiest God of the Heaven in Greek theology who was Zuse, and YAH was the oldest Universal word for God.... thus Zuse was the Savior God. Ya Zuse, was the word in Greek and Ye-Souse was the word used in India. Thou shall call his name YAHSHUA...in the 43rd., chapter of Isaiah it says:...I YAHWEH AM THY YAHSHUA...The Holy One of Israel, I am thy Savior. Then the Eternal says in Malachi:...I shall send forth my messenger and he shall go before me.**

**Now; turn back to Matthew I....HE shall save His people from their sins. That is why The Christ came into the world, not only to fulfill a redemption but to save His people from all their errors, mistakes, and catastrophes, of all violation of laws and principals that are undertaken because of the conspiracy of Lucifer and the process of temptations and the conflict of the world order. To establish the righteousness and fulfill the destiny for which we had been sent. Now it was fulfilled, that which was spoken by the Prophet of YAHWEH who said:... 'A virgin shall conceive and**

bring forth a son, and shall call his name Immanuel, which being interpreted is 'YAHWEH with us.' We discover that it was in this way..and Joseph received the message from the Angel and accepted it. There is one thing we discover that surrounds the year of Christ's birth, it is that Angels were coming and going from the earth. Important Angels and that all the forces of heaven were focusing on this coming event! For Angles like Michael and the Hosts of Heaven were bending low...and Gabriel who was also a Chief Angel, being a Great Archangel had appeared unto Mary, and unto Joseph and other also. And then Gabriel in the Book of Matthew tells how the declaration came and how Joseph accepted it.

Now turn to the Book of Luke, for this Book gives us a record of the narration, the other early church writing such as the writings of Clement contains the whole expanded story. But we are told here in the Book of Luke that the Angel Gabriel first came to a priest by the name of Zacharias who used to burn incense in the Temple at Jerusalem of Judea, and now served in the Temple at Bethlehem as well. He was of the House of Abia, and his wife Elizabeth was a daughter of the lineage of Aaron, and a cousin of the Virgin Mary. This Zachariah was an aged man as was his wife and she had been barren. But now the Angel Gabriel came to the house of this aged man and he told Zacharias that his wife was to bear a child and that child would be the Messenger that YAHWEH said he was to send. But Zachariah did not quite realize just what was to happen and he just could not believe what he was hearing. So the Angel Gabriel said:...because you do not believe then you will be unable to speak a word unto this child is born, and then you shall call his name John. And it all happened just the way that the Scriptures declared, for Elizabeth conceived and was with child. Then in the 6th., month of her pregnancy the Angel Gabriel was sent from YAHWEH into the city of Galilee, named Nazareth...to this Virgin espoused to Joseph of the House of David, and the Virgin's name was Mary. The Angel said:... 'Hail thou that art highly favored the LORD is with thee:...blessed art thou among women. The Angel said unto her...Fear not Mary for thou hast found favor with YAHWEH. Thou shalt conceive in thy womb and bring forth a son and thou shalt call his name YAHSHUA.

When you go back into the patterns of this translation you will discover that this name is the same as in the 43rd., chapter of Isaiah. This is my name...Thy YAHSHUA...thy Savior. Thus He was to be called YAHSHUA...HE was to be great, and HE shall be called the Son of the Highest, and YAHWEH, thy Savior shall establish this embodiment upon the Throne of David, and He shall reign over the House of Jacob and over his kingdom and there shall be no end to this Kingdom. Then Mary said:... 'How can this be for I have not known man? And the Angel answered her and said:... 'The Holy Spirit shall come upon you and the power of the highest shall overshadow thee, therefore this Holy thing which shall be born of thee shall be called... Incarnate YAHWEH'. Then Mary went to the city of Judea to visit her cousin Elizabeth, and when Mary came Elizabeth said:... 'blessed art thou and the fruit of thy womb. And whence is this to me, that the mother of My YAHWEH hath visited me?'

Now; we are protestants and our form of service is different than that of Rome, but I want you to know that this is one area within their Faith that they often repeat, but it was not without foundation, for an Angel came to this woman of your race and he did say:...'Blessed art thou among women'. And her own cousin moved by the spirit also said:... 'Blessed art thou among women and blessed is the fruit of thy womb, that the mother of YAHWEH should come to see me.' Yes, we know that YAHWEH was the Eternal One, and that by him all things were made. And for His embodiment in earth, He had selected a mother, thru whom he was to be born, and that physical body of the man we call Christ Jesus would be formed in the womb of a woman of your race, and that the fullness of YAHWEH would abide bodily with in that body. This is one of the purposes of the MOST HIGH WHICH HE DECLARED FROM MILLENNIUMS BEFORE THAT EVENT. Now; every young woman of Israel, from the tribes of Judah and Benjamin had hoped that they might be the one chosen for this great event. We listen to the dialogue:... 'Blessed is she which believed; for there shall be a performance of those things which were told her...from THE LORD. And Mary said:...My soul doth magnify the LORD, and my spirit hath rejoiced in YAHWEH, who is my Savior....the original text says:....rejoiced in YAHWEH my YAHSHUA. He hath regarded the low estate of his hand maiden, for behold! from henceforth all generations shall call me blessed. Then in the declaration of all this, in the things that are involved, is the conformation that He hath spoken to our fathers, and Abraham and to his seed for ever. This was his fulfillment of prophecy.

We then have another record which I think we should recognize, for it is involved with this story. Our enemies try to say that he was just a man. Our enemies and YAHWEH'S enemies have sought to deny his Virgin Birth. They have sought to challenge and say that he was an illegitimate son, this has long been their story, for they hated him and they lied about him. They wage religious warfare upon him, but to this date they have not prevailed, for Christians unto this hour still believe in His Virgin Birth and recognize that Jesus is the Christ. We have prophecy of His opposition and what they would say, and how they would feel, and who they are and where.

Among those magnificent events, it must be remembered that his enemies killed thousands in order to accomplish what they thought would be the liquidation of the Christ child, but they were not successful.

Remember that the Angel came to Mary...to Joseph...to Zachariah and to Elizabeth. The Angel forces were bending low to earth, they were getting ready for this great event. There were shepherds on the hills, the night of this great event, and suddenly the Angel of the LORD came down among them. And when they heard this challenge their hearts leaped with gladness. 'Glad tidings of great joy, for unto you is born this night in the City of David, a Savior who is Christ THE LORD'. Great space crafts hovered over that hillside, but I want you to know that all the forces of the Universe were involved in this happening in Judea. Then suddenly the

**shepherds heard the great heavenly hosts singing above and around them, and I know you don't move all the heavenly hosts without preparation.**

**Then I think back to the 33rd., chapter of Deuteronomy and how it tells that when YAHWEH gave the law to Moses, that not only was YAHWEH, Himself there, but also thousands of heavenly hosts were there also, in their great crafts. And in their great crafts they shown great lights down on those of earth. The Aramaic text makes it very clear, but this one is clear enough. The Shepherds on the hill suddenly found the air filled and the hills around them were also filled with the heavenly crowd and they were singing, and Praising and then shown their spotlights of Glory down upon the shepherds. The Shepherds were told....Leave your flocks in YAHWEH'S protection and go see the child. Clement said:...The Shepherds were suddenly filled with amazement and with joy and they went to the manger where the child lay and then they returned to their flocks and their flocks were safe. But the Shepherds tell of the heavenly hosts bending low to earth and of the Majesty and the Power and the Glory that surrounded the Throne of God, which now was transferred to earth around a manger and a babe.**

**I think again to those words:... 'All things were made by HIM and without HIM was not anything made. I think of the fact that prior to this in the home of the Priest of the Temple in Bethlehem, that a son was also born, and that night of the birth...Zachariah did finally speak and he said:... 'his name shall be John'. And we remember that at the birth of John the Baptist, this babe did prophecy that the visitation of God would take place, very soon. And then I remember the words of Jesus as he spoke to his disciples and he said:... 'What did you go into the wilderness to see?' and he was speaking of John the Baptist. Then Jesus said:... 'Did you go out to see a man dressed in goat skin who would prophecy? Did you go out to hear his gospel? Did you know who he was? If you can understand this...then this man was John the Baptist yes, but he was also Elijah who came to prepare the way for me.**

**Then I turn to the writings of Paul who also went into the dimensions of spirit, and did not know whether in his body or out of it, but he came back to write of those events. He wrote about the mysteries of this in the Book of Hebrews. And he wrote that YAHWEH was Incarnate...embodied, born into a physical body so that he could be just like his kinsmen, and wasn't ashamed to call you his family, and that his embodiment in the earth was a part of that covenant and a part of that promise. I think of Jesus as he talked to the Jews and he said:... 'He who hath seen me hath seen the father'...for this was YAHWEH walking with his people, redeeming his people and taking them back into himself. No wonder that Jesus said:... 'Thine they were in the heavens and mine they are in earth'.**

Redemption is getting back what you once had. Redeeming it and this is ... 'Unto you'. This whole Christmas story and all that it tells is... YAHWEH being born into a physical world the same as you were born into a physical world. Only he...by power of Divine energy of His Spirit concentrating the life force, and presenting his own life spirit thru this process of miracle, emerged 'A MAN AMONG MEN'. There are men today who try to attack this story that we find in Luke and in Matthew and they are trying to say there is a discrepancy in the two stories, because in the Book of Matthew it tells us that after the visit of the Wisemen that Joseph was warned in a dream to take Mary and the child and go down into Egypt because the King of the Jews and his armies would try to kill the child, and the Scripture tells us that Joseph took Mary and the child and went into Egypt, so that the Scriptures could be fulfilled... 'Out of Egypt have I called my son'.

If you will turn to the Book of Luke there is a little different story, that on the 8th., day they took Christ to the Temple according to the manner of the ordinance of the law for the dedication of Christ, and for circumcision, and for the fulfillment of all the ordinances of God. Then they waited until the completion of the ordinance of the law of purification and then they went back to Nazareth and there Christ grew up, and that every passover thereafter they went to the Temple in Jerusalem. The enemies of The Christ say one of these stories isn't true so maybe neither is true. I'm going to tell you that the enemies of YAHWEH...the Jews..tried to garble the story. It was not this way in the Alexandrian text. And we have out of the writings of Clement the whole story and there isn't any error, only added knowledge to complete the sequence of event. For the Shepherds came in that hour of that birth, and they were there the same night, and the Wisemen did arrive by the 5th., night, and Christ was now in the home of Zachariah and Elizabeth, so after the Wisemen came and on that 5th., night an Angel came to Joseph and told him to take Mary and the babe and leave that place, so Joseph took Mary the mother and the babe to the home of Joseph of Arimathea in Jerusalem, and then on the 8th., day they took Christ to the Temple, but none of this was known to Herod, for he was not a religious man, and also he was a Jew. On the 21st., day, Mary went to the Temple of ON. And there Christ stayed at the Temple of ON between the Paws of the Sphinx until the death of Herod the king. There is not any discrepancy in either of these stories because at the death of Herod the king they went back to Nazareth and there they stayed until they went tot the Temple...and then Christ's ministry started as he astounded the Masters and the Scribes of the Temple with His knowledge and His Wisdom.

The enemies of today have sought to garble and confuse...why? Because the great story of this testimony is that he came as YAHWEH to visit his people and do the great things he had promised to do.

**I want you to know why as Christians, we worship and enjoy Christmas so much, it is because YAHWEH did visit us and redeem us, and was born a baby, grew up as The Savior-YAHSHUA and did save us by his own work on the cross at Calvary, and no one can lay any transgression to your charge. I want you to know that it was his purpose to build a kingdom, and to build it with your race, and he is going to see that this is done. And it was his purpose that the children of his kingdom would carry his name, and they would be known as Christians. It was his purpose that of this Kingdom there would be no end. And it was to his purpose that out of Abraham was to come these nations, and the company of nations, and this great nation and they have come forth as prophesied. It is his purpose that they be Christian nations, charged with the impact of his life and the power of his spirit, and the spiritual center is his church. He has accomplished that, and there isn't anything startling about the fact that today the hoards of evil are trying to destroy his kingdom. That they would do this was also told by the prophets of old, but I want you to know that the story of YAHWEH'S program is one of ultimate victory and triumphant power.**

**I think there is no reason for any man of your race to ever fear again... when he realizes that promises made to our forefather 7400 years ago have been kept. Promises made to us in Celestial plane, before the foundation of the world have been kept.**

**The Incarnate YAHWEH brought forth a miracle...a Virgin brought forth a child and that child was Immanuel...YAHWEH IN THE FLESH..with us, and because of that he is our father, and because he accomplished this then we know that he can do anything else he said he would do. As long as you and I know that...we know that everything he said he was going to do will be accomplished thru you and in you. If there had never been a Christmas we might say there was nothing we could be sure of and we would be battling without hope. The Kingdom of YAHWEH shall triumph and we can do all things, thru the Incarnate Spirit of Life that YAHWEH hath begotten, which resides in that house of Light which is your body. This is the story of YAHWEH embodied in the flesh. You are the story of YAHWEH'S children transferred from heaven to earth and the Christ in you is your Hope of Glory.**

**No wonder then that the great corner stone of the Christian Faith lies in the identity of who..The Christ was. And there are some who say...we don't have to accept this for it is just dogma of the church. There are certain positions of truth that you can argue with, but cannot reason away, nor can you book an attack upon these, and these could also be called a dogma but they are true, and if there is one important point in the identity of The Christ it is this account of who he was and how he came. If that is not true, then Christ was not telling the truth and he was a deceiver. If this account is not true then all Christianity is built on a myth. If this account is not**

true then he could not say:..'Before Abraham was...I AM.. or HE who has seen me hath seen the Father.' Either we accept the word of YAHWEH and we grow with the strength and the power of his truths, or Christianity will crumble like an empty thing.

There is also a second document which is also an arch and a keystone of the Christian Faith. It is that altho his enemies thought they had destroyed HIM when they put Him to death..still the power of His resurrection had conquered death. This testimony was of Ancient Rome and still today...with its rulers and government...a testimony of people and witness that YAHWEH permitted his physical body to be crucified, by His enemies and then triumphed over them by the challenge of His resurrection. That is why the two most important days in the Christian calendar are Christmas and Easter...we call it Resurrection day. One commemorates the birth of YAHWEH as YAHSHUA, and the other His Resurrection. The great dynamics of your race and its culture lies in these two events. For this was Immanuel. There is no doubt of the miracle of this birth and the Glory of the birth of This the Christ, nor of the effulgent glory that shown around that manger that night. Nor of all the hosts of heaven who stood on guard roundabout. All the animosity of the enemy showing thru their hatred, and turning it upon a child...still is futility.

Today the world is in a dark tossed night, and everywhere there is fear. I see some are digging holes in the ground and giving them as Christmas presents. Bomb shelters for Christmas!!!! Means hearts are failing them for fear of what is anticipated that is coming upon the earth. But I want you to know and remember the words of two Angels who stepped out of a cloud and you should also remember those clouds, because they were of Shekinah Glory....effulgent Glory which was hiding something which was not to be seen at that time. And as Christ and his disciples walked out to a hill at the climax of his ministry that cloud settled upon that hill. And Christ stepped into that cloud and they could not see him, then the two men stepped out of that cloud, but they could not see what they came in and out of. But these two men said:...why are you disciples staring into that radiant cloud of light for? Remember that the same Christ will come right back as you saw him go. Now you go back to Jerusalem and occupy and wait for your power as he told you to do.

I am convinced that the sign of the son of man is in the sky. I am convinced that we are in the very last remaining moments of an era closing and of a new one beginning, when we shall see the kingdoms of this world becoming the kingdoms of our LORD...and you his many membered body of Christ. For you are the body of Christ in the world today, for he unveiled this truth to the Apostle Paul for you to understand. I cannot help but thrill to the realization that YAHWEH is my Father. That He took a body of flesh like I have, and out of the race from which we

have come, and then dwelt among us, in the fullness of YAHWEH, and yet looked at us and called us kinsmen and family. Then ascended into the majesty and glory of the dimension of spirit, and took a transformed resurrected body into the planes of spirit, into the heavenlies, from whence he had come, and left you strangers and pilgrims in the earth looking for a great new day. Because of this you can say...MERRY CHRISTMAS! Did you know that YAHWEH wants you to be Merry? He wants you to rejoice, he called you children of laughter because you alone of all people in the world know that in this dark hour you have something to rejoice about. That you are going to triumph, that the spirit is going to stir you, and that you are going to be quickened to do a great work, and mighty exploits and the power of darkness is not going to prevail.

The forces of evil will be rolled back and the kingdom of YAHWEH will come in and Christian nations shall rule all over the world. There will be no more experiences of retreat to the forces of darkness in this world. No more burning of Christian cities. There is going to be the law of YAHWEH going out from one end of the earth to the other and righteousness shall cover the earth and the kingdom of God shall be in power and the nations of his kingdom shall rule. The Sheep nations shall be in power and the goat nations under their administration. Then the world will know what is meant when the Scriptures say:... 'KING OF KINGS AND LORD OF LORDS' Christmas is made for you...it is time for you to rejoice, and to lose all fear. His name shall be called Wonderful..the Almighty YAHWEH. And when we remember this then we will know that the cry:... 'O Israel...THE LORD THY GOD IS ONE LORD'...is true! For He dwelt among us in a human body and He was tempted with all temptations, and was touched with all the feeling with which you can feel infirmity. Then met all these things and with Incarnate Triumphant Deity and Righteousness...gave you an example. He is your kinsman and you can say....OUR FATHER. And more than that...in spiritual relationship He is your Father...a father unto the Adamic race from whence you have come. Paul said:... 'We are flesh of his flesh and bone of his bone'. So with these matters being studied and weighed at each Christmas time, thru out all Christendom as they are singing the songs of Praise and triumph, there are two days when we are Triumphant...those being Christmas and Easter.

This proves that the majority of your race can say:...MY LORD AND MY GOD.. and because you believe there is not enough darkness in the world today to overthrow this kingdom of Light of which Christ is KING!

We are living in Biblical times, living in historical times at the climax of an age, living in the midst of the threat of final Armageddon, and in the hour of great victory for the kingdom of your race. And you are going to look for signs that will soon be made manifest.  
(End of Message)

## **THE STAR OF DESTINY**

**by DR. WESLEY A. SWIFT 12-24-61**

**It is a most significant thing that out of all of the great events which are contained in Scriptures, that are the history of our race. Probably the most significant was the visitation of YAHWEH to His household, to His family.**

**We are told by the Apostle Paul that in the Eternal name of our Father, and in the incarnate manifestation of His name in the earth--the whole family in heaven and earth is named. And we have been assured by the Apostle Paul after his heavenly experiences and his trip into the dimension of Spirit and back, that we are the kinsmen of YAHWEH. And that YAHWEH was not ashamed to be called a kinsman. For He took a body for Himself--out of our race so that He could be--one with His kinsmen and like unto you.**

**We are aware that out of the study of the background of the scriptures and out of the great wisdom and mysteries that belong to our household of the Adamic race and to its developing knowledge that was unveiled again to them in the earth,--- that which was unveiled,-- was of the great and mighty purposes of YAHWEH and for His Kingdom which is constituted by the people of your race, and what the purpose of YAHWEH is for the entire earth and what He purposed to do in the ages to come throughout His Universe. -----All of this effects you. For you are members of His family and of His household. The Apostle Paul says in Ephesians to explain this---- 'Flesh of His flesh and bone of His bone.'**

**Then in the writings of the prophet Isaiah, the words say specifically that HE came forth in the earth, born of a Virgin.---Emerging the Incarnate Deity and --Unto us.-- -To no other people on the face of the earth was----this coming---by intent.--But, from this coming would come betterment for all the earth. "For unto us a child is born,--unto us, a son is given ---and the government shall be upon His shoulders, and His name shall be called---'Wonderful,'--'Councilor,'--The Almighty YAHWEH--The Everlasting Father--the Prince of Peace.'**

**If there was any great event that had an impact upon the human race, it was this one. If there was any event that effected the whole course of your destiny, then it was this coming. It was the reunion of our Father--out of the Spirit--with a physical embodied race which He had begotten and to whom He had promised to come.**

Now it would be reasonable to believe that if such an event took place, it would be marshalled by all the evidence of its greatness. And the whole Universe--held together by the Spirit--that was to inhabit this body born of the Virgin, out of our race, would be involved. For--'All things were made by HIM, and without HIM was not anything made.' Here, Paul was talking about the man--Christ Jesus--in the book of Colossians.

Now turn to the book of Matthew, and remember that we also have a record here that was duplicated by Roman civil records. And the civil records of Rome still exist today. For they kept records of all the providences of the Roman Empire. And those records are still available today. And they contain the years of the time of Caesar, which includes the Ministry of Jesus the Christ.

Now in the second chapter of Matthew, (we check both the civil records of Rome of that time and the Biblical record here in Matthew chapter two)--here it says:--'Jesus was born in Bethlehem of Judea in the days of Herod the King. Behold there came Wise Men from the East to Jerusalem.'

Now the second verse here in the King James Version, is not of the best translation. So we will give you what the original Aramaic text said:--'Where is He that is born King of Judea? For we have seen His star in the East and have come to worship Him.'

Now no Wise men would have traveled as far as these men had to see a Jewish king. They came seeking the Messiah, whom they were waiting for. They came to see the King born in Judea. And that is what they asked.

From this, we find a whole foundation for exploratory investigation. And we have the evidences as they have now been compiled out of the background of time and history from a multitude of sources. And we can know the full background of these Wise men who arrived and we can know why they arrived, when they arrived and whom they were seeking. For they said:--'We have seen His star in the East and have come to worship Him.'

So He came to identify with a race that started with our Father on earth--Adam,--but sent out of the heavens to earth to build a Kingdom. And the story of this race is the tremendous struggle with the powers of darkness to overthrow that Kingdom---always battling and sometimes losing and sometimes falling, for those temptations of darkness. But of this race which was promised an Eternal salvation and Redemption as well as a visitation by our YAHWEH.---And all of this promised before a single Spirit left the dimensions of Spirit to dwell in the earth.

Now out of this race would come technology and wisdom. And out of this race would come a people guided by HIS SPIRIT, who would be the greatest civilization that the world had ever witnessed.---

**We can go back to those days when the early Adamic race was driven out of the Garden of Eden for violation of Divine Law. And to the guardian Angel that separated them from the great errors of the catastrophies of the cruel fall. And we can go into the places of the High Tarim Basin and then trace this race from the Tarim Basin into the ancient land which is not called Palestine, but at that time was called Oruselem. And this was long before it was called Canaanland.**

**At that time in ancient history, we find that this city of Oruselem and the land of that area was called the land of the great sons of Osiris--Lord of Life and of Resurrection.**

**Now among those who were the descendents of Seth--the Biblical household of this Bible, were some great and mighty patriarchs of our race. Two of those men who stand out because of their great contributions to culture and to civilization of our race in the earth were ---Enoch and Job.**

**In fact Job is one of the oldest books in the Bible, altho correlated at teh time of the other books. However the fact remains that the records of Job are older than the writings of Moses. The ancient Zohar which had the complations of all the revelations which had been given in all times, to your race, by arch Angels, and by Messengers and by Yahweh himself--- and the Zohar refers to the things which Yahweh had told Job and also to the antiquity of the book of Job and it speaks of being long before the records of the early Pentateuch, and as existing long before any of the Pentateuch was written, And it carries forward the story of measures and of wisdom. And for this purpose the book of JOB was one of the outstanding books. The book of Zohar also had all the books of Enoch and refered to the writings of Enoch many times.**

**In Palestine at the time of Christ---we find the ancient Essen company which lived outside of Jerusalem in the rocks and caves and from these caves came the great Jerusalem manuscript and the Assyrian Manuscript and the Dead Sea Scrolls, and these ancient Essen's and the books of Enoch and of Job, and they had writings of Enoch and also of Job which were more extensive than the book of Job we have in our scriptures.**

**Now these two great Patriarchs of the MOst High called Enoch and Job, had the experience of talking to Yahweh, and of being instructed by Angels, of any of your race. For Angels came looking for Enoch and they had the same appearance as men of earth, because almost all intelligent beings of Yahweh's whole creation including his family---are made in a similar image of shape and form.**

**A beautiful and radiant ship stood out side the door of Enoch's dwelling and it shown with light as the metal of any part of HIs Creation. When these Angel**

messengers knocked on the door of Enoch, they said, "Come we must escort you into the dimensions around and then out thru the far places for your IFather has summoned you to come into his Presence."

Now Enoch never questioned this for he just said good-bye to his family and he stepped out of his door and into the fast speeding ship that ascended into the sky. And this great ship carried him out over the north star and out thru the Galaxies and into the distant Pleiades.

How do we know this?

Now Enoch and Job were two great pillars of wisdom and they also knew one another, and they had the mysteries and the knowledge for Enoch talked with God., and he was also instructed by Arch Angels. Enoch went thru the laboratories of the heavens and he saw the vastness of the family of Yahweh---in their coming and going, and he saw all the dominions within the Kingdom of Yahweh outside the earth. And Enoch returned to earth with all the wisdom and the knowledge which he had been taught--by Yahweh. And Enoch had also recieved instructions for what he was to do.

Enoch was told to go down into Egypt with the Pillar which Yahweh would raise up to go with him, and that Pillar was Job.

And in Egypt they were to build a great city, and they were to lay out this city by special divine and specific patterns. And they were also to build a great Altar and Pillar unto their Yehweh. And they were to establish a Temple unto the Eternal King.

`So After the return of Enoch from the Heavens we find that Job and Enoch went down into Egypt and they built the great city called---ON. They laid this city out according to the Zodiac. And given the earths orbit with its 12 divisions they divided their city into 12 parts, having 12,000 men living in the street of each section, and the Saebans and the Wiseman were for the months of the year allotted, to the areas of the city where they would be naturally found. And we found 144,000 men of your race, who were builders and mathematicians and all of them working from the wisdom which Yahweh had bestowed upon your society, and each worked according to his section of the city and thus they built the city of On and they inhabited it, and then they built the Great Temple, and these men knew what they were doing and why they were doing this.

The ancient Eyprians refer to these two ancient Pillars, and in their refering they mean Enoch and Job. Then in latter days when the Greeks went down into Egypt to study they head about these two mighty Pillars of the sons of of Yahweh, the sons of Light and Righteousness. And in Greek they called Enoch---Hermes.

**The fact is that the wisdom that Yahweh gave to Enoch and Job produced the great precise mathematical sciences that were taught by the IGreek at a later date--after Plato, and Calculus, and Arastotal and others came home to Greece after their education in Egypt and gave the Greeks this great knowledge and then gave it to our Western Christian Civilization and thus we had mathematical superiority.**

**So Enoch and Job knew what they were doing, and those men with them as well and they built the great Pyramid, and then they built the great Temple of the Sphinx with its 33 steps which were the symbol of the life of the Messiah. The Sphnix with its underground temple and with its 13 pillars and all the significant measures that relate to your race. They built the two great Pillars that set in the center of the city of On. One of these Pillars carried the Universal word of the testimony of the most High. One of them told a Jerusalem word for the declaration of the inner voice of the Most High.**

**Masonry of today has two pillars and two words, and they have two significances. And they got those words out of the city of On. For that is where masonry was born. Masonary---the master builders of Yahweh's race, which carried forward his wisdom. Today there has been many changes made in Masonary but that is where it began.**

**There in the City of On was the tower of Wisdom and in the center of the city was born--the Masters of the Light and the Temple of the Cross.**

**So it was that Enoch and Job fulfilled their obligations, and they built the pyrmid to measure the heavens and to measure the sky and to measure the course of the steps that were ordained, and in that day Enoch and Job knew exactly what they were doing.**

**Job said, he wanted to put in the stone of the rock and he wanted to inscribe it with a pen of iron so it would last forever--this testimony----"That his redeemer would live and that he would stand in latter days upon the earth and that the Kingdom would thus be sealed.**

**The Ancient Aramaic text which deals with the things that Job declared as well as the Alexanderian text tells us that Job knew that Yahweh would visit his earth, and that he would live, that he would be resurrected with Almighty power and that he would be the Everlasting King. And Enoch also knew this, and we find that it was taught to your race in the Wisdom schools. It was known to the wise men (Savants) of your race. In fact it was during those days that the wisdom was told that spread down thru your race and down to the days of the Wise Men, who came seeking Jesus, and they knew exactly what to look for. Enoch had been told that all the constellations had their appearance from the Earth---and had been placed in the heavens so they could be read from earth. And that the trillions of years that were involved in the constructions of this part of the Milky Way, had been planned by the**

**Most High for the events that were to happen during the living in the earth, of the Kingdom of the children of heaven, the sons and daughters of Yahweh.**

**So it was that the constellations were placed in their positions and have their picture.**

**It was told unto Enoch that these stars which seemed to change their positions as they moved, were the wanderers, and that they also had their significance. The whole star bible was given unto Enoch, and Noah also understood the Bible of the stars, and that is why the Gospel message of the stars is known today. That is why even tho we have the Hebrew or the Roman, or the Greek words for these constelations, yet very seldom is their meanings changed.**

**The most significant fact is that htese two wanderors that Enoch was told about--- that one signified righteous power, and one Satanic power. And that these two would ocme together and that the ocming together would be in the year of the beginnning of the carrying of the life seed of Yahweh----for the MESSIAH.-----And that every 3 months thereafter there could be an eclipting or conjunction of Saturn and Jupiter and the last conjunction that the symbols of trouble and turbulence would stand and that this would be carried out. And they would know that this was the year of THE MESSIAH. And they were told that a star would rise at the head of Virgo and transverse the head of Virgo and transverse across that constellation.**

**Now here tonight in these United States at the great planatarium here in Griffith Park and also in Germany and in Paris and in England---they are talking of the star of Bethlehem. They have been tlaking about this star all week. They have been talking about what signs in the heavens were related to that event. For you see we know when Christ was born, so you can forget Usshers chronology, and also by a rather strange pattern of measure, our present calendar is almost right. For Christ was born----not in 4 B. C.----but he was born in the year---the first year which would end in the first year of the calendar life of Christiandom.----How do we know that?----Well sidereal calculators have gone back to chart the time for the birth to the Virgin Mary and they had the ocnjunctions of Saturn and Jupiter---and not 3 times in that year but the 4th., time at the birth of the Christ child and at teh 4th., time they had Mars squaring this ocnjunction. This was exactly what happened. And it would also have to be a time when there was a star in the head of Virgo. And the last time a star was in the head of Virgo it came from its placing---from the head of Aquilla, as Enoch told in his writings that it would. And it crossed into the head of Virgo. Now this star had been traveling for some time for God had told Enoch it was already on its way. And he told Enoch that it would be in the head of Virgo at that time of the year for the birth of the Messiah----for God said: "I will visit My people and I will redeem them."**

**The wise men knew because they finally saw the star as it had almost reached the head of Virgo and transversed its outer elliptic.**

**Do you know how long that star had been coming in? From the sidereal calculators we are told that from the edge of its elliptic, when it started to move in--it was 263,000 years from the time it closed its circle and started to move into the head of Virgo. ---- I want this to impress you tonight, as it relates to the fact that the scientists know that it took trillions of years to place into operation, the constellatory positions of the Milky Way for you readers of Zodiacal signs. And there is no place else in the Universe where they would mean anything but in the earth. So what God had taught Enoch in the heavens was true. Not only that but it was not only the measure that could be understood, but the significances of it was given and the heavens became a star bible to those of earth at that time. And they were astronomers measuring the movements of stars and they were looking and waiting for a certain event.**

**It was known in the great Zohar that it was so. And out of the great wisdom schools, there passed a spiritual and a scientific Priesthood of wisdom that came down through your race, through all periods of your history. And this wisdom went into the Wilderness tabernacle and there came the construction of the Great Temple and then on through your history as the 10 tribes moved out into Assyrian captivity, then from there as they migrated out through the Caucasian pass and founded the white Civilization in the heart of Europe. But they did not forget their Wisdom, or their traditions and their Mystery schools.----From the Druids of Britain, and the Mystery schools of Norway---they had not forgotten the great symbols of the knowledge that the Great Yahweh was going to visit earth as a man and be their relative and Kinsman and redeem them from all their problems.----So they knew that MESSIAH would come.**

**Enoch had been accurate and the great scientist and builders of your race had built the great pyramid which was the mystery of the ages, because 800 pound blocks of stone were moved into place with a precision that can hardly be equaled today with the finest of equipment of our times. The tremendous weight of the stones involved makes it seem almost a miracle today. Some of those stones were moved 800 miles and then fitted into place. And then inside that great monument of stone was placed the accurate measure of the date of the Birth of the Christ, an exact measure of what the procession of measure would be. It was the one citing plane that they could determine, like a great stone astrolabe, whether or not the time was right.**

**And from the temple of On among the stars, there was a measure of the progression of the equinox, and the movement of stars could be measured with accuracy. And they had the exact point of degree. The only other place where this could be measured as exact was at Stonehenge in Ancient Britain.**

**Yes, three Wise men came out of the East and they said: "We have seen HIS Star, and we have come to worship HIM".**

**And there was His Star, and when you think of the trillions of years, that it took to set up this star picture, those 263,000 years when finally this star was on its return curve heading for the head of Virgo, then we can see that Yahweh had this planned for a long time. So when Yahweh plans things with this exactness, even to the point of measure where this can be put in the pen, and in the rocks 4,000 years before it happens, then my friends, you don't have to worry about whether Mr. Kruechev is going to eclipse the star of Bethlehem with his red star. Because that has been known also, from before the foundations of the world. It will not happen.**

**All the powers of darkness have fought your race, because they knew this was the Kingdom of Yahweh coming in. Lucifer knew this when he tried to stop it by mongrelizing. But Yahweh selected the descendents of Adam and Eve, thru Seth and cleansed the line and then carried you down in his own racial self respect and racial purity, in the establishment of his household, from that day to this.**

**Wise men of our race---where did they come from? ---- They came from Britian, Spain, India, Egypt and Persia. ---- Oh you say --- were the Persians in on this? ---- The Persians of that era were Aryans, ---the tall---Manu, were the Aryans of the Wisdom Schools of Ancient India. Then back in Kashmir in the high Himalaya mountains was an observatory for measuring the signs of the heavens, and looking for the signs of the Great King. This observatory was manned by the white men. High up in the mountains of Ancient Persia was another observatory, and the Aryan children, the scientists of your race kept that observatory. Then in Britian from the Druid Household----came wise men who kept their watch of the heavens and checked their measures with those gathered in Egypt. These men knew that they carried the knowledge of righteousness and truth of the Mystery schools and they looked for the day of the coming of the MESSIAH.**

**Yes----there was no doubt of the significance of this event. Then they saw the star almost at the head of Virgo. They noted that it was even close enough to be seen by the naked eye as it moved in its closing motion into the tip of the constellation of Virgo. They knew something else as well for they had watched from the beginning -- and now the conjunction of Saturn and Jupiter and they watched and they and they found that from the first conjunction of Jupiter and Saturn then in 3 months this happened again, then in 3 months it happened again, and now Mars was flooding, which was the sign of trouble and war. And then by this time the wise men were on the move. And all heaven knew about this also, for all the forces of space were bending low for the greatest year in all History. ---- Which would see the Embodiment of Yahweh among men, the establishment of his Kingdom --- for victory.**

**And in that hour under that expectation and hope --- there had moved closer to earth, the Arch Angels, and the hosts of heaven and the great space crafts came out**

**of the sky. And you can call them what you will but they were the vessels of Yahweh's Kingdom.**

**We know this is true, for Gabriel had visited the Virgin Mary and Gabriel and visited Joseph; and six months before the visit to Mary then we find that Gabriel had also visited the Priest Zacharias and his wife --- Elizabeth. So the Arch were visiting the earth and were telling men to get ready for the event.**

**Malachi's prophecy --- "Behold I shall send you Elijah the Prophet, to go before Me, said Yahweh." ----- Now this prophecy was being fulfilled. Three of the Wise men had gone to the temple in On, Egypt, and had made their final check and they said: "This is no doubt the confiruration that we need."**

**So with racing camels, and with caravans they left for the site in Judea, and a strange thing happened here in Egypt before they left --- We are told that a great light had come into the sky above the Temple of On, and it was observed here at the Temple. Then when the wise men left the Temple of On the great light came down close to them and went before them. Now we know that the translation of your Bible says a star went before them, but it was a great light out of the Heavens, a great craft went before these wise men becuae stars don't dome down and hover close to the earth, for stars are bigger than the earth, or any of its planets, even bigger than the sun in most instances. You couldn't bring a blazing star that close to earth, without scorching the earth. But a great light did come down and it went before the Wisemen and this is not unusual. This is the way the Kingdom of Yahweh has watched the operation of Divine Guidance in many instances.**

**For example when your ancestores whent out of the land of Egypt, the great light went before you by night, and as a cloud by day. And inside that light was a craft in which the very power of heaven rode. In one instance, it tells you that Yahweh, your God was in the cloud, and in the fire.**

**But in this instance of tonight the wisemen were also guided by this craft, as it was ever before them and they were guided to the land of Palestine. These wise men had one thing in common, for they knew that they were the servants of a race that could say --- Father --- to the Eternal one. They knew that they were the descendents of the Eternal Father. They knew also that because of their wisdom and knowledge that this race had become rulers among men. And they knew that they belonged to the great secret Mystery schools of the race of Yahweh's Kingdom.**

**So when these wise men came to Jerusalem they went to the palace of Herod the King.**

**I think it is most important tonite that we have the full pagentry of this Christmas story --- that we know of the fact that Herod was King of the Jews and that Herod was a Jew, and that his army were men who were Jews. Also it is important to know that the Jews had bought their power from Rome and they moved from the Isle of Pergamos and established the rule of the Herodians --- who were Jews of Jerusalem. That they were in colusion with the Sadducees and Jews in the Temple, who were not Israelites --- not one of them was of Israel. They were enemies of the Kingdom of Yahweh, and were actually seeking to gain power to rule the world. Also they knew that among the peoples of Palestine were the people of Judah and Benjamine who were the covenant children, and they also knew that the covenant children were scattered thru out Euruope. ---- So this their enemy wanted to dominate the earth, and at that time had actuall power over this province of Palestine --- and their ruler was known as Herod, king of the Jews.**

**The wise men came saying: "We have come t ofind --- HE who is born King in Judea, for we have seen his star.**

**You remember the words of Herod: He said "I don't know of any King that is born, but then he called the scribes and he said to them --- go search the scriptures and see if there is to be a King born in Jedea. ----- So the scribes searched the scriptures-----  
-----**

**Not what is this all about?**

**In the first place we can prove to you that Herod was not an Israelite. He was not of the tribe of Judah. We can prove to you that the scribes of the court were not of the tribe of Judah. ----- How? -----**

**Every man of the tribe of Judah as well as all Israel knew that the Messiah was going to be born in Bethlehem of Judea --- they just didn't know when, but every man of the tribe of Judah and Benjamine here in Palestine knew the Messiah was going to come and they were waiting for his coming.**

**But this Herodian tribe knew nothing of this and neither did the scribes until they searched the scriptures and then they said: "He is going to be born in Bethlehem of judah.**

**Now the thing I like is the accuracy of the Roman Records which were kept and which still exist today. And these records say that 3 men of great position and strength, came from outside the Roman dominion, but they came with the permission of Rome. They were great potentates of Wisdom, and Science and understanding, and Herod was to treat them with respect. ---- Rome recorded this, but they did not say that these men were Kings --- the records at Rome call them**

**Wise men. ----- We have heard the story of ---- We Three Kings of Orient are ----- but that is just the way that fiction and song has treated this story.**

**The Wise men on racing camels, and with their followers had come to Jerusalem, and they were bearing gifts. And Herod said to them ---- You go down and find the babe and come tell me so that I can go worship him.**

**The Wise men left the court of Herod, and they were very suspicious that this man Herod was not interested in the Christ as they were. There was something wrong about the way this man thought. They wondered why he would not know of so great an event in his immediate territory, and now he wanted them to go find the child and then come back and tell him where he lay.**

**The Wise men knew something was wrong here in this Kingdom with a King like Herod on the throne. But they went to the city of Bethlehem and they did not go to the manger, for Jesus was no longer in the manger. After the first night or two in the manger, Mary and Joseph took the babe and went to the home of Mary's cousin --- Elizabeth, here in Bethlehem. And they were in the home for the next 4 days. The scriptures say the wise men came to the house where Jesus was, and they brought gifts of Gold, Frankincense and Myrrh.**

**Now there was another Wise man and he had left from Kashmir. He had traveled speedily to check his measures at the Temple in On, Egypt, but he arrived, so this fourth wise man preceded to follow the paths of the others before him.**

**Now the first wise men had presented gifts to Jesus and the gold was to be used for his ministry, so it was given to Mary along with his other treasures. This gold was given to The Messiah when he started his ministry and it was turned over to Judas as he carried the money bag for the disciples. The gold that had with its definite measure been allotted for the expense of his ministry, the amount needed for the 3 years he carried out that ministry. The Frankincense was for his anointing and this took place in the house of Joseph of Arimathea, on the day that the disciples had pledged that they would follow him, in the home of Joseph of Arimathea.**

**Joseph of Arimathea was the brother of Mary and he had a great home on the north east edge of the city of Jerusalem, and here were many gatherings of Jesus and his disciples. This was a place of refuge. Joseph of Arimathea was a wealthy man and respected because of that wealth. He was an owner of ships, and he owned the tin mines of England, and had interests in many other businesses.**

**The third gift of Myrrh was kept at the home of Joseph, and it was used by the woman who prepared the body of The Messiah. Having laid him in Joseph's tomb they brought the Myrrh and used it for the anointing of the dead body.**

**The Fourth wise man brought the robe. ---- Now the robe had been started in Rome and Spain. It has been carried to Egypt for the brocade work with the gold and silver thread. Then it was taken to Persia and had been lined with beautiful scarlet to match the purple of the Robe. And now this was the robe carried by the 4th., wise man and he also carried the Jeweled crown to go with the robe.**

**As the 4th., Wise man came ---- in the Palace court yard of Herod the King were 2,000 armed and mounted soldiers getting their instructions, and they were not sent to worship. Now the first Wise Men had not returned to the Palace of Herod the King, and this 4th., wise man was also wise and he hurried ahead of his caravan and raced for Bethlehem and went straight to the Temple in Bethlehem, and he asked for this King of the Universe. ---- And here Zacharia the Priest met this wise man. Zacharia was the Priest who had also been visited by an Angel named Gabriel and Gabriel was the one who informed Zachariah that he and Elizabeth were to have a son who would be a messenger before the Eternal Yahweh when he visited earth.**

**So here in the dwelling place of the Priest of Bethlehem was this baby who would be that messenger ---- John the Baptist --- mystery man of time of whom Jesus said --- that no greater man was born of Woman, for this was Elijah sent --- back --- to earth by this miraculas approach to prepare the way of the Lord. This John the Baptist, was the prophet of the Most High. Jesus said: If you can understand --- this is Elijah, the messenger of the King.**

**As the 4th., Wise man stood inside the Temple talking to Zachariah --- a great cry arose in the city of Bethlehem and this was ---- "Rachel crying for hrer children."**

**Read this in the book of Matthew. This is a part of the Christmas story tha tmany ministers will not read. ---- The enemies of The Christ ---- organized Jewery ---- under Herod their King came down to Bethlehem and murdered every child up to 3 years of age in order to be sure of killing Jesus.**

**These people who talk --- BROTHERHOOD --- will murder babies in order to stop the progress of Yahweh's Kingdom.**

**Now why was that story put in your Bible??? ----- This was put there to warn you never to let them take ocntrol of your faith or your nation.**

**You should see that they are removed from every nation where Christian Civilization exists. ---- That is your destiny.**

**But in that hour --- Herods horsemen had ridden into Bethlehem and were killing the Children.**

Now, what we mean when we use the word coincidence --- and remember that we use that word loosely now --- and people think that it is just something that happens, but when two things come together --- that is a coincidence. ---- The 4th., wise man being late --- was a measure of purpose. The Wise man being at the Temple was a measure of Purpose. He was sent there to preserve the body of John the Baptist so that John could carry on his ministry. The soldiers were pushing in every door in Bethlehem and even at the Temple, so the Wise man put on the great robe that had been prepared for the Great king and then he went to the cradle and took up John the Baptist in his arms under the great robe. Thus in that hour when the forces of evil were killing the babes of Bethlehem --- then John the Baptist was spared.

But what of Jesus? ---- On the 5th., night and after the Wise men had been there to deliver their gifts and to worship, then Joseph was approached by an Angel of the Lord, for the Hosts of Heaven were standing by.

Now, the crafts of Heaven were in the sky, and we have spoken of this before, and Angels and Arch Angels, and Heavenly Hosts, whole Armies were standing by ---- An Angel appeared to Joseph and told him to take Mary and the babe and leave this city for a great evil was to come in the program to kill the Christ Child. And Joseph was told what to do, and to take them and go into Egypt. So Joseph followed orders, and he took Mary and the Babe and went secretly to the home of Joseph of Arimathea and they stayed there until the 8th., day. Then on the 8th., day Jesus was presented at the Temple accordingly as the ordinance demanded. Then on the 21st., day Mary went to the Temple as according to the ordinance as told in the book of Luke. Then with the help of Joseph, and Mary and the Babe went into Egypt, to the Temple of On, and there the family with this precious babe found refuge, with the Priests of your race, and that refuge was in this great City of On, with its Great Temple, which had been built many many years before, by the power of the two pillars of your race ---- Enoch and Job. And the family remained there until the death of Herod, some years later.

Then after the death of Herod, Mary, Joseph and The Christ Child returned to Nazareth in Galilee --- and thus fulfills part of the records of the scriptures.

But this Mystery of Visitation had been done. The Shepherds on the hills watching their flocks had been waiting, talking and meditating ever since the word had come that there was a Virgin inside of Palestine that was with child, and this could be their Messiah. They were talking of this and the word had spread and there was a great expectancy in the people of Judea who understood. And then suddenly here with the Shepherds on the hillside was a great sound and an Angel of the Lord stood among them. Heavenly fleets were above them, Heavenly music sang of Peace --- and said: Now, hear this, Ye men of earth ---- for there has been born unto your this day in the city of David, a Savior who is Christ ---- the Lord. And the Shepherds heard these heavenly voices and they hear them sing of Peace and good will toward men."

**So again, The three wise men came on the 5th., nite and visited the Christ Child. Then Mary and Joseph and the Babe left that nite for the home of Joseph of Arimathea of Jerusalemm. And then on the 21st., day the family of Joseph, Mary and the Christ Child went down into Egypt, and thus on their return came the fulfillment of that Scripture ---- "Out of Egypt have I called MY SON."**

**If there is anyone thing I want you to remember tonite, it is that Wise Men --- with precision and accuracy --- measured --- they say --- and they came. They knew that they were a part of a great destiny. They knew that this was a great event. And they knew that the Hosts of Heaven were bending low.**

**They knew that a light had gone before them even to Bethlehem and it stood over the house of Elizabeth where the child lay. This is how these Wise men of your race, were guided by the very Angels.**

**Yes, My friends, the agnostics have tried to tell us that it didn't happen. The records of Rome tell us that it did. And the Biblical records say it also. Then the Spirit of Yahweh, bears witness in your heart and mine that it happened that way.--  
--**

**You go to the Scriptures and it happened this way, --- There is no room left for contradiction concerning the birth of Yahshua. ---- The coming to earth of the embodied Yahweh -- Yahshua. For Yahweh was in the christ --- we are told in the Scriptures, and then Jesus made this declaration, "Ye who have seen me hath seen the Father, and before Abraham was ---- I Am."**

**What a Majestic spectacle that was ---A babe born with in the Light of YAHWEH which shown around him, and heavenly hosts with Archangels proclaiming His coming, and serving in His ministry and guiding Wise men of your race.**

**Now; I am going to tell you something that Herod did not know that nite. Even though he thought he could reach the Christ child. And even tho he thought he could destroy him--yet he could not have accomplished that ,for the Great Archangel who came to Joseph and told him to leaven the city, had a whole legion of Angels around that spot.**

**Remember how in the Garden, later in his ministry when Peter sought to defend the Messiah, and Jesus said to Peter , as these servants of the High Priests came to take him**

**away---Jesus said;---Peter put up your sword, there are a whole legion of the hosts of Heaven standing by, that I could summon. There has never been a time when a whole court of heaven were nto in invisible service around the Most High. Even in**

the days of Elijah, and Elisha, the armies of YAHWEH were on the mountain peaks, surrounding them, in all phases of their ministries. You also are not alone, if your eyes could be opened to the presence of the Most High--if you could also see what is invisible within this auditorium, you would see that there is a guardian Angel for every individual here in this room. You would discover that a great company of witnesses surround you, and you would discover that all the powers of darkness will be helpless in the hour of their conspiracy and they plan, because of the powers of the Spiritual force that stands by your side, but you were put in the earth to occupy in the physical plane and you must discharge that responsibility.

In the days when the christ consummated his ministry and after his resurrection had been accomplished and after he had eaten with his disciples and talked with them concerning the purposes which he had. He told them that it was necessary that he leave them, and he went outside the city with his disciples and to a hill, and while talking to them a great radiant cloud approached the hill, and suddenly Jesus stepped into the cloud. The disciples stood staring into that radiant cloud of bright light. They could not see the great craft inside the cloud for they could not see inside the cloud, but suddenly two men stepped out of that radiant mist, and these two men said;---Why do you keep staring into the cloud? This same Christ shall come just like you saw him go. You go back to Jerusalem as he told you to and there wait for the coming of your power. And then the two men stepped back into that radiant mist, and the cloud went away.

There are lots of things you might see in the sky today if all the clouds went away. There are lots of things that have been hidden in the clouds of Glory, thru the records of history and thru the scriptures we see this.

I want you to know that when John was carried into the heavens so that he could be given this revelation of scripture, so that he might write this and give it to the church, that he was on the Isle of Patmos for the testimony of Jesus the Christ. He was put there by the power of Jewry because after the ascension of Christ they hated all the Christian church. And when John was placed into the experience of receiving the revelations, after he had been told to come hither, and passed into the plane of spirit, John was shown the 12th., chapter of revelation as to it was a great panorama of events. It was not as a book as you now read it. But he wrote these things on paper and they became the pages of a book. To him however they were a living experience which the vision of YAHWEH'S spirit had erected into his mind, and had transferred to his.

John tells of the mystery of the woman clothed with the sun and the moon under her feet and a crown on her head, with 12 stars in it. This was the sign of Virgo in the heavens, and she being with child traveling in birth, and pained to be delivered. -- Then another wonder in the heavens, of a great red Dragon with 7 heads and 10

horns, and 7 crowns upon his head and his tail drew the 3 rd., part of heaven and did cast them to earth, and the Dragon stood before the woman which was ready to be delivered for to devour her child as soon as it was born. Symbolically this was the symbol of your race, and the virgin Mary . The child was the symbol of the embodiment of YAHWEH, which was Christ, and the symbol of the offspring of the woman--Israel --your race in dual symbolism.

And the Dragon stood before the woman to destroy that child as soon as he was born, was symbolized by Herod the kIng of the Jews and his Jewihs army. And as for your race it is still symbolized int his 12th., chapter of Revelations as the race which the hoards out of the Dragons mouth are to make war with.

The power of evil symbolized by this Dragon is measured in the scriptures as Lucifer or Satan and the offspring of Lucifer are the great hoards of his race. It tells you here in the 12 chapter of revelaitons that Lucifer and his offsrping are going to make war with the seed of the woman, your race, and everyone that has the testimoy of Jesus the Christ. All you have to do is read the last verse of this chapter and you discover the powers of darkness are behind the conspiracy to destroy God's kingdom. And the same enemies who tried to destroy the Christ at his birth are still trying to destroy Christian Civilization in 1961. John thus was given this picture of the birth of Christ, and the end of this struggle, which was going on and is still going on to destroy the kingdom of YAHWEH.

Tonight Mr. Khreuchev is talking and he symbolizes a great evil, as a bold communist Dictator speaking dark sentences against God, as Daniel the prophet said he would. He heads the forces of Anti-Christ. He lifts his star into the sky and he says that:--'I will set my star about the star of God.'

Now; many thought that the ancient emblem of the Ottoman Empire was that star, but it was nto. That was the striped star of ancient Sannacherib of the Assyrians who came out of the Steppes of Asia and who today make up modern Assyria of Prophecy. And the hoards of Russia have just adopted tht ancient star o Sannacherib and then made it into a complete red star and have enfolded it with their hammer and sicle as a symbol of their red power. This fulfills what Obadiah said, about how they would set their star above God. Out of the blasphemy of Communism comes these words--that they will stretch the program of socialism and wipe all religion and faith off the face of the earth and destroy Christian civilization utterly.

Now: many people are trembling over what is predicted will come over the earth. But remember this--we are told that at the end of this age, as Armageddon moves, that the Great king who was born in Judea as a babe, will return with magesty, Glory and power, and with all of the craffts, and the powers of heaven, and all his

heavenly hosts, and all your kinsmen out of the planes of spirit. That he would return to the physical world and the world would know, and eyes would see him all over the earth, and that every knee would bow. and so lift up your heads when you see the signs fo Armageddon, when you hear the rattle of their arms and sabers -- when you hear the Anti-Christ --when you see the treachery of the sons of Satan. For know that this time--shall be consummated with victory.

Whether you realize it or not the signds of the son of man are already beginning to show in the heavens. Ever since the end of W.W. II and even at the climax of it, the crafts of the heavens have been flying around the earth. Just as it was in the period -before the birth of the Christ child and during the events of that year. The great vehicles and the greaat ordinances of Michael the Great Archangel in charge of the armies of space, and of the most High God, have been flying close to earth. The U>F>O's have been visilized and observed and talked about. I talked to a man in Washington who told mde that our government has been spending millions of dollars ont his study because these U. F.O's are real. They already know that they are not Russian craft, for great things have been observed on our telescopes, that look out into space and they have watched these crafts come into our solar system, and they have swept across the face of the moon. I can tell you this tonite--that suddenly the earth has become the theater of the universe, and the great focusing of the events of time are coming to a new head, and you are involved in these events for you are the race of the sons and daughters of the Most High, you are a Royal Household, you are the children of the Most High and he likes to bless you--He is proud to say---you are my sons and daughters.

That is why you are the race today that sings praises --from "Silent Night" to "Hark the Herald Angels sing" because you are the children of the Most High. The pagan world may not like it, but they can't turn the impact of its message off, as it sweeps over radio waves,

as it moves out to the ends of the earth, as it becomes a great part of your year.

Significantly there is another Mystery besides the fleet's moving across the sky, as the heavens draw close. There has been hurdling toward your Solar System a great black object, and we call it 'a great black object' because it doesn't have any radiation and it doesn't shine like a star. It isn't reflecting like a planet either for it hasn't moved into the area where your sun would shine on it. But the object is moving toward your Solar System. Two years ago scientists said something about it and reporters tried to write the story. How did they know it was there? Because the observatories were looking into the heavens and this black object almost the size of a planet hurdled past it and blotted out stars as it obscured them. So they knew it was coming in. Out of certain astronomical journals and other quarterlies and monthlies we receive, they have been reporting on this. There was much speculation and some

were worried about what kind of catastrophe would sweep the world if this object moved into our Solar System and collided with some of our planets. One German scientist said as this moved into our Solar System that there would be a great explosion, like a great Nova, and a bursting of light and glory, brighter than has ever been visualized in the heavens is going to take place.

Now; I would be surprised if this black object suddenly lit up like a bright Nova. Like the division of the bursting glory of dividing stars, and brighter even than our sun. Because it is coming very very close to expectancy. For we are seeing all the evidence of the sign of the son of man in the sky....and this sign is being witnessed by the ships of space and the astronomical phenomena.

Do you know where that star of Bethlehem is tonight? It is in the head of Leo. as far as our position in the earth is concerned, if we looked out to the spot of this star...as the Berlin Calculator's have followed this star, we would be looking straight into the head of Leo. Now the promise was:.....that a Virgin would bear a son and he would be King of King's and Lord of Lord's. Lion of the Tribe of Judah.

I want you to know that you are much closer to realism than you understand. Now there will be war and there will be bombs and there will be interceptions. There will be miracles for your preservation and there will be judgments and destruction upon your enemy. Yahweh has charged you with this basic responsibility in the earth:...to believe and trust Him, but to stand with courage and vision against His enemy...as you believe and trust in the outcome of all this. He has asked you to cleanse the nations of His Kingdom. He has asked you to turn against the enemies of His Kingdom. He has not asked you or your President to appease or apologize, or to negotiate. He has asked you to give the oracle of Yahweh and command the enemy, not, My friends, try to make a business deal with them.

But I am going to tell you that the bursting light of this star of Destiny, the Kingship of Christ and the Empire that He builds with the Children of His Kingdom is going to be so far ahead of the Red Star that the Red Star is going to set forever in the earth, and the hammer and sickle is going to be taken down.....for the last time.

Some people worry and say:....Dr. Swift, we are about taken over...don't you worry? All I can answer to that is....you don't know our Father. When He can send a star to an appointment and spend trillions of years setting the stage and 1/4 of a million years bringing that one star in for a single night of History.....when He can proclaim the measures, and Men of your race can record it in books thousands of years before it happens....then Wisemen can chart it and come to that spot and say....'We have seen a star'....'we have arrived'....we have come to worship Him....then to me this is a Kingdom of Precision. These are prophecies of Exactness. I am as sure of the victory over Communism and the establishment of white supremacy as the Kingdom of Yahweh over the whole earth, and the reign of Christ with His people all over the whole earth. I am just as sure of that as any other fact I know in any other field of knowledge or science. I am sure of that because I have a time table of Yahweh, and

because there is a Christmas. And all Christians recognize this and they think and catalize with us in this Faith.

Now they don't catalize with us in a light that shall go out...but in a light that shall never go out. The Light of a Kingdom that shall be the light of the world for Jesus said:... *"Ye are the light of the world."* Jesus was the Father of that Light and James tells us that He was our Father. And He is the Light...then John said:...of every man who came into the world ...He was the Light.

He came on time and He came with all the Biblical evidence of who He was. I tell you that the Light of Christ was an indictment of His enemies. If there is anything that you as Christians must remember tonight it is that the enemies of the Christian Faith must remain your enemies and the enemies of the United States and this great national heritage of ours.

It behooves every one of us, pledging ourselves this Christmas and then throughout the year that we shall resist every enemy of Christianity and make this a Christian nation through and through.

The Supreme Court has ruled time and time again that this is a Christian Nation and it's your job to make sure that this is never changed. We tell you that there is danger within the Kingdom, not to the Destiny of God's Kingdom, but temporarily to the people who live within it. If they do not observe the Law's of God and do not draw the lines of God's Kingdom and separate within our Kingdom of everything that will not recognize the testimony of Jesus the Christ.

So as we close tonight and concerning the great event, this measure of Destiny, then remember that the Star came in on time. It moved to the right place out of Leo. There is a star moving in of great significance, a dark object in the heavens that will burst into glory. You are in the historic hours of the Proclamation which the scripture declares, *"Hear ye all the peoples of this earth, Behold there has arrived the King of Kings and Lord of Lords."* Then remember that you can look Him in the face without fear because you can say..."Father, we trust in your Righteousness, we are free and without transgression, for you have redeemed thy children." and also remember that He will be delighted to say...."you are my kinsmen, my children, my sons and my daughters, and the world will know that you are my sons and daughters."

So don't let anyone disturb you by trying to pose as self-righteous while trying to condemn the things which are on the right, and try to tell you to take the middle of the road. There is no middle of the road in Yahweh's Kingdom, there is only victory and that means the cleansing of Yahweh's Kingdom. The ministry that started with that babe was to electrify the world.

**The other day a discussion was held in an Anti-Communist school. And don't be too sure of that word.. "Anti" either, for strangers are in many places. But they said:...the best way to tell if something is good or not is to look and see if the Jew's oppose it, and if they do and the things are also against the Jew's then it is wrong. Well my friends, I can tell you how wrong that is because the Jew's opposed Jesus, they tried to murder Him, and they opposed Him all thru His ministry. So this formula, that if a Jew's oppose it then its not good, and if it is opposed to the Jew's than its pro-Communist...that is a Jewish lie. That is the same king of propaganda they tried to brainwash the earth with in times before this. Never forget, the son of righteousness that they sought to murder from the time of His birth to His crucifixion.**

**It is only when you know this truth and dedicate yourself to building God's Kingdom on a Christian foundation that you think, and see, and behold, and work from the lawless center of your society to the Whitehouse, for this program of a people being free from Jewry, free from Anti-Christ, free from Communism, free from paganism, and free from idolatry. That you should see that every man elected to every office who serves in a civic capacity shall and must be of the dream and of the purpose of building a great new age ahead. A believer in Jesus the Christ, a member of our race and a son or a daughter.**

**This is the Christmas message tonight. The Kingdom of Yahweh in its fullness with Peace on Earth because the Kingdom is in power. Peace on earth because Yahweh is dwelling among men. In that day they shall acknowledge Him. Tomorrow thru the festivities then remember....that we are celebrating the birth of Yahweh...among us...to redeem us back unto HIMSELF.**
